Craig Marshall: Australian National Team beach coach for three Olympics. Nearly 20 years coaching on the international professional beach tour. You may know a few of these coaches, at least by reputation. Chances are there are some you've never heard of at all, though. The thing they share is lots of success in their particular volleyball arena, or in some cases across multiple arenas. They each have things they can share with you about how they got to where they are, including mistakes they've made along the way. What is Volleyball Coaching Wizards? The Volleyball Coaching Wizards project is about identifying great coaches from all categories of volleyball and making their experience, insights, and expertise available to people all over the world. We interview coaches from across the globe, all age groups, both genders, all competitive levels, indoor and beach. They share with us their philosophies, their thought processes, and their methodologies. We then share that with you. This is not about drills and games. There are other great places to get that type of material. Instead, Volleyball Coaching Wizards is about the thinking that surrounds the technical and tactical side of things. It's about letting you see what great volleyball coaches have in common, and where they differ despite all having great success over their career. There are two main goals of the Wizards project. One is to provide information and inspiration to volleyball coaches everywhere. The other is to help develop a real volleyball coaching literature, one which matches what can be found in other sports. The Trouble with Friendship Benjamin DeMott,1998-01-01 In this book, a well-known social critic draws on evidence from films, television, literature and advertising to argue that many Americans have been lulled by the media into believing that racial problems can be mitigated by blacks and whites working together to reconcile their differences.

Agatha H. and the Siege of Mechanicsburg Phil Foglio,Kaja Foglio,2020-03-17 In a time when the Industrial Revolution has become an all-out war, mad science rules the world—with mixed success. In *Agatha H and the Siege of Mechanicsburg*, Agatha Heterodyne, the last of the Heterodyne family, has returned to her family's hereditary town with the might of the Wulfenbach Empire hot on her heels. The only thing holding off an outright attack is Gilgamesh Wulfenbach, the heir to the Empire, who has joined Agatha and her friends inside the great artificially intelligent fortress of Castle Heterodyne. Now they must race to repair the mechanisms that once allowed the Castle to defend Mechanicsburg, before the rest of Europa shows up to take all the revenge the mad Heterodynes of the past so richly earned. From the Hugo Award–winning *Girl Genius* online comics comes this fourth book in the *Agatha H.* series, and like the previous three books, it will engage you in a unique world of adventure, romance, and mad science!

Pirate Therapy and Other Cures Mark A. Rayner,2012-03-01 Ever wondered what might happen if your therapist was replaced by a pirate? Or how disquieting it would be to receive postcards from your future self? If William Shatner was elected President of the United States, what would his inaugural address sound like? Mark A. Rayner tackles these, and stranger, questions in his collection of short stories, essays and flash fiction that thrum with the absurd and hum with alienation, all to a humorous beat. Jesus contends with dinosaurs. Marcel Duchamp describes what happens to a Dadaist who has a monkey's tail grafted to his butt. Whether he is explaining how Anne of Green Gables destroyed the world, or outlining Thor's new PR strategy, Rayner entertains with wit, humor and an imagination that is one step short of certifiable.

The Explorer's Code Kitty Pilgrim,2012-05-29 Prominent oceanographer Cordelia Stapleton teams up with archaeologist John Sinclair to find a deed she inherited that is also being sought by a consortium of underworld criminals, a quest that results in a high-stakes chase.

Marvellous Hairy Mark A. Rayner,2010-07 So hair is sprouting in unspeakable places and you can no longer carry a tune, but if you're a surrealistic artiste with an addiction to Freudian mythology and guilt-free sex, turning into a monkey has its upsides. Nick Motbot may be evolving as a novelist, but his friends aren't too sure about his DNA -- at least, not since Gargantuan Enterprises started experimenting with it. And once they figure out what's happening to him, they decide to set things right. MARVELLOUS HAIRY is a satirical novel about a group of friends sticking it to the man the only way they know how, with equal parts grain alcohol and applied Chaos Theory.
