The Hurley Maker's Son Patrick Deeley,2016-04-07 Patrick Deeley's train journey home to rural East Galway in autumn 1978 was a pilgrimage of grief: his giant of a father had been felled, the hurley-making workshop silenced. From this moment, Patrick unfolds his childhood as a series of evocative moments, from the intricate workings of the timber workshop run by his father to the slow taking apart of an old tractor and the physical burial of a steam engine; from his mother's steady work on an old Singer sewing machine to his father's vertiginous quickstep on the roof of their house. There are many wonderful descriptions of the natural world and delightful cameos of characters and incidents from a not-so-long-ago country childhood. In a style reminiscent of John McGahern's *Memoir*, Deeley's beautifully paced prose captures the rhythms, struggles and rough edges of a rural life that was already dying even as he grew. This is an enchanting, beautifully written account of family, love, loss, and the unstoppable march of time.

*Rocking Horse Sh*t* Padraic O Maille,2015-02-05 'I need you to call me, ' was all the cardiologist said on the voice message. Later, he would learn he had a tumor on his right atrium that one consultant elegantly described to him as 'rare as rocking horse sh*t.' Popular speaker and writer Padraic O Maille, presents the story of how he coped with losing his health and his income overnight.In addition he sets out a series of strategies and learning's that you can use to confront and solve any challenge that life hurls at you concerning health, finance and relationships. The book has helped hundreds of people to: Face up to and confront their problems with a proven process. Develop a mindset of positivity and optimism irrespective of circumstances. Reinvent the way they approached their business, career and finances. Whatever your problem or worry is right now, this proven process will help you confront it and solve it and benefit from it.

Loughrea: A Parish History Declan Kelly,2014-02-03 The material included in this volume comes from a variety of sources, including the archives of the diocese of Clonfert and that which was gathered in 1931 by an t-Athair Eric McFhinn, a noted polyglot and scholar of the diocese. Taken in conjunction with the Schools Folklore Commission's work a few years later, this material now has a value beyond even that which was foreseen at the time.In June of 1922, in a singularly unhelpful exercise, some doughty Irishmen set off a landmine in the Public Records Office of the Four Courts. Thousands of old documents were destroyed, including the remaining censi from the nineteenth century and many of the Church of Ireland registers. Happily, just before this happened, Thomas T. O'Farrell had taken the time to type out extracts from the censi taken in Loughrea in 1821 and 1841 and they are also reproduced here in print for the first time.What emerges from this parish history, covering the areas of Cappataggle/ Kilrickle, Carrabane, Leitrim/Kilmeen, Loughrea, Mullagh/Killoran, New Inn/Bullaun, Killeenadeema/Aille and Kiltullagh/Killimordaly/Attymon is a curate's egg of information which we hope will hold something for everyone in the diocese, and which will add in its own way to the process of preserving a record of our past.

The West must wait Una Newell,2016-09-15 The West must wait presents a new perspective on the development of the Irish Free State. It extends the regional historical debate beyond the Irish revolution and raises a series of challenging questions about post-civil war society in Ireland. Through a detailed examination of key local themes - land, poverty, politics, emigration, the status of the Irish language, the influence of radical republicans and the authority of the Catholic Church - it offers a probing analysis of the socio-political realities of life in the new state. This book opens up a new dimension by providing a rural contrast to the Dublin-centred views of Irish politics. Significantly, it reveals the level of deprivation in local Free State society with which the government had to confront in the west. Rigorously researched, it explores the disconnect between the perceptions of what independence would deliver and what was achieved by the incumbent Cumann na nGaedheal administration.

War and Revolution in the West of Ireland Conor McNamara,2018-03-12 The period 1913-22 witnessed extraordinary upheaval in Irish society. The Easter Rising of 1916 facilitated the emergence of new revolutionary forces and the eruption of guerrilla warfare. In Galway and elsewhere in the west, the new realities wrought by World War One saw the emergence of a younger generation of impatient revolutionaries. In 1916, Liam Mellows led his Irish Volunteers in a Rising in east Galway and up to 650 rebels took up defensive positions at Moyode Castle. From the western shores of Connemara to market towns such as Athenry, Tuam and Galway, local communities were subject to unprecedented use of terror by the Crown Forces. Meanwhile, conflict over land, an enduring grievance of the poor, threatened to overwhelm parts of Galway with sustained land seizures and cattle drives by the rural population. War and Revolution in the West of Ireland: Galway, 1913-1922 provides fascinating insights into the revolutionary activities of the ordinary men and women who participated in the struggle for independence. In this compelling new account, Galway historian Conor McNamara unravels the complex web of identity and allegiance that characterised the west of Ireland, exploring the enduring legacy of a remarkable and contested era.
