Dear World Kylie Cardell,2014-12-03 Recent radical changes have altered the form and functions of the diary, from the confession diaries of reality television, how-to diaries, and graphic diaries to the published diaries of war correspondents, the urgent personal writing of Arab women under conflict, and the daily online postings of sex bloggers.

Hidden Things Andrea Boeshaar,2013-09 Kylie had her life all planned out--with marriage to Matthew and a happily-ever-after in their sleepy Wisconsin hometown. But when she opens a wedding invitation and a decades-old faded photograph falls out, she uncovers a side of her mother Kylie never suspected. As she digs into the past, Kylie uncovers a whole world of hidden surprises, including grandparents she never knew existed. Suddenly, Kylie faces a choice between two worlds. . .and doesn't feel she fits in either. As the past changes, so does her whole foundation of security. Kylie Bray Shan R. K,2019-10-26 I had two great loves. The first had the power to weaken me. The second broke me. Vincent Stone was my addiction before he turned out to be my disease.

Our love was forbidden, he was my stepbrother. But that wasn't the worst of it all. No, you see he was a made man and I was his muse. How could life tumble in turfs that are unravelling to the human mind , how could I succumb to this latitude of proportions that take me to this darkness. It's breaking me. I keep believing that the world is whole , that my mind isn't. Its like my soul is pushing me to the place I can't see, but my heart is taking me somewhere else , to a place where I can't fathom, how do I see it happening when my very existence is slipping from my fingers, when I look in the mirror I barely recognise myself. I am just empty, dying. I feel there are days where I want to end it, end this treachery of these unknown parts, I am scared. Oh god help me. This weight is beating me down, taking me in. I breathe every second, telling myself I am human, I should feel something , but I can't because every time I think, everytime I even consider it he goes and takes more lives, he says I am his muse , yet all I see in the mirror all I feel is a monster, a killer. He kills them in my name, he takes their lives because they took me. He makes me watch, he forces me to accept it. I know it's wrong, I know I should stop him, but when he touches me something awakens in me that I can't feel unless I am with him. They say to be strong is to face your

weakness, but how do I face him when he is also my strength.

The Ghost's Assistant Kylie Shannon,2019-11-24 Amorette Belliard doesn't need anyone else. Ever since her father was murdered, she has lived on the streets and taken care of herself. But when her boss sells her out to the very people who killed her father, her world is turned upside down. She is suddenly hunted as well. Damien, an agent working for the academy that killed her father, gives her the opportunity to save herself by hunting another Undesirable named the Opera Ghost, famous for haunting the divas of the Palais Garnier, especially a certain Christine Daaé. It seems the more Amorette tries to escape, the further she becomes entangled. What are Undesirables and why does everyone think she's going to save them? What does this all have to do with her father? How can she save Christine from the Opera Ghost? One thing is for sure, if Amorette doesn't stay one step ahead of everyone, she'll definitely end up dead. The first book in the Amorette Belliard series, *The Ghost's Assistant* runs parallel to *The Phantom of the Opera*, bringing new life to one of the world's most famous stories.

Beautiful Liars Kylie Adams, 2012-03-01 The rich and glamorous never need to sleep alone. At least, that's the theory. Gorgeous, successful, and pampered women like Emma Ronson

and Simone Williams, the hosts of TV's hottest new daily talk show, *The Beehive*, seem to have New York--and all of the men in it--at their feet. But behind the scenes, it's a much different story. . . Emma left a career in serious journalism for daytime popularity, and now she's interviewing barely literate reality stars as she watches her credibility slip away. Even worse, she's also sharing the *Beehive* couch with Sutton, an aging news diva who's doesn't miss a chance to stick her claws into Emma for stealing her media mogul boyfriend. Simone, a Black American Princess and former teen model, is drowning in debt that her *Beehive* salary can't begin to cover, and her famous ex has just crossed the line from stalker to psycho. Caught up in a wild mix of cheating boyfriends, scheming rivals, velvet-rope catfights, backstabbing exes, and bloodthirsty gossip columnists, the city's most beautiful people are about to discover just how ugly life at the top can get. . . Kylie Adams is the author of *Ex-Girlfriends*, *Fly Me to the Moon, Baby, Baby*, and the *USA Today* bestsellers *The Only Thing Better than Chocolate* (with Janet Dailey and Sandra Steffen) and *Santa Baby* (with Lisa Jackson, Elaine Coffman, and Lisa Plumley). She is a contributing editor to *The South*, a regional bimonthly magazine that features her pop culture/humor column, *Kylie Says*. She lives

in Brandon, Mississippi, where she is currently at work on her next novel.

One of Us Kylie Kaden, 2022-05-03 Behind the tall hedges of the affluent, gated community of Apple Tree Creek, not all is as it seems ... Out of the blue, Gertie's husband decides they need a break and he's leaving her with their three children. Two streets east and three gardens down, successful businesswoman Rachael discovers her husband has cheated on her – again – even though she's pregnant with his third child. Thrown together by a chance encounter, the two women bond over the shared disaster that is their marriages. But did one husband push his wife too far? When the ambulance sirens cut through the serenity of Apple Tree Creek, the small community is shocked at the violence that's played out in their midst. CCTV reveals no outsiders visited the estate that night, confirming that the assailant must have been one of their own. Is the culprit still living among them? And why didn't any of the cameras, designed to keep them all safe, catch anything? As the web of neighbourly relationships unravels and the workings of their inner lives are exposed, questions will be asked, but not everyone wants to learn the answers. You can only push people so far.

Student Perspectives on School, 2017-01-01 In order to

increase knowledge and understanding of educational settings as inclusive communities we strive to understand what supports inclusion as well as to critique barriers. Increasingly we are seeking to understand inclusion from the inside, from the perspective of the students. Article 12 of the United Nations Convention on the Rights of the Child upholds children's rights to express their views in matters that affect them and to have those views taken into consideration and acted upon, that is, actively included in decision-making. A serious consideration of Article 12 involves two rights: the right to express a view and the right to have those views given due weight. In this volume we will share a compilation of research from Aotearoa New Zealand and beyond that aimed to access and listen to the views of students. We have brought together voices of students from different educational contexts, seeking their perspectives on learning, wellbeing, disciplinary procedures, literacy intervention and what makes schools good.
