The Baseball Novel Noel Schraufnagel,2008-08-15 This annotated bibliography covers approximately 400 novels published from 1838 through 2007. A substantial introduction to the history and development of the genre precedes the chronologically arranged entries, which provide bibliographic details and extensive annotations on plot, themes, and compositional strengths and weaknesses. Mainstream novels by writers such as Hemingway, Wolfe, Roth, and DeLillo are included. Appendices provide historical overviews for the primary baseball subgenres, including mystery, fantasy, and science-fiction; lists for novels that foreground issues of race or ethnicity (or both, as in Winegardner's *Vera Cruz Blues*), gender (Gilbert's

A League of Their Own), and class (Hay's The Dixie Association); and the author's rankings of great baseball novels overall and by subgenre.

The Heart of a King 2 Tya Marie,2016-07-12 Still battling the grief of losing her parents, Heart is one of the youngest kingpins running the streets and she uses her power to start a war with Spade. Just like her name, Heart only sees red as she tears through the streets knocking down Spade's pawns like only a real queen would. However, with her soldiers dropping left and right, Heart is forced to take on an unlikely ally: her long lost cousin, Ace. Cunning and mysterious, Ace takes on a new identity and finds himself breaking bread with Spade, his father and enemy. The road to hell isn't easy, but he soon discovers that in Spade's

world it's called Headquarters, a large building in the middle of the hood holding the secrets to Spade's organization. Forced to wear two faces, Ace teeters the blurred lines of being the faithful soldier and the scorned son. Bitter and angered by her sudden replacement, Diamond's eyes are only set on revenge: revenge for the embarrassment of being tossed aside by Spade, revenge for being replaced with someone younger and prettier, and most importantly, revenge for her love being rejected by Spade. With a new alliance formed with King and Ace, Diamond may have the key to Spade's undoing or possibly the last piece of her undoing. Once one of the most respected lieutenants in the hood, King has been exiled and not only has his pride been stolen from him, but a piece of him that can't be replaced. As King comes to term with this sudden life change, he wonders if his condition will ruin any chance he had of reuniting with Heart or will he be able to his queen rule the streets as her king? Once divided by separate goals, Heart, King, Diamond and Ace have now come together to right the wrongs caused by the king of the streets, Spade. Will they be able to overthrow Spade or will he defeat them again and this time have no mercy?

The Heart of a King: In Love with a Savage Tya

Marie, 2016-05-16 Born into one of the most notorious Columbian cartels, Heart "Heart" Romero is a pampered princess who has grown up with everything her heart desires except for one thing: a prince to whisk her away to live happily ever after. Heart's luck turns for the better when she meets King, a fearless hustler with the courage to leave the streets behind for her and the passion to love her right. The couple has their sights set on their fairytale ending when tragedy strikes in the form of the notorious Spade, tearing the pair apart, leaving King heartbroken and unprotected in the mean streets of Brooklyn. At the heart of every love story is a villain and this one is no different. Sitting atop his throne is Spade, a kingpin with a slew of enemies in his wake.

One of which is Diamond, a former lover and soldier of Spade with an ax to grind of her own. After feeling the wrath of Spade's love, Diamond seeks revenge on Spade only to end up literally beaten at her own game. Brought together by the wrath of Spade, King and Diamond are no different, taking him on and ending up with irreparable scars. However, the pair is given a second chance at taking Spade down when a stranger with unknown ties to the kingpin enters the mix. Will the next hand dealt be in their favor? Or will the cards stacked against them fall?

Master of Shadows Mark Lamster, 2010-10-05 Although his popularity is eclipsed by Rembrandt today, Peter Paul Rubens was revered by his contemporaries as the greatest painter of his era, if not of all history. His undeniable artistic genius, bolstered by a modest disposition and a reputation as a man of tact and discretion, made him a favorite among monarchs and political leaders across Europe—and gave him the perfect cover for the clandestine activities that shaped the landscape of seventeenth-century politics. In *Master of Shadows*, Mark Lamster brilliantly recreates the culture, religious conflicts, and political intrigues of Rubens's time, following the painter from Antwerp to London, Madrid, Paris, and Rome and providing an insightful exploration of Rubens's art as well as the private passions that influenced it.
