*Clark Gable* Warren G. Harris, 2010-09-01 Clark Gable arrived in Hollywood after a rough-and-tumble youth, and his breezy, big-boned, everyman persona quickly made him the town's king. He was a gambler among gamblers, a heavy drinker in the days when everyone drank seemingly all the time, and a lover to legions of the most attractive women in the most glamorous business in the world, including the great love of his life, Carole Lombard. In this well-researched and revealing biography, Warren G. Harris gives an exceptionally acute portrait of one of the most memorable actors in the history of motion pictures—whose intimates included such legends as Marilyn Monroe, Joan Crawford, Loretta Young, David O. Selznick, Jean Harlow, Judy Garland, Lana Turner, Spencer Tracy, and Grace Kelly—as well as a vivid sense of the glamour and excess of mid-century Hollywood.

**American Legends** Charles River Charles River Editors, 2018-03-02 \*Includes pictures of important people, places, and events. \*Includes Gable's quotes about his own life and working with other Hollywood stars. \*Includes a bibliography for further reading. The only reason they come to see me is that I know that life is great - and they know I know it. - Clark Gable The 1930s were, without a doubt, the height of the classical Hollywood era. It is no accident that 1939 has historically been designated as the pinnacle of Hollywood film history. The era was known for its lavish studio productions, with MGM, RKO, Warner Brothers, Paramount, and 20th Century Fox all operating at the height of their powers. Every major studio possessed a long roster of contract players, with films released at such a rapid pace that it made for an especially competitive environment within the industry. Even while America remained in the throes of the Great Depression, the film industry continued to flourish, and movies easily supplanted the theater as the main attraction for American entertainment. Indeed, it would be no exaggeration to claim that the film industry reached its zenith during the decade precisely because it offered an affordable (if very temporary) escape from the anxieties of the economic woes of the era. The 1930s were also a time in which Hollywood boasted an unprecedented array of famous leading men. Gary Cooper, Cary Grant, James Stewart, and Fred Astaire were just a handful of the A-list stars of the decade, and it is in this context that the achievements of Clark Gable are particularly remarkable. Best known for his role in *Gone with the Wind* (1939), Gable reached the ranks of the Hollywood elite well before the end of the decade through acting in films such as *It Happened One Night* (1934) and *Mutiny on the Bounty* (1935). Gable had a unique appeal that captivated Depression-era audiences; while Cary Grant offered a sophisticated charm and Fred Astaire was tied to the musical genre, Gable brought an air of sophistication that was less comical than that of Grant and appealed to both genders, unlike Astaire. At a time when so many Americans were financially destitute, Gable managed to appear classy without coming across as snobbish. At the same time, his virile masculinity was not overly macho or misogynist. For these reasons, Gable was able to captivate male and female viewers alike, and his mass appeal was a driving force behind the commercial success of *Gone With the Wind*, possibly the most beloved Hollywood film ever made. As iconic director John Huston once stated, Clark Gable was the only real he-man I've ever known, of all the actors I've met. Even if Gable is perhaps less widely-known than Grant or Astaire among 21st century audiences, examining the effect he had on viewers during the 1930s and 1940s allows a better understanding of Hollywood during its Golden Age. In conjunction with that, his career served as a sort of response to his upbringing and cultural background. In fact, there was a significant gap between his glamorous roles on the movie screen and the real-life adversity he faced from an early age. Gable faced great challenges throughout his entire career, from the death of his biological mother to the death of wife Carol Lombard in 1942. As with any famous actor, he was the recipient of great fortune, yet it is important to recognize that his many opportunities did not preclude

him from experiencing great pain and tragedy. *American Legends: The Life of Clark Gable* examines the life and career of one of Hollywood's most iconic leading men. Along with pictures of important people, places, and events, you will learn about Clark Gable like never before, in no time at all.

Clark Gable Chrystopher J. Spicer,2002-01-29 Clark Gable is a man de-classed. You can't guess in any way where he came from or what he was. Frank Taylor, producer of Gable's last film, *The Misfits* (1961), said this of the man who, to many people, will forever be Southern gentleman Rhett Butler of *Gone with the Wind*. This work tells Gable's life story, from his birth in 1901 in Cadiz, Ohio, to his death in 1960 in Hollywood. It chronicles his stage career, and of course gives information on every one of his films. His family background, his development as a person, the many romances including five marriages, and his relationships with friends and co-workers are all explored in detail. The sources used and the bibliography are fully annotated.

Clark Gable in the 1930s James L. Neibaur,2021-03-25 The 1930s represented the strongest and most significant decade in Clark Gable's career. Later known as *The King of Hollywood*, Gable started out as a journeyman actor who quickly rose to the level of star, and then icon. With his ruggedly attractive looks and effortless charisma, Gable was the sort of manly romantic lead that bolstered features alongside the likes of Jean Harlow, Joan Crawford, and Spencer Tracy. The decade culminated with Gable's most noted movie, *Gone With the Wind*. This book traces Gable's early career, film-by-film, offering background information and a critical assessment of each of his movies released during the 1930s.

The King Charles Samuels,2019-11-22 *The King* was first published in 1961, shortly after the death of Hollywood legend Clark Gable in 1960. The book traces Gable's life from its humble, hard-scrabble beginnings in Ohio, to his hard-work and determined efforts to achieve success on Broadway, to his meteoric rise to stardom in Hollywood, his time spent in the Army Air Force in Europe, and his many loves, including Carole Lombard who was tragically killed in an airplane crash in 1942. *The King* paints an intimate, contemporary portrait of Clark Gable the man, both on and off camera, and ends with Gable's

work on his last film, *The Misfits*, and his subsequent decline in health and his death on November 16, 1960, at age 59.

Inside the faded pages of the Cliff House guest book live the spellbinding stories of its female inhabitants: from Ruby, a bright-eyed newlywed on the eve of World War II to her granddaughter Bess, who returns to the beautiful summer estate. Bess must now put aside her complicated memories in order to pack up the house and deal with her mother, a notorious town rabble-rouser, who refuses to leave. It's not just memories of her family home Bess must face though, but also an old love that might hold new possibilities. In the midst of packing Bess rediscovers the forgotten family guest book.
