Gypped Carol Higgins Clark,2013-04-30 PI Regan Reilly and her husband Jack, head of the NYPD Major Case Squad, investigate an L.A.-based business scam that extends up and down the coast of California.

Scammed Carol Higgins Clark,2012-05-08 When Regan Reilly returned to the West Coast, where she began her career as a PI, she never imagined that her unsuccessful appearance on a game show seven years earlier would throw her trip totally off course! Regan Reilly is in Los Angeles with her husband, Jack, head of the NYPD Major Case Squad. After Jack finishes his meetings with the LAPD, the couple may head north to the wine country, or may head south to Baja. Their only plan is to see which way the wind blows. The first day back, Regan goes shopping at an upscale new mall in West Hollywood. To her surprise, she runs into Zelda, a woman she'd become friendly with seven years before at a television studio in Burbank, when they were waiting to appear on the game show Puzzling Words. They haven't seen each other since. Zelda and Regan didn't win much money, but Zelda made up for it! A year ago an elderly neighbor she barely knew left Zelda eight million dollars. She has been enjoying her newfound wealth but is aware of the need to give back. At a recent fundraiser, she bid on a week's stay in an old Hollywood Hills estate and was the lucky winner. She's currently in residence there and invites Regan to a party at the mansion. While Jack attends a business dinner, Regan goes to Zelda's by herself, unaware that she is being followed. Regan is more than surprised at the run-down condition of the house and grounds. People should be paid to stay here, she thinks. Zelda introduces Regan to a colorful cast of characters, including her old neighbors, friends from her yoga class, a filmmaker, Zelda's financial adviser, her bookkeeper, and her personal assistant. It's all good fun. As the guests are leaving, Zelda asks Regan to stay for a cup of tea. They've barely sat down to chat when Zelda falls ill. A worried Regan doesn't want to leave Zelda alone and decides to spend the night at the isolated, aging estate. It's not long before Zelda asks Regan to investigate people in her life, starting with her father's new wife, Bobby Jo. The couple said I do in the back of a cab at a drive-through chapel in Las Vegas after only three months of togetherness. Has Zelda's windfall put her in danger? Regan is determined to find out, not knowing that she's a target herself!

Disordered Minds Minette Walters,2010-12-03 A thirty year old murder case and a possible wrongful conviction, *Disordered Minds* is the mystery thriller from crime queen Minette Walters. In 1970, Harold Stamp, a retarded twenty-year-old was convicted on disputed evidence and a retracted confession of brutally murdering his grandmother – the one person who understood and protected him. Less than three years later he is dead, driven to suicide by isolation and despair. A fate befitting a murderer, perhaps, but what if he were innocent? Thirty years on, Jonathan Hughes, an anthropologist specializing in social stereotyping, comes across the case by accident. He finds alarming disparities in the evidence and has little doubt that Stamp's conviction was a terrible miscarriage of justice. But how far is Hughes prepared to go in the search for justice? Is the forgotten story of one friendless young man compelling enough to make him leave his books and face his own demons? And with what result? If Stamp didn't murder Grace Jeffries then somebody else did . . . and sleeping dogs are best left alone . . .

Zapped Carol Higgins Clark,2008-04-08 It's a hot, humid July night in New York City. Where were you when the lights went out? As *Zapped* begins, the Reillys return home from a summer weekend to the loft in Tribeca they are in the agonizing process of renovating and expanding. They are looking forward to a quiet supper on their newly acquired rooftop terrace. But it's not meant to be. While Jack goes to pick up Chinese food, Regan enters their apartment, unaware that a nervous thief, who preceded her by minutes, is hiding in the front closet. A thief who knows about a hidden safe that Regan and Jack have yet to discover. Minutes later, the blackout strikes, and both Reillys are called into action. A new gallery in SoHo, featuring treasured glass sculptures from all over the world, has been burglarized. As head of the NYPD Major Case Squad, Jack oversees several departments. Art theft is one of them. PI Regan hears from her best friend, Kit, who is in Manhattan on business. She's been abandoned at a comedy club by a colleague from an insurance convention, Georgina Mathieson, who ran out for a cigarette moments before the blackout struck and never came back. Kit gets a call that Georgina is disturbed and dangerous. Fueled by her rage at a college boyfriend who dumped her, Georgina seeks revenge on unsuspecting young blond men. She was last seen getting into a cab outside the club—with a tall blond. Regan heads the search for Georgina and her potential victim. Meanwhile, Lorraine Lily, an almost famous actress, returns to New York City the night of the blackout, after spending three months in England doing a play, and is informed by her estranged husband, Conrad Spreckles, that he'd sold his loft to their next-door neighbors, the Reillys. Lorraine had never told him about the hidden safe she'd had installed in the closet. If she doesn't get back what's in there, she's sure her budding career will be ruined. In *Zapped*, Clark takes readers on a tour of the city they won't forget and introduces them to a wonderful cast of colorful, eccentric characters whose stories intersect in precarious and often humorous ways during one very dark and hot summer night.

Daemon Daniel Suarez,2009-01-08 Daniel Suarez’s New York Times bestselling debut high-tech thriller is “so frightening even the government has taken note” (Entertainment Weekly). Daemons: computer programs that silently run in the background, waiting for a specific event or time to execute. They power almost every service. They make our networked world possible. But they also make it vulnerable... When the obituary of legendary computer game architect Matthew Sobol appears online, a previously dormant daemon activates, initiating a chain of events that begins to unravel our interconnected world. This daemon reads news headlines, recruits human followers, and orders assassinations. With Sobol’s secrets buried with him, and as new layers of his daemon are unleashed, it’s up to Detective Peter Sebeck to stop a self-replicating virtual killer before it achieves its ultimate purpose—one that goes far beyond anything Sebeck could have imagined...

Mobbed Carol Higgins Clark,2012-03-27 Private investigator Regan Reilly and her husband, Jack, head of the NYPD Major Case Squad, become involved with a case that takes them from Cape May through the casinos and boardwalks of Atlantic City to the music halls and restaurants of Asbury Park.

A River Runs through It and Other Stories Norman MacLean,2017-05-03 The New York Times–bestselling classic set amid the mountains and streams of early twentieth-century Montana, “as beautiful as anything

in Thoreau or Hemingway” (Chicago Tribune). When Norman Maclean sent the manuscript of *A River Runs Through It and Other Stories* to New York publishers, he received a slew of rejections. One editor, so the story goes, replied, “it has trees in it.” Today, the title novella is recognized as one of the great American tales of the twentieth century, and Maclean as one of the most beloved writers of our time. The finely distilled product of a long life of often surprising rapture—for fly-fishing, for the woods, for the interlocked beauty of life and art—*A River Runs Through It* has established itself as a classic of the American West filled with beautiful prose and understated emotional insights. Based on Maclean’s own experiences as a young man, the book’s two novellas and short story are set in the small towns and mountains of western Montana. It is a world populated with drunks, loggers, card sharks, and whores, but also one rich in the pleasures of fly-fishing, logging, cribbage, and family. By turns raunchy and elegiac, these superb tales express, in Maclean’s own words, “a little of the love I have for the earth as it goes by.” “Maclean’s book—acerbic, laconic, deadpan—rings out of a rich American tradition that includes Mark Twain, Kin Hubbard, Richard Bissell, Jean Shepherd, and Nelson Algren.” —New York Times Book Review Includes a new foreword by Robert Redford, director of the Academy Award-winning film adaptation

Herman Heijermans and His Dramas Seymour L. Flaxman, 2012-12-06 During the last two decades of the nineteenth century the Dutch drama, which had lapsed into a state of somnolence since the glorious days of Vondel, suddenly awoke to vigorous life. Not only did gifted dramatists appear, but talented directors, actors, and actresses brought new splendor to the theatre. Yet this brilliant flame did not burst forth in a vacuum, and to appreciate the quality of its light, it must be viewed against the background of its origins in the European drama. After the middle of the century the emphasis in literary creation had shifted from a subjective, emotional point of view to a more objective and rationalistic attitude. If this seems only a roundabout way of saying that Romanticism yielded its dominance to Realism and Naturalism, the conclusion is justified, but we should not yield too readily to the pseudo-scientific mania which urges us to force literature into a genus and species type of classification. It is customary to say that in the eighties and nineties, Naturalism won a decisive victory over Romanticism and drove the partisans of the older movement from the field. At first glance this does, indeed, appear to be true. Hugo yields to Zola, Pushkin to Tolstoi, Tieck to Hauptmann. It is all quite simple.

Wrecked Carol Higgins Clark, 2010-04-13 Private Investigator Regan Reilly and her husband, Jack no relation Reilly, head of the NYPD Major Case Squad, are about to celebrate their first wedding anniversary. They are looking forward to a quiet romantic weekend out of town. Wouldn't you know their choice of destination provides them with anything but! Regan and Jack had considered going to Bermuda, but instead they decide to spend four days at his parents' beautiful beachfront home on Cape Cod, a wonderful spot where they'd never been alone. During the summer the house overflowed with Jack's family, bubbling with activity from morning until night. But to be up there for a weekend in April, just the two of them, sounded like a perfect escape. Arriving at the Cape late at night, Regan and Jack are just in time to experience the beginning of a major storm. The next morning, Cape Cod Bay is quite a sight, churning with whitecaps. The wind is howling ferociously. Sheets of rain are pelting the house. Regan is looking forward to settling in the den with Jack and watching the storm. However, the best laid plans . . . In the bedroom, Regan opens the curtains to find Skip, the Reillys' young caretaker, pressing his nose against the glass, supposedly checking for leaks. A moment later, Jack arrives home from the market, two gossiping older women who live up the street in tow. A branch crashed through their living room window, and they need a place to stay. When Regan thought things couldn't get any worse, Skip comes running into the house, distraught that he'd just discovered Adele Hopkins, the woman renting the house next door, in a heap at the bottom of her staircase to the beach. Regan and Jack run back down with him, but huge waves are crashing on the shore. Hopkins is gone, presumably swept out to sea. Who was Adele Hopkins? No one knows. The sixty-ish loner, who moved in five months ago, shunned her neighbors. Even her landlords, friends of the Reillys, have no idea how to locate her next of kin. Discovered in her dining room are stacks of apology cards she'd not yet sent and bags of decorative pillows that are embroidered with the saying grudge me, grudge me not. Regan and Jack begin an investigation to help their friends track down Hopkins's family. They start by interviewing two young women who own the shop where Adele had bought the pillows. Pippy and Ellen opened Pillow Talk after they both lost their jobs. When a newspaper article revealing the terrible way the women had been treated by their former employers was posted on the Internet, business took off, they started to become well-known, and the Pillow Talk website became a place for people who had had similar experiences to vent their feelings. Pippy and Ellen just received an anonymous e-mail from someone who spews venom about her former rowing coach—Adele Hopkins. Could she be the same Adele Hopkins? Regan and Jack's search for clues to this mysterious woman's identity makes for an anniversary weekend they'll never forget!

Motown Gerald Posner, 2009-04-02 In 1959, twenty-nine-year-old Berry Gordy, who had already given up on his dream to be a champion boxer, borrowed eight hundred dollars from his family and started a record company. A run-down bungalow sandwiched between a funeral home and a beauty shop in a poor Detroit neighborhood served as his headquarters. The building's entrance was adorned with a large sign that improbably boasted “Hitsville U.S.A.” The kitchen served as the control room, the garage became the two-track studio, the living room was reserved for bookkeeping, and sales were handled in the dining room. Soon word spread that any youngster with a streak of talent should visit the only record label that Detroit had seen in years. The company's name was Motown. Motown cuts through decades of unsubstantiated rumors and speculation to tell the true behind-the-scenes narrative of America's most exciting musical dynasty. It follows the company and its amazing roster of stars from the tumultuous growth years in Detroit, to the drama and intrigue of Hollywood in the 1970s, to resurgence in 2002. Set against the civil rights movement, the decay of America's northern industrial cities, and the social upheaval of the 1960s, Motown is a tale of the incredible entrepreneurship of Berry Gordy. But it also features the moving stories of kids from Detroit's inner-city projects who achieved remarkable success and then, in many cases, found themselves fighting the demons that so often come with stardom—drugs, jealousy, sexual indulgence, greed, and uncontrollable ambition. Motown features an extraordinary cast of characters, including Diana Ross, Michael Jackson, Marvin Gaye, Smokey Robinson, and Stevie Wonder. They are presented as they lived and worked: a clan of friends, lovers, competitors, and sometimes vicious foes. Motown reveals how the hopes and dreams of each affected the lives of the others and illustrates why this singular story is a made-in-America Greek tragedy, the rise and fall of a supremely talented yet completely dysfunctional extended family. Based on numerous original interviews and extensive documentation, Motown benefits particularly from the thousands of pages of files crammed into the basement of downtown Detroit's Wayne County Courthouse. Those court records provide the unofficial—and hitherto largely untold—history of Motown and its stars, since almost every relationship between departing singers, songwriters, producers, and the label ended up in litigation. From its peaks in the late 1960s and early 1970s, when Motown controlled the pop charts and its stars were sought after even by the Beatles, through the inexorable slide caused by their failure to handle their stardom, Motown is a riveting and troubling look inside a music label that provided the unofficial soundtrack to an entire generation.
