Emilie Sanchez

**Numerical Solution of Differential Equations** Mahinder Kumar Jain,1984

**In-Between: Transversal Values in Contemporary Social Discourses and Culture** ,2024-03-25 The title concept 'in-between' (metaxu) refers to identity that remains in perpetual disjunction, dispersion and crisis. This book proves that 'in-between' is not an empty space, but a productive mode of creating new qualities, experiences, ideas and representations. The authors of individual chapters interpret selected aspects of metaxu in relevant to contemporary cultural communication areas, i.e. linguistic and more broadly semiotic, and make contemporary discourses the object of exploration. Most of the analyses are based on the Polish-language linguistic context; however, they refer to a universal perspective of culture and communication.

Circular United States. Office of Education,1930

*Musical Identities* Raymond A. R. MacDonald,David J Hargreaves,Dorothy Miell,2002-07-18 Music plays an important role in all our lives, and is a channel through which we can express emotions, thoughts, political statements, and social relationships. However, just as music can be a channel through which we express ourselves, it can also have a profound influence on our own developing sense of identity. This is the first book to explore the powerful effect that music can have as we develop our sense of identity, from adolescence through to adulthood. Bringing together leading experts from psychology and music, it will be a valuable addition to the music psychology

literature, and essential for music psychologists, social and developmental psychologists, and educational psychologists.
