Slow Coming Dark H. A. Covington, 2000-09 Matt Redmond is a tough and honest cop. He retired from the DEA when he could no longer stomach the politics and the corruption of Federal law enforcement, and returned to his native North Carolina to start a second career as a detective for the State Bureau of Investigation. Now he has a new wife, an adopted daughter, a cheese-hungry cat, and a satisfying life of love and stability after many turbulent years of violence and intrigue. But his past continues to haunt him, and his very reputation for honesty, integrity, and fearlessness in the face of government corruption and oppression drags him and his loved ones into a web of bloodshed and danger. Redmond is on the case whether he likes it or not, and it turns into a race against death for himself, for his family, and for a young woman and her newborn baby. The trail of lies and murder finally leads back to its poisonous source in the very heart of the Clinton White House, and to save himself and his family, Matt must follow it there.

HISTORIA VIVA Hillary Rodham Clinton,2004-04-19 Una de las mujeres más conocidas en la política de los Estados Unidos, nos cuenta bajo su propia escritura, parte de su historia personal. Comienza contándonos su historia enfocándose en el lugar donde nació y pasó la mayor parte de su infancia, hasta llegar a la universidad, donde se transformó en activista republicana. Luego de casarse con Bill Clinton, se convirtió en primera dama de su país. Esta mujer nos va mostrando las vivencias en los distintos contextos históricos que le tocó vivir, habla de su familia, de su relación por más de treinta años con el ex presidente de la república y no pasa por alto los malos momentos que ha tenido que soportar por ser una de las figuras públicas más importantes de la historia actual de Norteamérica.

Nick Saban vs. College Football Christopher Walsh, 2014-09-01 When coach Nick Saban arrived in Tuscaloosa in 2007, he boldly proclaimed &“We want to be a champion in everything that we do.&” Since that time, Alabama has won three national championships and become the nation's number one destination for recruits and the top source of NFL talent while simultaneously graduating its players. No other program has won more games, captured more awards, or come close to approaching the kind of consistent success as the Crimson Tide. In *Nick Saban vs. College Football*, author Christopher Walsh not only explains what separates Saban from his peers and compares his accomplishments to some of the all-time legends, but tells why, if there were a Mount Rushmore of college football coaches, Saban's face would already be on it. From his upbringing in West Virginia to his relationship with legendary coach Bill Belichick, &“the process&” has not only led to Saban having a statue along Alabama's &“Walk of Champions&” in front of Bryant-Denny Stadium, but the establishment of a new standard that may be unparalleled in college football history.

American Psychosis David Corn, 2022-09-13 #1 New York Times bestselling author and investigative reporter David Corn tells the wild and harrowing story of the Republican Party's decades-long relationship with far-right extremism, bigotry, and paranoia. A fast-paced, rollicking, behind-the-scenes account of how the GOP since the 1950s has encouraged and exploited extremism, bigotry, and paranoia to gain power, *American Psychosis* offers readers a brisk, can-you-believe-it journey through the netherworld of far-right irrationality and the Republican Party's interactions with the darkest forces in America. In a compelling and thoroughly-researched narrative, Corn reveals the hidden history of how the Party of Lincoln forged alliances with extremists, kooks, racists, and conspiracy-mongers and fostered fear, anger, and resentment to win elections—and how this led to Donald Trump's triumph and the transformation of the GOP into a Trump personality cult that foments and bolsters the crazy and dangerous excesses of the right. The Trump-incited insurrectionist attack on the US Capitol on January 6, 2021, was no aberration. *American Psychosis* shows it was a continuation of the long and deep-rooted Republican practice of boosting and weaponizing the rage and derangement of the right. The gripping tale in *American Psychosis* covers the last seven decades. From McCarthyism to the John Birch Society to segregationists to the New Right to the religious right to Rush Limbaugh to Newt Gingrich to the militia movement to Fox News to Sarah Palin to the Tea Party to Trumpism, the Republican Party has deliberately nurtured and exploited rightwing fear and loathing fueled by paranoia, grievance, and tribalism. This powerful and important account explains how one political party has harnessed the worst elements in politics to poison the nation's discourse and

threaten American democracy. [Corn is] a great journalist. I love the way he thinks. I love the way he writes. I'm so glad he's done a super-readable, modern history of the right...We just need smart, digestible history about this stuff right now...[American Psychosis] is perfectly timed...Relevant history for where we are right now. —Rachel Maddow, host, The Rachel Maddow Show With American Psychosis, David Corn 'did the full homework to take us all the way back to where it really begins.'

Blood on My Hands: A Surgeon at War Craig Jurisevic, 2011 The year is 1999, and for the first time since World War II, Europe is witnessing scenes of mass murder. The forces of Serbian strongman Slobodan Milosevic have swept into Kosovo on the Balkan Peninsula leaving a trail of death and heartbreak. Scenes of Milosevic's 'ethnic cleansing' play out on television screens all over the world; haunted figures huddled behind barbed wire fences, bodies heaped in ditches. Adelaide surgeon, Craig Jurisevic, recalls his grandfather's ordeal in a Nazi concentration camp and resolves to honour his memory by offering his skills as a surgeon to the victims of the conflict. Leaving his wife and son in Adelaide, Jurisevic flies to the Balkans under the auspices of the International Medical Corps. Although no stranger to the battlefield, he is appalled at the unparalleled savagery of the Kosovo war. Jurisevic's determination to put his skills to the best possible use leads him closer and closer to the front line, and deeper into danger. Sickened by scenes of murder and massacre, he sets aside his non-partisan status and joins forces with the Kosovo Liberation Army, operating on the injured at the front and leading night-time missions behind the lines to retrieve injured Kosovar villagers. Struggling to maintain his moral bearings, Jurisevic's journey from Adelaide to the hell of Kosovo has become a descent into the heart of darkness. *Blood on My Hands*, co-written with award-winning author Robert Hillman, tells a story of terrible suffering, of extraordinary heroism, and of the savagery that lies coiled in the human heart. It is an incredibly powerful and moving account from a remarkable Australian and one that will stay with you long after you have put the book back on the shelf.

Bilateral and Regional Trade Agreements: Volume 2 Simon Lester, Bryan Mercurio, Lorand

Bartels,2016-01-07 The stalling of the Doha Development Round trade negotiations has resulted in bilateral and regional free trade agreements becoming an important alternative. These agreements have proliferated in recent years, and now all of the major trading countries are engaging in serious bilateral trade negotiations with multiple trading partners. This second edition provides a new collection of case studies illustrating the latest trends and innovations in bilateral and regional trade agreements (BRTAs). The selected BRTAs represent a good sampling of regional variation and cover the most important substantive issues. Authored by leading scholars and practitioners, each case study offers comprehensive analysis of the featured BRTA, and the format allows for quick comparisons.
