**Nilo & Demetrius** Bruce Stores,2019-03-01 Amid the glory of Greece's classical age, little Nilo's challenges seem vast. While struggling with academics, athletics, and love, he receives unconditional support from his devoted parents. But unfortunately, even that is not enough to keep him at home. After leaving everything he knows at the tender age of twelve, he begins living on the streets at the mercy of others. Nilo's vastly different brother, Demetrius, excels in school, but lacks athletic prowess. After entering the military at age eighteen, he lags far behind his peers in stamina and physical strength. It is a competitive world where life is difficult for Demetrius, until a new boyfriend intervenes and saves the day. The brothers somehow manage to persevere as their lives intertwine with challenges and opportunities as well as human and absolute love during a time when sexuality has few boundaries. As both experience the best and worst that society offers, now only time will tell if they will become like other Greeks and achieve unsurpassed accomplishments. Nilo & Demetrius shares the tale of two disparate brothers as they face challenges, failures, and the emotional ups and downs of life in classical Greece.

Black Cowboys in the American West Bruce A. Glasrud,Michael N. Searles,2016-09-28 Who were the black cowboys? They were drovers, foremen, fiddlers, cowpunchers, cattle rustlers, cooks, and singers. They worked as wranglers,

riders, ropers, bulldoggers, and bronc busters. They came from varied backgrounds—some grew up in slavery, while free blacks often got their start in Texas and Mexico. Most who joined the long trail drives were men, but black women also rode and worked on western ranches and farms. The first overview of the subject in more than fifty years, *Black Cowboys in the American West* surveys the life and work of these cattle drivers from the years before the Civil War through the turn of the twentieth century. Including both classic, previously published articles and exciting new research, this collection also features select accounts of twentieth-century rodeos, music, people, and films. Arranged in three sections—"Cowboys on the Range," "Performing Cowboys," and "Outriders of the Black Cowboys"—the thirteen chapters illuminate the great diversity of the black cowboy experience. Like all ranch hands and riders, African American cowboys lived hard, dangerous lives. But black drovers were expected to do the roughest, most dangerous work—and to do it without complaint. They faced discrimination out west, albeit less than in the South, which many had left in search of autonomy and freedom. As cowboys, they could escape the brutal violence visited on African Americans in many southern communities and northern cities. Black cowhands remain an integral part of life in the West, the descendants of African Americans who ventured west and helped settle and establish black communities. This long-overdue examination of nineteenth- and twentieth-century black cowboys ensures that they, and their many stories and experiences, will continue to be known and told.

**A Good Reputation** Elizabeth Korver-Glenn, Sarah Mayorga, 2024 What kind of reputation does your neighborhood have, and how does this affect your daily life? Are you embarrassed or proud when you share this information or when friends come over for dinner? Are you surrounded by businesses that cater to your needs and reflect your sense of self, or does your heart sink when you gaze down your block? As sociologists Elizabeth Korver-Glenn and Sarah Mayorga demonstrate in *A Good Reputation*, people's feelings about their neighborhood and its reputation have an outsized effect on either addressing or driving inequality. In this book, they take a close look at Houston, Texas's historic Northside barrio—a high-poverty urban neighborhood. Drawing on two years of ethnographic research and in-depth interviews with poor, working-class, and middle-class Latinx people and additional interviews with Black, White, and multiracial local stakeholders, they examine how and why neighborhood reputation shapes unequal urban processes. The authors center people's own perceptions of their neighborhood, leveraging these data to foreground how neighborhood heterogeneity, Whiteness, and placemaking intersect with and shape stakeholders' constructions of neighborhood reputation. Korver-Glenn and Mayorga ultimately demonstrate how constructing a neighborhood as nice or ghetto has profound implications for neighborhood inequality. In the process, they develop a theoretically rich, empirically detailed account of urban neighborhood inequality that brings to the fore understudied communities, processes of relation formation across class and racial lines, and ways these communities develop cultural logics about specific places--

Overcoming Katrina D. Penner, K. Ferdinand, 2016-11-09 *Overcoming Katrina* tells the stories of 27 New Orleanians as they fought to survive Hurricane Katrina and its aftermath. Their oral histories offer first-hand experiences: three days on a roof with Navy veteran Leonard Smith; at the convention center with waitress Eleanor Thornton; and

with Willie Pitford, an elevator man, as he rescued 150 people in New Orleans East. Overcoming approaches the question of why New Orleans matters, from perspectives of the individuals who lived, loved, worked, and celebrated life and death there prior to being scattered across the country by Hurricane Katrina. This book's twenty-seven narrators range from Mack Slan, a conservative businessman who disparages the younger generation for not sharing his ability to make good, rational decisions, to Kalamu ya Salaam, who was followed by the New Orleans Police Department for several years as a militant defender of Black Power in the late 1960s and '70s. These narratives are memorials to the corner stores, the Baptist churches, the community health clinics, and those streets where the aunties stood on the corner, and whose physical traces have now all been washed away. They conclude with visions of a safer, equitably rebuilt New Orleans. \*Scroll down for more audio excerpts from Overcoming Katrina\*.
