**Dead Fred, Flying Lunchboxes and the Good Luck Circle** Frank McKinney,2010-01-01 Bestselling author Frank McKinney boldly enters young reader fiction in this deeply imaginative fantasy sure to race and gladden the hearts of all readers. The story was inspired by the more than one thousand walks to school the author has shared with his daughter and her friends in real life. Come along with them into the imaginative world of Dead Fred, Flying Lunchboxes, and the Good Luck Circle! Thirteen-year-old Ppeekk (pronounced 'Peekie') finds a very small, very flat, very dead fish. When he comes to life in her hand, he has an amazing story to tell. In the brilliant underwater world called High Voltage, manatees talk, starfish sing, and practical-joking clownfish encourage children to launch their lunchboxes off the bridge. Now the fiendish Megalodon, a fifty-foot prehistoric shark, has laid siege to High Voltage and dethroned King Frederick the Ninth (whom Ppeekk calls Dead Fred). The monster reigns amphibiously under the old drawbridge with his army of crabs and blood-red remora fish, whose suckers drain victims' joy and imagination. Ppeekk hides Dead Fred in the only safe place she can think of: the usher's coat room at church. As she grows to know Fred, she learns to trust and love him. Unlike her parents, he listens to her and counsels her. Dead Fred trusts Ppeekk, too. In fact, he has a big favor to ask. Can she help him save High Voltage from the evil Megalodon? Ppeekk and her friends use everything they've got to lure the evil beast to his demise—exploding coconut bombs, strangler fig lassos, even themselves as human bait—to vanquish Megalodon and his rogue army. In the climactic scene, they fight the battle of their lives in a Category-5 hurricane . . . Will they be able to save Dead Fred and High Voltage? Read Dead Fred, Flying Lunchboxes, and the Good Luck Circle to find out!

**Ride the Ranger Winds** E. Richard Womack,2009-06 From barroom brawls to Main Street shootouts, Ride the Ranger Winds offers non-stop action of true to life Texas Rangers. From Captain Beasley to Laughlin McFarland and all the other Ranger Recruits, their one common denominator was their own personal integrity and straight forward approach to the dangerous life on the frontier. See how the author grasps the savagery of the times in the Ranger's raw dealings with murderers, rapists, cattle rustlers, outlaws and Indians. In an era with little, or no, political influence, the action is sometimes brutal and crude. Intertwined with the perils of the untamed west, romance is incorporated into the daily lives of the characters. Like mythical sailors with a girl in every port, the Rangers had their romantic interludes while on the trail of desperados. Follow Laughlin as he grapples with his life on the trail and his decision whether to marry Melissa and quit the Rangers, or continue his dangerous life on the Range.....Does he find an acceptable compromise?

**Black and Blur** Fred Moten,2017-10-13 Taken as a trilogy, consent not to be a single being is a monumental accomplishment: a brilliant theoretical intervention that might be best described as a powerful case for blackness as a category of analysis.—Brent Hayes Edwards, author of Epistrophies: Jazz and the Literary Imagination In Black and Blur—the first volume in his sublime and compelling trilogy consent not to be a single being—Fred Moten engages in a capacious consideration of the place and force of blackness in African diaspora arts, politics, and life. In these interrelated essays, Moten attends to entanglement, the blurring of borders, and other practices that trouble notions of self-determination and sovereignty within political and aesthetic realms. Black and Blur is marked by unlikely juxtapositions: Althusser informs analyses of rappers Pras and Ol' Dirty Bastard; Shakespeare encounters Stokely Carmichael; thinkers like Kant, Adorno, and José Esteban Muñoz and artists and musicians including Thornton Dial and Cecil Taylor play off each other. Moten holds that blackness encompasses a range of social, aesthetic, and theoretical insurgencies that respond to a shared modernity founded upon the sociological catastrophe of the transatlantic slave trade and settler colonialism. In so doing, he unsettles normative ways of reading, hearing, and seeing, thereby reordering the senses to create new means of knowing.

**You Never Know** Don LoCicero,2003-06-23 You Never Know depicts a world in which every question is an answer and every answer a new question, a world where nothing is certain except uncertainty. The reader will marvel at the incredible tale of the sweating corpse, suffer along with a young man who refuses to accept the fact that it is raining bananas, admire the perseverance of the shoemaker who invents a substance that makes heels invisible, shudder as voracious rats devour an unfortunate victim alive, and marvel as a nude defendant presents his case to a jury. LoCicero's satirical, philosophical, metaphysical romp spares no segment of society: the legal, medical, and theological experts are fair game, as are the reader and author themselves. LoCicero challenges us to do the most difficult thing of all: to think the unthinkable.

**Mad Druggist** Frank Hozeska,2017-08-26 Once upon a time, there was a very kind, loving, generous, and caring man who did good works. Unfortunately, the ungodly hypocrites in authority did not like his radical ways of counseling and made it very difficult for him to hold on to his livelihood. All he wanted in this unprecedented, unheard of, crazy cruel spiritual journey is for someone to give him a break! The tumultuous pharmacy career finally catches up with Louie, and no one is willing to give him another chance or a break. Louie ends up a washed-up pharmacist, and he's ready to give up his fight, until something crazy happens in the final round.

**Fit** Warren Kennaugh,2016-01-26 Understand where you fit to understand where you'll excel Fit: When Talent and Intelligence Just Won't Cut It answers the fundamental performance questions that people have asked for generations. Why is that some individuals are consistently high performers, how do they keep performing in varying situations, organisations and contexts, why can some people just not seem to be able to crack that code, and why do some individuals perform exceptionally well in certain organisations but not in others? This fresh new book challenges current thinking about the war for talent and the role intelligence plays in high performance sport and business. Over 3,000 profiles of elite corporate managers and professional elites have been studied to find the answers as to why certain individuals consistently get exceptional results and why great talent doesn't transfer across teams and businesses. Fit considers real live cases and well-known examples of spectacular successes and failures through the lens of the Hogan Personality Tools. This shows how elite performance is dependent on three things; understanding what role your behaviours are best suited to, what culture you perform your best in and how you're likely to derail your career. Armed with this knowledge, this innovative text allows you to connect the dots on your past performances and prepares you to find roles, organisations and teams which best fit you - opening the door for elite performance. Instead of talent management and changing behaviour, look to Fit as a key to your performance improvement. You'll find that performance does not have a one-size-fits-all formula - it is bespoke, personal and different for each individual. Understand how you can align your natural style with the right roles to achieve elite performance in your professional and personal lives Appreciate your unique behavioural patterns that impact personal and team success Discover that true success is not totally dependent on talent and intelligence, but on discovering what you're good at and where you fit. Fit: When Talent and Intelligence Just Won't Cut It unearths the hidden traits of elite performance and enables you to find your fit to further enhance your engagement and success.

**Inside the Plaza** Ward Morehouse,2001 (Applause Books). From Scott and Zelda Fitzgerald cavorting in the Pulitzer Fountain to Ivana Trump patrolling the halls to inspect the rooms, this is the Plaza Hotel as no one has ever seen it, or been permitted to see it. The Plaza is the place where the Beatles headquartered when they invaded America. It's where George M. Cohan held court during the golden era of Broadway. It's where

Marilyn busted a strap on cue, where Cary Grant started out from when he traveled North By Northwest, and where Macauley Culkin stayed after staying Home Alone. From the railroad tracks in the basement to the vast luxury suites overlooking Central Park, this is the full story behind the gilded doors, the inside scoop direct from the people who have cavorted there and worked there.

*Split* Bonny Dail,2019-03-19 Split is a story of purity and faithfulness. Split is about a young virgin, born to parents who did not want her, as she was put up for adoption before her birth, but for some reason, her mother decided to keep her. This young virgin loved God to the point that she did not want to disappoint him and chose to be faithful unto him. Her faithfulness to him included staying a virgin until she got married and then being faithful to her husband. During her childhood, she spent part of her growing up in the projects of Chicago, where she witnessed very little faithfulness or purity around her, even in her household. No matter where she lived as a child, people in her age group considered her a reject. Since most of her young life, she had no friends in her own age group, this drew her closer to God. At the tender age of nine years old, she accepts Christ into her life and gets baptized. After she is baptized, a woman at the church where she was baptized, befriends her, and later asks her if she would marry her son. At nine years old, she agrees to marry the woman's son, whom she has never met. The woman tells her that she will train her to be the wife of her son and that they will get married when she turns twenty-one years old. She tells the child that she will bring her son to church on the following Sunday. From then on, every other Sunday, the young virgin would go to the woman's house for training, until she was grown. During those years of training, the young man she was to marry kept trying to get her to have sex with him and even tried to take it by force. She, on the other hand, let him know that she has chosen to be a virgin bride. In her twentieth year, with only one year to go before their wedding, things go all wrong because of him. Twenty-one more years will pass before they are united in marriage. During those extended twenty-one years, they never lost love for each other, in spite of what happens in their separate lives. The young virgin becomes a virgin bride, but not as expected. Over the years, she strides to live a pure and faithful life unto God, through her first love.

Lacrosse David G. Pietramala,Neil A. Grauer,2006-06-01 For thirty years Bob Scott's Lacrosse has been the ultimate guide to the fastest game on two feet, explaining the men's game at its highest level and promoting the Johns Hopkins philosophy, which has become synonymous with lacrosse excellence. In this long-awaited updated edition, Coach Dave Pietramala, whose Blue Jays won the 2007 and 2005 NCAA men's lacrosse championships, and Neil Grauer, a Hopkins graduate and veteran writer on lacrosse, among other subjects, have reworked every chapter, modernizing sections on rules, equipment, preparation, and tactics. They revisit topics such as drills and skills for specific positions, game strategy, clearing tactics, and the history of the game itself—including a section on the Johns Hopkins contributions to lacrosse. New diagrams and images help to clarify concepts and instructions in the text. Action and instructional photos by Hopkins photographer James Van Rensselaer capture some of the drama from the 2005 championship year and accompany the teaching chapters. Like the Bob Scott book on which it builds, this edition will soon become familiar to every serious student of the sport.

Life is too short, if you have a dream, go for it.’ There were many barriers to succeeding in such a male-dominated field, but Silva refused to give in. She became the first Tongan female airline pilot and worked for the Royal Flying Doctor Service amongst other small airlines then Virgin International, flying B777s around the world. With every new height Silva reached in her career, Ken’s struggle with cancer continued. Despite the hardships, Silva is sure she would dare to do it all over again.
