Rim Country Exodus Daniel J. Herman,2016-01-15 Winner Labriola Center American Indian National Book Award For thousands of years, humans have lived on the sprawling escarpment in Arizona known as the Mogollon Rim, a stretch that separates the valleys of central Arizona from the mountains of the north. A vast portion of this dramatic landscape is the traditional home of the Dilzhe'e (Tonto Apache) and the Yavapai. Now Daniel Herman offers a compelling narrative of how—from 1864 to 1934—the Dilzhe'e and the Yavapai came to central Arizona, how they were conquered, how they were exiled, how they returned to their homeland, and how, through these events, they found renewal. Herman examines the complex, contradictory, and very human relations between Indians, settlers, and Federal agents in late nineteenth- and early twentieth-century Arizona—a time that included Arizona's brutal Indian wars. But while most tribal histories stay within the borders of the reservation, Herman also chronicles how Indians who left the reservation helped build a modern state with dams, hydroelectricity, roads, and bridges. With thoughtful detail and incisive analysis, Herman discusses the complex web of interactions between Apache, Yavapai, and Anglos that surround every aspect of the story. Rim Country Exodus is part of a new movement in Western history emphasizing survival rather than disappearance. Just as important, this is one of the first in-depth studies of the West that examines race as it was lived. Race was formulated, Herman argues, not only through colonial and scientific discourses, but also through day-to-day interactions between Indians, agents, and settlers. Rim Country Exodus offers an important new perspective on the making of the West.

2-smoke J. B. K. Simon,2017-03-13 Preston Thompson continues his -Life Amongst The Hotentots- at the Air Force Academy. His -2-Smoke- Second Class Year plunges him into the mysteries of Parisian summers, 19 year old girls, Commando Raids, Fighter Jets, golden rings, love, friendship, the tunnels, and Area 51. The Zoo Part 2 J. B. K. Simon,2015-08-23 Preston Thompson continues his ruminations upon his return to the Air Force Academy. His memories of his Third Degree year include the intense adventures of Survival School and Airborne training, his struggles to fit in with his new squadron, Pilot culture, the challenges of being an upperclassman, the unexpected realities of flying, more boxing, the loss of his closest friends, angry French teachers, the strange dogma of the Cult of Virtuous Suffering, and the daily reminders that he really needs to find a girlfriend. In both the present and the past, Preston struggles to turn the confusion of his understanding into understanding of his confusion. Contact: jbksimon@gmail.com

The Zoo Part 1 J. B. K. Simon,Jb K Simon,2016-05-12 Preston Thompson returns to the United States Air Force Academy after thirty years. Plagued by dreams of marching parades in his underwear and other lingering aftereffects, he stands on the Chapel wall in the early morning fog and watches a solitary detail of cadets raise the flag. The Academy, also called The Blue Zoo, is a personal minefield for Thompson, who must face past mistakes and make peace with himself as he relives his cadet experiences.
