Building the American Dream Gary Knapp, 2007 Building the American Dream depicts the journey of author, Gary Knapp, from his very beginnings on a rural dairy farm in southern Michigan through his teens, his tour of duty in the army, his broadcast training and then follows him as he begins his career in radio broadcasting and branches into television. Through his remarkable passion, ingenuity and enormous energy, he overcomes whatever hurdles he encounters and turns them into advantages which eventually enable him to build a network of television stations to serve the northern Michigan area. His journey is fueled by his inability to accept defeat, his persistence in finding a way to accomplish his goals by creating innovative financing when the traditional routes failed him, his trust in, and loyalty to reliable advisors and a family who supported him through thick and thin. The reader gets a first hand look at what goes on behind the scenes in radio and television production, sales and management. They accompany him as he moves from one phase of his interesting career to the next. Author Knapp, takes us back to the days of our childhood and the simple good life about which we all like to reminisce. We can smell his mom's apple pie baking as the family gathers around the radio set listening to Fibber McGee and Molly. He stimulates our memories of past parades, local celebrations, community events which he covered as a newsman and broadcaster and recreates the home town atmosphere of typical small towns through out our country. This book, with its motivational and informative hints, could be considered a handbook on how to attain one's goals and dreams, or by some, a guideline showing the steps necessary to succeed in business ventures and by others, just a 'good read.' Gary Knapp has brought to life, a story, rich in human interest, history of radio and television, entrepreneurship and events in the town of Cadillac, Michigan, where Gary took broadcasting to a higher level while building his American dream.

The Nightstand Notes Gary Beggs, 2012-10 Airman Gary Beggs wanted to escape the hot desert of Libya where he was stationed in 1964, so he took a thirty-day leave to go to England. While he wanted a break from the noise, sweat, and sand, what he looked forward to most was flirting with English-speaking women for a change--preferably good-looking ones. By some type of godly intervention, he ended up in Denmark where he met a young Danish woman named Karin in a café. Even though she was with another man, he knew he had to get to know her better. When Karin suddenly disappeared, a frustrated Beggs decided to leave Denmark for good. After he went to the ship that would take him away, he saw a sign that read, Ferry to Malmo, but it should have read, You are leaving the land of fables and fairy tales by Hans Christian Anderson and are now entering the

twilight zone. Beggs looks back at a series of decisions that led to romance, intrigue, mystery, suspense, love, and every other emotion he could have imagined in *The Nightstand Notes*--a true story filled with miracles, highs, and lows.

Three Weeks Less a Day Gary D. McGugan, 2016-09-19 John George Mortimer is at the top of his game. The company he built from the ground up is now one of the largest in the world, and exciting developments promise to broaden its reach into even bigger markets. He prides himself on making good decisions and surrounding himself with strong, capable people, but after learning he has developed breast cancer, he realizes he must quickly find a worthy successor. He challenges his top executives to develop radical game-changer business strategies that should make it easy for his board of directors to choose one of them. Despite careful preparation, his plan begins to unravel almost immediately. Organized crime, sexual misadventures, and personal tragedy combine to complicate his efforts to select a new CEO. Even as he lies in recovery from cancer treatments, he is forced to battle against shadowy interests who seek to take away the fruit of his life's work. *Three Weeks Less a Day* is a fast-paced international business thriller that takes us inside the lives of high-powered executives and the lengths they will go to achieve results. It is a story of how quickly things can change at the highest levels of corporate leadership, and how easily lives can crumble in pursuit of power and control.

Gary Cooper, an Intimate Biography Hector Arce,1979-01-01 The biography of Gary Cooper.

Gary Cooper Jeffrey Meyers,2001 This is the definitive biography of an icon, the laconic star who came to symbolize American ideals of self-reliance, independence, and integrity, in such films as *High Noon* - but whose turbulent private life was often at odds with his squeaky clean screen persona. Jeffrey Meyers creates a superb portrait based on the full cooperation of the actor's daughter as well as colleagues and close friends with whom Meyers conducted extensive interviews. He examines every aspect of Cooper's life, beginning with his youth in England and Montana before making the leap to Hollywood to create some of the quintessential western characters in movie history. Though in private he was a quiet loner, the off-screen Cooper was anything but simple. He was a sophisticated, glamorous man of the world, with appetites and convictions to match his charisma. detail, it also chronicles his tempestuous relationships with Marlene Dietrich, Ingrid Bergman, Grace Kelly and Patricia Neal (to name but a few); explores his long friendship with Ernest Hemingway; and takes a clear-eyed look at his controversial involvement with the House Un-American Activities Committee and the Hollywood blacklist. Gary Cooper is a fully rounded portrait of a great star, whose contradictions only enhance the artistry with which he created some of the most unforgettable and enduring characters of Hollywood's Golden Age.

The Last Bookseller Gary Goodman, 2023-10-31 A wry, unvarnished chronicle of a career in the rare book trade--now in paperback When Gary Goodman wandered into a run-down, used-book shop that was going out of business in East St. Paul in 1982, he had no idea the visit would change his life. He walked in as a psychiatric counselor and walked out as the store's new owner. In *The Last Bookseller* Goodman describes his sometimes desperate, sometimes hilarious career as a used and rare book dealer in Minnesota--the early struggles, the travels to estate sales and book fairs, the remarkable finds, and the bibliophiles, forgers, book thieves, and book hoarders he met along the way. Here we meet the infamous St. Paul Book Bandit, Stephen Blumberg, who stole 24,000 rare books worth more than fifty million dollars; John Jenkins, the Texas rare book dealer who (probably) was murdered while standing in the middle of the Colorado River; and the eccentric Melvin McCosh, who filled his dilapidated Lake Minnetonka mansion with half a million books. In 1990, with a couple of partners, Goodman opened St. Croix Antiquarian Books in Stillwater, one of the Twin Cities region's most venerable bookshops until it closed in 2017. This store became so successful and inspired so many other booksellers to move to town that Richard Booth, founder of the book town movement in Hay-on-Wye in Wales, declared Stillwater the First Book Town in North America. The internet changed the book business forever, and Goodman details how, after 2000, the internet made stores like his obsolete. In the 1990s, the Twin Cities had nearly fifty secondhand bookshops; today, there are fewer than ten. As both a memoir and a history of booksellers and book scouts, criminals and collectors, *The Last Bookseller* offers an ultimately poignant account of the used and rare book business during its final Golden Age.
