The Rise of Arkillon's Phoenix Luke Logan,Kellen Zanders,2021-07 First book of The Rise of Arkillon's Phoenix Trilogy: Eldaria is a world of breathing winds and living stones, where forces of malice and peace seem to swirl constantly in a dance of sporadic exclamation. In the days of old, the hands of the Guardians molded the fate of the realm as they resisted the mists of shadow. Those ages have since passed, but the rhythmic heartbeat of the struggle remains. And it cannot be ignored forever. Namesiwa is no Guardian. He’s no master of the war-dance of battling sides and rising mists. He’s only an Avaleurian man, striving to form a legacy of woven virtues that will honor his family’s name and compel respect from his wife’s father’s cold eyes. Though he has yet to see the truth of it for himself, his choices are intertwined with the fate of the land, and so the legacy he chooses to claim will dance with the growing shadow. Will it lead Eldaria toward reigns of peace, or malice?

Brandstorm: Surviving and Thriving in the New Consumer-Led Marketplace Liz Nickles,Savita Iyer,2012-11-13 Branding has become ubiquitous, with new brands becoming word-of-mouth successes literally overnight, and many welcome the easy familiarity they bring to daily life. But now brand proliferation is threatening not only to stifle true choice in the marketplace, but to render hard-won brand identities – some decades in the making – meaningless. With today's unprecedented access to thousands of brands a day, via Twitter, Facebook, and the rest, the balance of brand power is shifting irrevocably away from the businesses behind them. In Brandstorm, branding guru Liz Nickles argues that, as a result, the brand is no longer a value proposition in itself, and that marketers and brand managers must stop the dilution and focus on meaningful, market-specific reinvention for those brands that can stand the test of time. She offers the success secrets behind leading brands like Ralph Lauren, Justin Bieber, and Revlon, and how to channel them today.

Henry Darrow: Lightning in the Bottle Jan Pippins ,Henry Darrow,2012 2014 Readers' Favorite International Book Gold Medal for Biography/Autobiography Henry Darrow (born Enrique Tomás Delgado) catapulted to international stardom as sexy complex “Manolito Montoya” in the television Western series The High Chaparral (1967-1971) with Leif Erickson and Cameron Mitchell. He was the first actor of Puerto Rican heritage to star in a television series. Born in New York, but raised in Puerto Rico as a teen, Henry grew up in Tucson, and then he headed to California after receiving an acting scholarship during college. He didn't have instant success in the entertainment industry. From humble beginnings in an unaccredited role in Curse of the Undead (1959) to Wagon Train (1959), General Hospital (1963), and The Outer Limits (1963), among dozens of others, to more prominent roles on Bonanza, Mission: Impossible, and Gunsmoke, he was chosen for the breakthrough role in The High Chaparral. His opportunity finally arrived in a flash. “Henry survived and had a career when if you were Latino, you couldn’t be just good, you had to be beyond great and that’s Henry,” says noted writer/entertainer Rick Najera. At the height of his fame, Henry put his career on the line to open doors for other Latinos. He has continued to break ground for over fifty years as a working actor, and he was recently featured on the PBS series Pioneers of Television. Lightning in the Bottle is the must-read inspirational portrait of the fiercely determined, endearing, and enduring Emmy Award-winning performer. He is also a recipient of the prestigious Ricardo Montalbán Lifetime Achievement Award at the 2012 ALMA (American Latino Media Arts) Awards, Darrow achieved numerous milestones in his career that paved the way for future actors.

It discusses the role of the corporates and its impact on livelihoods of the Adivasis in India. For the Indian state, a significant challenge is to establish a new normative framework for indigenous autonomy based on the values of equality and sustainability. This calls for recognition of the right to self-determination and exercise of collective rights of the Adivasis. The chapters in this volume examine: • 'Exclusion' as a useful framework for analyzing the various axes of inequality that affect the Adivasi communities • How state, development, and Adivasi politics play out in entangled ways in the social, political and legal domains • The interplay of and the deep tension between the promise of legal protection and the realities of inadequate implementation.

After Emancipation David Ellenson, 2004-12-30 David Ellenson prefaces this fascinating collection of twenty-three essays with a remarkably candid account of his intellectual journey from boyhood in Virginia to the scholarly immersions in the history, thought, and literature of the Jewish people that have informed his research interests in a long and distinguished academic career. Ellenson, President of the Hebrew Union College-Jewish Institute of Religion, has been particularly intrigued by the attempts of religious leaders in all denominations of Judaism, from Liberal to Neo-Orthodox, to redefine and reconceptualize themselves and their traditions in the modern period as both the Jewish community and individual Jews entered radically new realms of possibility and change. The essays are grouped into five sections. In the first, Ellenson reflects upon the expression of Jewish values and Jewish identity in contemporary America, explains his debt to Jacob Katz's socio-religious approach to Jewish history, and shows how the works of non-Jewish social historian Max Weber highlight the tensions between the universalism of western thought and Jewish demands for a particularistic identity. In the second section, The Challenge of Emanicipation, he indicates how Jewish religious leaders in nineteenth-century Europe labored to demonstrate that the Jewish religion and Jewish culture were worthy of respect by the larger gentile world. In a third section, Denominational Responses, Ellenson shows how the leaders of Liberal and Orthodox branches of Judaism in Central Europe constructed novel parameters for their communities through prayer books, legal writings, sermons, and journal articles. The fourth section, Modern Responsa, takes a close look at twentieth-century Jewish legal decisions on new issues such as the status of women, fertility treatments, and even the obligations of the Israeli government towards its minority populations. Finally, review essays in the last section analyze a few landmark contemporary works of legal and liturgical creativity: the new Israeli Masorti prayer book, David Hartman's works on covenantal theology, and Marcia Falk's Book of Blessings. As Ellenson demonstrates, The reality of Jewish cultural and social integration into the larger world after Emancipation did not signal the demise of Judaism. Instead, the modern setting has provided a challenging context where the ongoing creativity and adaptability of Jewish religious leaders of all stripes has been tested and displayed.
