Berenice Abbott: A Life in Photography Julia Van Haaften, 2018-04-10 The comprehensive biography of the iconic twentieth-century American photographer Berenice Abbott, a trailblazing documentary modernist, author, and inventor. Berenice Abbott is to American photography as Georgia O'Keeffe is to painting or Willa Cather to letters. She was a photographer of astounding innovation and artistry, a pioneer in both her personal and professional life. Abbott's sixty-year career established her not only as a master of American photography, but also as a teacher, writer, archivist, and inventor. Famously reticent in public, Abbott's fascinating life has long remained a mystery—until now. In *Berenice Abbott: A Life in Photography*, author, archivist, and curator Julia Van Haaften brings this iconic public figure to life alongside outlandish, familiar characters from artist Man Ray to cybernetics founder Norbert Wiener. A teenage rebel from Ohio, Abbott escaped first to Greenwich Village and then to Paris—photographing, in Sylvia Beach's words, everyone who was anyone. As the Roaring Twenties ended, Abbott returned to New York, where she soon fell in love with art critic Elizabeth McCausland, with whom she would spend thirty years. In the 1930s, Abbott began her best-known work, *Changing New York*, in which she fearlessly documented the city's metamorphosis. When warned by an older male supervisor that nice girls avoid the Bowery—then Manhattan's skid row—Abbott shot back, I'm not a nice girl. I'm a photographer...I go anywhere. This bold, feminist attitude would characterize all Abbott's accomplishments, including imaging techniques she invented in her influential, space race-era science photography and her tenure as The New School's first photography teacher. With more than ninety stunning

photos, this sweeping, cinematic biography secures Berenice Abbott's place in the histories of photography and modern art, while framing her incredible accomplishments as a female artist and entrepreneur.

Old Paris and Changing New York Kevin D. Moore, 2018-01-01 An insightful new look at two renowned photographers, their interconnected legacies, and the vital documents of urban transformation that they created In this comprehensive study, Kevin Moore examines the relationship between Eugène Atget (1857-1927) and Berenice Abbott (1898-1991) and the nuances of their individual photographic projects. Abbott and Atget

met in Man Ray's Paris studio in the early 1920s. Atget, then in his sixties, was obsessively recording the streets, gardens, and courtyards of the 19th-century city--old Paris--as modernization transformed it. Abbott acquired much of Atget's work after his death and was a tireless advocate for its value. She later relocated to New York and emulated Atget in her systematic documentation of that city, culminating in the publication of the project *Changing New York*. This engaging publication discusses how, during the 1930s and 1940s, Abbott paid further tribute to Atget by publishing and exhibiting his work and by printing hundreds of images from his negatives, using the gelatin silver process. Through Abbott's efforts, Atget became known to an audience of photographers and writers who found diverse inspiration in his photographs. Abbott herself is remembered as one of the most independent, determined, and respected photographers of the 20th century.

Children's Stories and 'Child-Time' in the Works of Joseph Cornell and the Transatlantic Avant-Garde Analisa Leppanen-Guerra,2017-07-05 Focusing on his evocative and profound references to children and their stories, Children's Stories and 'Child-Time' in the Works of Joseph Cornell and the Transatlantic Avant-Garde studies the relationship between the artist's work on childhood and his search for a transfigured concept of time. This study also situates Cornell and his art in the broader context of the transatlantic avant-garde of the 1930s and 40s. Analisa Leppanen-Guerra explores the children's stories that Cornell perceived as fundamental in order to unpack the dense network of associations in his under-studied multimedia works. Moving away from the usual focus on his box constructions, the author directs her attention to Cornell's film and theater scenarios, 'explorations', 'dossiers', and book-objects. One highlight of this study is a work that may well be the first artist's book of its kind, and has only been exhibited twice: *Untitled (Journal d'Agriculture Pratique)*, presented as Cornell's enigmatic tribute to Lewis Carroll's Alice books.

Paris Was a Woman Andrea Weiss,2013-10-29 Originally published more than twenty years ago and winner of a Lambda Literary Award, *Paris Was a Woman* is a rare profile of

the female literati in Paris at the turn of the century. Now with a new preface and illustrations, this scrapbook of their work—along with Andrea Weiss' lively commentary—highlights the political, social, and artistic lives of the renowned lesbian and bisexual Modernists, including Colette, Djuna Barnes, Gertrude Stein, Alice B. Toklas, Sylvia Beach, and many more. Painstakingly researched and profusely illustrated, it is an enlightening account of women who between wars found their selves and their voices in Paris. A wealth of photographs, paintings, drawings, and literary fragments combine with Weiss' revealing text to give an unparalleled insight into this extraordinary network of women for who Paris was neither mistress nor muse, but a different kind of woman.
