Wissum-sagen Niels Lunde, 2020-08-20 *Wissum-sagen* fra midten af 1990'erne blev kendt som en af danmarkshistoriens største svindelnumre. Det er historien om, hvordan en karismatisk og skruppelløs svindler fra Israel forblændede en række danske topadvokater, bankdirektører, revisorer og finansfolk, så de kom til at tro, at han var god for milliarder af kroner og interesseret i at indgå handler og aftaler, der var til alles fordel. Bogen fortæller, hvordan han levede et liv i luksus på Royal Hotel, kørte rundt i en Jaguar og købte en luksusvilla i Vedbæk samt to Ferrarier, uden at nogen anede, at han ikke havde råd til noget af det. Samtidig er det historien om erhvervsadvokaten Christian Harboe Wissums forfærdelige tur gennem det danske retsmaskineri, da han var blevet beskyldt for bedrageri, mandatsvig og underslæb. Christian Harboe Wissum, der efter over et års tovtrækkeri endelig blev frifundet, er blot en af de mange involverede, der har ladet sig interviewe til denne bog, der er mere spændende end selv den mest hæsblæsende thriller. Niels Lunde (f. 1962) er en dansk journalist, erhvervskommentator og tidligere chefredaktør for Berlingske Tidende og Dagbladet Børsen. Han er oprindeligt uddannet cand.scient.pol. fra Aarhus Universitet og har udgivet en lang række både skønlitterære og faglitterære bøger.

Anne, Sanne og Lis Jan Eriksen, 2019-04-26 For 38 år siden bragede Anne Linnet Band ind på den danske musikscene og blev i folkemunde udødeliggjort som Anne, Sanne og Lis. Med efternavnene Linnet, Salomonsen og Sørensen skabte

de sammen en række hits som Det er ikke det, du siger og Måne, sol og stjerner, som de i de følgende år turnerede landet tyndt med. ANNE, SANNE OG LIS er historien om en trio, der blev pionerer for generationer af stærke kvinder og revolutionerede dansk pop og rock. Det er samtidig fortællingen om tre store personligheder, hvis private historier med op- og nedture er en markant del af dansk rocks udvikling fra nichemusik til populærkulturelt forsidestof og millioner af solgte plader. Trioen gik hver til sit efter blot et par år sammen, og ANNE, SANNE OG LIS fortæller også historien om de strålende solokarrierer, de hver især siden skabte, og frem til i dag, hvor de igen står på scenen sammen hen over sommeren 2019. Bogen, der er rigt illustreret, er skrevet af den rutinerede musikkribent Jan Eriksen, der har skrevet om og interviewet Anne, Sanne og Lise mange gange hen over de seneste 30 år.

Meïr Aaron Goldschmidt and the Poetics of Jewish Fiction David Gantt Gurley, 2016-12-09 Meïr Aaron Goldschmidt and the Poetics of Jewish Fiction presents a bold new reading of one of Denmark's greatest writers of the nineteenth century, situating him, first and foremost, as a Jewish artist. Offering an alternative to the nationalistic discourse so prevalent in the scholarship, Gurley examines Goldschmidt's relationship to the Hebrew Bible and later rabbinical traditions, such as the Talmud and the Midrash. At the same time, he shows that Goldschmidt's midrashic style in a secular context predates certain narrative movements within Modernism that are usually associated with the twentieth century and especially Czech writer Franz Kafka. Goldschmidt was remarkable in his era, both as a writer who explored his peripheral identity in the mainstream of European culture and as a writer of the first truly Jewish bildungsroman. In this groundbreaking study of Goldschmidt's narrative art, Gurley refashions his position in both the Danish and Jewish literary canons and introduces his extraordinary work to a wider, non-Scandinavian audience.

Exploring Greenland Ronald E. Doel, Kristine C. Harper, Matthias Heymann, 2016-07-06 Using newly declassified documents, this book explores why U.S. military leaders after World War II sought to monitor the far north and understand the physical environment of Greenland, a crucial territory of Denmark. It reveals a fascinating yet little-known realm of Cold War intrigue and a delicate diplomatic duet between a smaller state and a superpower amid a time of intense global pressures. Written by scholars in Denmark and the United States, this book explores many compelling topics. What led to the creation of the U.S. Thule Air Base in Greenland, one of the world's largest, and why did the U.S. build a nuclear-powered city under Greenland's ice cap? How did Danish concern about sovereignty shape scientific research programs in Greenland? Also explored here: why did Denmark's most famous scientist, Inge Lehmann, become involved in research in Greenland, and what international reverberations resulted

from the crash of a U.S. B-52 bomber carrying four nuclear weapons near Thule in January 1968?

Om at gøre en forskel Caroline Boserup, Illa Westrup Stephensen, 2012-11-23 Der er stor vilje og handlekraft i befolkningen til at gøre en forskel for andre mennesker. Socialt iværksætteri er blevet stort, og ganske almindelige, men initiativrige danskere skaber store resultater – fra Vejle til Vestafrika. I Om at gøre en forskel kan du læse om, hvordan Christopher og David hjælper flygtninge med at finde deres familie på tværs af verden. Læs om, hvorfor Natteravnene får knus i det danske natteliv. Læs om, hvad der sker, når man giver ressourcessvage unge opmærksomhed, anerkendelse og hjælp til personlig udvikling. Læs om, hvilken forskel det kan gøre at holde en juleaften 'som en rigtig familie', når man ellers har haft en opvækst på diverse hjem og institutioner. Og læs om, hvilken forskel det gør, at Maternity Worldwide skaffer midler til, at kvinder i Etiopien kan få en sikker fødsel. Caroline Boserup og Illa Westrup Stephensen fortæller fem gribende historier om danske, meget forskellige – men succesrige – sociale iværksættere: Natteravnene, Baglandet, Team Succes, Maternity Worldwide og Refugees United. Og de inddrager en række eksperter, der giver deres indspark til svære discipliner som finansiering, professionalisering og synlighed, som er uomgængelige, hvis den gode ide skal realiseres og faktisk gøre en forskel.

Smallholders and Stockbreeders P. Boomgaard, David E.F. Henley, 2021-11-15 Historians of Southeast Asia have traditionally preferred to write about politics and culture rather than economics and ecology, and where they have looked at the history of agriculture they have most often concentrated on cash crops like sugar, coffee and rubber which figure prominently in colonial records. Smallholders and stockbreeders, by contrast, provides a rare survey of the history of foodcrop farming, and a unique look at the history of animal husbandry, in the Southeast Asian region. Thirteen contributions by an international selection of expert authors cover topics ranging from the agricultural economy of precolonial Java to the growth of rice production in the Mekong Delta since 1950, and from the breeding of horses on the northern borderlands of mainland Southeast Asia to the production and consumption of beef in the Philippines. New light is shed on old questions regarding the directions in which Southeast Asian agriculture has evolved over the centuries, and new questions raised regarding the cultural, demographic, economic and political determinants of farming practices. While the geographical and chronological scales of analysis vary, most chapters deal with relatively large areas and with developments over periods of 100 years or more. Besides production for subsistence, commercial aspects of livestock and foodcrop farming are also given due attention and prove to have been important in many parts of the region from very early periods. Smallholders and stockbreeders is essential reading for anyone interested in the agricultural history of Southeast Asia, whether for its own sake, or in connection with other aspects of regional history, or for purposes of comparison with other parts of the world.

Living in Daylight Maria-Therese Hoppe, 2008

Postcolonial Denmark Lars Jensen, 2018-06-28 This book adopts a global approach to analysing Danish nationhood in

the current context of a Europe paralysed by crises. Focusing on the global strands which have produced understandings of national selfhood as a consequence of a series of historical and contemporary global encounters, it calls for the production of narratives which better capture how European nations, including Denmark, are shaped by narratives that cannot be understood in (national) isolation, but are contingent on ideas about the nation's globality. In historical terms, this entails examining how colonialism shaped national self-perceptions; in a contemporary context, it requires looking at colonialism's unfinished business. The first chapters revisits colonialism throughout the Danish empire. In the second section, the book revisits Danish (post-1945) attempts to restage global interventions and military intervention since 2000, and considers how migration since 1965 has led to a profound questioning of relationships with the non-European world – and increasingly with Europe itself. Postcolonial Denmark situates Denmark at the centre of a number of current and ever more urgent challenges facing Europe. As such, it will appeal to scholars of sociology, political science and cultural studies with interests in Europe, the Nordic region through a postcolonial, a whiteness and a decolonial inspired approach.
