**Gumtree Gargoyles, Season 1, Episode 4–6** Rebecca Rosengrave,2021-11-18 Nothing comes from nowhere. They don't say 'once upon a time...' for nothing! Steeped in the fantasy of fairy tales, mythologies and folklore alike, is the true reality of all that is. Contrary to what we have been told, life is not summarised in totality by the explainable calculations of the scientific age. Mystical creatures and magical beasts: they all exist! Forced into exile by human religious elites, mystics have been living in the shadows of our reality for centuries. For those who can morph, they live amongst us incognito. For the mystics who cannot morph, they live in bitter exile. Terrorist factions amongst the social castaways have formed and now they seek to emerge from the shadows and reclaim the life they once knew. It is up to one mystic to quell these uprisings. Perched atop her steeple, she knows this city is far from holy, but she's damn well determined to maintain the sanctity of the status quo.

*The Enterprise University* Simon Marginson,Mark Considine,2000-10 Throughout the industrialised world, universities have undergone remarkable changes since the mid-1980s. In Australia, interest has been intense, and publication of The Enterprise University was very timely. First published in 2001, it was the first systematic study of the Australian system since the momentous Dawkins reforms ten years earlier. The book is grounded in case studies of most of the major Australian universities: the authors interviewed a large number of senior managers. They also have taken account of global trends and have prepared the book in the light of international research on the university as an institution. The authors contend that the modern university can be understood as an 'enterprise university', characterised by corporate-style executive leadership. In a hard-hitting conclusion they propose novel policies and directions for Australia's higher education system.
