The UNIDROIT Principles in Practice Michael Joachim Bonell, 2006-09-01 Since fall 2006: a new, revised edition of Unidroit Principles in Practice, featuring approximately 120-130 cases. The UNIDROIT Principles of International Commercial Contracts, published in 1994, were an entirely new approach to international contract law. Prepared by a group of eminent experts from around the world as a “restatement” of international commercial contract law, the Principles are not a binding instrument but are referred to in many legal matters. They are widely recognized now as a balanced set of rules designed for use throughout the world irrespective of the legal traditions and the economic and political conditions of the countries in which they are applied. The UNIDROIT Principles in Practice provides a comprehensive collection of international caselaw and bibliographic materials relating to the Principles. In particular, it contains: the text and official comments of the UNIDROIT Principles; over 70 decisions by courts and arbitral tribunals worldwide referring to the UNIDROIT Principles; a vast bibliography. In addition to a general bibliography, there are bibliographical references pertinent to individual articles. Published under the Transnational Publishers imprint.

The Civil Code of the Netherlands Antilles and Aruba Peter Haanappel, Netherlands Antilles, Ejan Mackaay, Hans C. S. Warendorf, 2002-06-12 This work consists of an English translation, alongside the Dutch text, of the new law of property, rights and interests and the law of obligations (Book 3), the law of real rights (Book 5), the general part of the law of obligations (Book 6) and the law of special contracts (Book 7) of the Netherlands Antilles Civil Code, which entered into force in the Netherlands Antilles on 1 January 2001 and in Aruba on 1 January 2002. It also contains the transitional law enacted on introduction of this new legislation. It is published in Kluwer Law International's Series of Legislation in Translation. For the non-Dutch speaking residents of the Netherlands Antilles and Aruba, practitioners advising on Netherlands Antilles law and persons or companies interested in the regulation of civil law this work will be essential. The authors, who are experienced legal translators, are authors of Netherlands Business Legislation, a Kluwer Law International publication, which contains a translation of the corresponding Dutch law and other statutory regulations.

An Introduction To Indonesian Law : Unity In Diversity Sudargo Gautama,Robert N. Hornick,2022-02-07 Indonesian law is a remarkably complex mixture of Dutch legislation, uniquely indigenous institutions and Islamic commandments. It is hoped that this book will clarify some of the dimensions of this complexity, and that it will help to fill the need for introductory materials in English. The book is organized loosely around a general theme of fundamental importance in Indonesia: the division of the country into “population groups” based on racial origin, and the legal pluralism which has resulted from this division. The national motto of Indonesia - Bhinneka Tunggal Ika, “Unity in Diversity” is in part a response to this division. In the first chapter we discuss the origins of legal pluralism. In Chapters 2-5 we focus on several substantive areas - marriage and divorce, agrarian law, mortgages, contract law - where pluralism has been especially important. In chapter 6 we describe the law of conflicts which developed in the 20th century as a result of legal pluralism. Finally, in chapter 7, we consider some of the efforts in the last several years to achieve unification.
