Inviting a Monkey to Tea Nancy Colier, 2015-03-15 To invite a monkey to tea is to befriend our own mind—which is often compared to a drunken monkey for all its mad twists and turns. A wild monkey is full of irrepressible desires, and thus chases its own tail in its search for happiness! This book is about learning to welcome the mind as ally without fear or resistance, thus relaxing that frantic search and resting in the joy of who we already are. As a psychotherapist, author Nancy Colier has accompanied hundreds of people in their search for happiness for nearly two decades. She has watched her clients try everything under the sun to be-and stay-happy. Witnessing and participating in this process, she has become an expert in happiness, or more specifically, in the monkey-mind's search and demand for it, and the unhappiness that all the striving ultimately creates. Along the way, the author has come to understand the workings of the mind—both from her clients and by her own diligent practice of meditation and self-observation. This book distills the wisdom and experience of her dedicated work, and offers readers a roadmap of the territory of mind, plus a toolbox of practical means for identifying and working gently with the unrealistic expectations that keep us from the enjoyment of who we are. *Inviting a Monkey to Tea* explains how to: \* Identify addictive (and dead-end) approaches to happiness \* Build a new relationship to self-caretaking, putting aside the tyranny of blame, fear, neglect and perfectionism \* Befriend the mind, with gentleness and compassion \* Enter and stay rooted in the present moment \* Live with genuine wellbeing and lasting contentment This book takes the wisdom of Eastern philosophy and presents it in a way that people can feel safe to approach, understand, and ultimately apply within their lives. The book is a handshake between self-help and dharma (spiritual teaching). The author walks the reader, step by step, through the process of spiritual change toward and into a new identity-free from dependency on the idea of happiness as savior. Reading this book will generate its own profound metamorphosis. Readers will be softened, as they learn of others like themselves who have moved into this domain of self-acceptance. Nancy Colier is a brilliant guide who clearly marks this trail with her own presence, kindness and compassion. At this tea party the reader can relax, renew intention, self-examine, and choose a new road to lifelong contentment. Nancy Colier reconsiders happiness in a way that dispels our illusions about it, bringing the joy we seek ever closer to us. Written from the perspective of someone who has walked the roads she takes us down. -- MARIANA CAPLAN, author *Eyes Wide Open: Cultivating Discernment on the Spiritual Path*. An outstanding guidebook for journeying beyond futile and superficial searches for happiness to cultivating deep and abiding sources of well-being and grounded presence. -- DIANE BERKE, Founder & Spiritual Director, One Spirit Learning Alliance/One Spirit Interfaith Seminary. An engaging and readable guide to the process of befriending ourselves, discovering our intrinsic well-being, and beyond that, grounding in open, wakeful presence free from the grip of thought and emotion. The book's straightforward, unpretentious style makes this journey accessible to everyone. Highly recommended. -- JOHN WELWOOD, author *Toward a Psychology of Awakening*.

*All Horse Systems Go* Nancy S Loving,2014-01-01 A ridden horse is an athletic horse, and just as a human athlete needs to gauge his diet, condition his cardiovascular and respiratory systems, and take meticulous care of his muscles, bones, and ligaments, so too must the rider maintain these systems in her horse. Now, for the first time in one, full-color comprehensive book, Dr. Nancy S. Loving, noted equine veterinarian and dressage, event, and distance riding competitor, addresses the singularly challenging needs of keeping the working horse in working order. With chapters devoted to cardiovascular, respiratory, neurological, digestive, and reproductive health, as well to the hooves, bones, joints, tendons and ligaments, muscles, and skin, Dr. Loving provides a thorough understanding of the intricacies of the equine body. However, this is not just another veterinary manual. While diseases are indeed clearly explained, and relevant diagnostic tools and methods of prevention and treatment are offered for various ailments, Dr. Loving sets her book apart by diligently applying her scientific knowledge to the practical needs of every pleasure, sport, and performance horse owner—whether you simply hack with friends or compete at the highest level. Over 500 color photographs and 4,000 index entries suitably enrich this consummate text. Whether used as a study guide to better understand your equine athlete or as a quick-find reference when you notice a mysterious new swelling on his near foreleg, *All Horse Systems Go* is the integral ingredient to ensuring your horse can perform to the very best of his ability, whatever his task may be.

*The Lotus Eaters* Tatjana Soli, 2010-03-30 A New York Times Best Seller! A New York Times Notable Book! A unique and sweeping debut novel of an American female combat photographer in the Vietnam War, as she captures the wrenching chaos and finds herself torn between the love of two men. On a stifling day in 1975, the North Vietnamese army is poised to roll into Saigon. As the fall of the city begins, two lovers make their way through the streets to escape to a new life. Helen Adams, an American photojournalist, must take leave of a war she is addicted to and a devastated country she has come to love. Linh, the Vietnamese man who loves her, must grapple with his own conflicted loyalties of heart and homeland. As they race to leave, they play out a drama of devotion and betrayal that spins them back through twelve war-torn years, beginning in the splendor of Angkor Wat, with their mentor, larger-than-life war correspondent Sam Darrow, once Helen's infuriating love and fiercest competitor, and Linh's secret keeper, boss and truest friend. Tatjana Soli paints a searing portrait of an American woman's struggle and triumph in Vietnam, a stirring canvas contrasting the wrenching horror of war and the treacherous narcotic of obsession with the redemptive power of love. Readers will be transfixed by this stunning novel of passion, duty and ambition among the ruins of war.

*From Little Houses to Little Women* Nancy McCabe, 2018-01-29 A typical travel book takes readers along on a trip with the author, but a great travel book does much more than that, inviting readers along on a mental and spiritual journey as well. This distinction is what separates Nancy McCabe's *From Little Houses to Little Women* from the typical and allows it to take its place not only as a great travel book but also as a memoir about the children's books that have shaped all of our imaginations. McCabe, who grew up in Kansas just a few hours from the Ingalls family's home in Little House on the Prairie, always felt a deep connection with Laura Ingalls Wilder, author of the Little House series. McCabe read *Little House on the Prairie* during her childhood and visited Wilder sites around the Midwest with her aunt when she was thirteen. But then she didn't read the series again until she decided to revisit in adulthood the books that had so influenced her childhood. It was this decision that ultimately sparked her desire to visit the places that inspired many of her childhood favorites, taking her on a journey that included stops in the Missouri of Laura Ingalls Wilder, the Minnesota of Maud Hart Lovelace, the Massachusetts of Louisa May Alcott, and even the Canada of Lucy Maud Montgomery. *From Little Houses to Little Women* reveals McCabe's powerful connection to the characters and authors who inspired many generations of readers. Traveling with McCabe as she rediscovers the books that shaped her and ultimately helped her to forge her own path, readers will enjoy revisiting their own childhood favorites as well.

*Go the Distance* Nancy S. Loving, 1997 This information-packed international bestseller should be on every endurance and competitive trail rider's shelf. To spend hour after hour on the back of a horse is a dream come true for many riders. To ride for miles--25, 50, or even 100--on a fit horse, is an extremely satisfying experience, whether done in competition or just for pleasure. This thrill does not come easily however; it requires immense dedication from the rider and a lot of hard work from the horse. No other equestrian sports demand such a continuous training effort as do endurance and competitive distance riding. To reach the highest level of the sports--competing in a 100-mile ride--requires years of careful conditioning. Even a 25-mile ride demands close attention

to every nuance of a horse's being--during the many miles of work beforehand and during the competition itself. It is the horse's welfare that must come above all else.

Nancy's Unconditional Love Christine Duff Scott, 2010 This novel is a true novel of Nancy Hall Duff's life. Nancy's life was full of love, romance, faith, encouragement, and care for her family, friends and others. The story is about a young girl, Nancy, who grows up in a large family, her mother teaching her all the things to be done in the home because she had arthritis real bad and wanted her daughter to know how to take care of a family. Because of an accident, her mother passed away when Nancy was only 12 years of age. Nancy, then had to take care of her family. She was the oldest girl and her sisters were younger. Her Father was a farmer, with livestock, a lot of land, with crops that had to be planted and harvested with the help of many hired hands. Nancy cooked 3 meals a day for everyone, washed the dishes, cleaned house, raised a garden, washed the clothes by hand, ironing, in those days they had to do their own sewing, and many other chores. (Without all the conveniences of today of electricity and automatic machines.) Nancy married at age 17 to Ira Duff. They began a family...and then they had a tragedy happen. She stayed by her man, through the good times and the not so good times. They were separated for awhile, but distance could not keep them apart. They moved many times to avoid the tragic outcome of an incident. Nancy and Ira had sixteen (16) children and were married for more than fifty-five years. Nancy lived a long life of 94 years. This is their story... It is the author's desire that you will appreciate the life of a young woman and man beginning a very full life and the many obstacles that came with trying to raise a family, make a living and having something that just won't go away that they had to deal with it for eleven long years. You must read the novel to see how they survived the many trials. Their Love, Faith, and Courage to keep going one day at a time. You will laugh, cry and maybe get mad when you read this novel. You won't want to put it down...
