Morphologically Derived Adjectives in Spanish Antonio Fábregas,2020-11-15 This is the first book that presents a complete empirical description and theoretical analysis of all major classes of derived adjectives in Spanish, both deverbal and denominal. The reader will find here both a detailed empirical description of the syntactic, morphological and semantic properties of derived adjectives in contemporary Spanish and a cohesive Neo-Constructionist analysis of the syntactic and semantic tools that contemporary Spanish has available to build adjectives from other grammatical categories within a Nanosyntactic-oriented framework. In doing so, this book sheds light on the nature of adjectives as a grammatical category and argues that adjectives are syntactically built by recycling functional heads belonging to other categories. The book will be useful both to researchers in Spanish linguistics or theoretical morphology and to advanced students of Spanish interested in the main ways of building new adjectives through suffixation in this language.

Adjetivos en discurso María José Rodríguez Espiñeira,2013-06-18 El tema de este libro la manifestación de la modalidad en una clase de adjetivos? resulta de interés en la lingüística actual y, en particular, en la gramática del español, porque se aplica a elementos que han quedado relativamente marginados en la bibliografía dedicada al tema y que ofrecen la particularidad de incidir tanto en el ámbito nominal como en el oracional. Como se analiza en el libro, esta duplicidad da lugar a interesantes desplazamientos semánticos, que conducen a menudo a procesos de gramaticalización o de lexicalización. Los cinco capítulos muestran la necesidad de estudios particulares que analicen cómo se recortan en la polisemia de los adjetivos los significados vinculados a la valoración, a la volición y a los juicios epistémicos. En este sentido, resulta especialmente interesante la interrelación que en cada caso se establece entre los componentes idiosincrásicos, propios del léxico, y la emergencia de los rasgos más constantes y generales de la gramática.

De Lexicografia Paz Battaner Arias,Janet DeCesaris Ward,2010-08-30 La lexicografia exigeix rigor, amplitud, complexitat i laboriositat. L'interès actual és tenir diccionaris variats i idonis des de perspectives diverses i per a tot tipus d'usuaris variats. El I Symposium Internacional de Lexicografia va convidar a considerar l'activitat lexicogràfica des d'un horitzó obert, que enllaci, uneixi i travi les nostres llengües amb unes altres i els productes de les quals representin realment una ajuda, ja que el gènere comú o descriptor de tot tipus de diccionari és el terme instrument; de precisió, si pot ser.

Understanding and Teaching the Indirect Object in Spanish Luis H. González,2023-06-30 Understanding and Teaching the Indirect Object in Spanish presents an easy-to-understand approach to all aspects of direct and indirect objects in Spanish. Distinguishing between direct and indirect objects can pose challenges for learners and is almost impossible to do using the tools that linguists have traditionally used. This book offers two simple, all-encompassing inferences that allow learners to tackle this area of language by intuitively inferring the distinction, as native speakers do, between verber and verbed. This book will be of interest to teachers and learners of Spanish and other second languages, as well as linguists interested in argument structure, second language acquisition, second language teaching or pedagogy, and multilingualism.
