Pro Express.js Azat Mardan,2014-12-26 Pro Express.js is for the reader who wants to quickly get up-to-speed with Express.js, the flexible Node.js framework. Author Azat Mardan clearly explains how to start developing with Express.js with a basic 'Hello World', and then delves into a deep API reference, before looking at common and abstract development problems. Lastly, you will learn how to build a series of real-world apps in order to cement your knowledge. In order to get the best from this book, you will be familiar with Node.js scripts and able to install packages using npm. In the deep API reference, each aspect of the Express.js API is explained clearly with a simple exercise to demonstrate its usage. This includes configuration, settings and environments; different middleware and its uses; templating engines; extracting parameters and routing; request and response; error handling; and running an app. In the next part you'll delve into abstraction, streams, authentication, multithreading, Socket.io, security, and more complex modules. You will also learn about smaller frameworks built using Express.js, such as Sails.js, and Derby. Finally you'll build real-world apps including a

REST API, Todo App, and Instagram gallery. Express.js is used by a range of well-known companies such as MySpace and Storify, and it's becoming more and more likely that it'll be a required skill for new developers. With this book you can skip learning via complicated documentation, and get the information from a developer who's been using Express.js for long enough to explain things well. Add Pro Express.js to your library today.

Express.js Guide Azat Mardan, 2014-05-28 The Comprehensive Book on Express.js The in-depth, detailed, hand-on manual on Express.js, the most popular Node.js framework. Will get you up and running fast and save you time. Understand the concepts, learn the best practices. Become an Express.js expert today. Express.js API reference, quick start guides, 20+ meticulously explained examples and tutorials -- over 270 pages with more than 60 illustrations. Quick Start The Interface Tips and Tricks Tutorials and Examples Why Express.js is the most popular Node.js web framework yet. As of this writing (September of 2013), there are no books that are solely dedicated to it. Its official website has bits of insights for advanced Node.js programmers. However, I found that many people -- including those who go through HackReactor7 program and come to my Node.js classes at General Assembly and pariSOMA -- are interested in a comprehensive resource. The one that would cover all the different components of Express.js work together in a real production-like application. The goal of Express.js Guide is to become such resource. What This Book is Express.js Guide is a concise book on one particular library. This book contains Express.js API 3.3.58 description, the best practices on code organization and patterns, real-world examples of web apps. The topics include but not limited to middleware, command-line interface and scaffolding, rendering templates, extracting params from dynamic URLs, parsing payloads and cookies, managing authentication with sessions, error handling and prepping apps for production. For more details and for what exactly the book covers, please refer to the Table of Contents. What This Book is Not This book is not an introduction to Node.js, nor is it a book that covers all aspects of building a modern day web application, e.g., websockets, databases and (of course) front-end development. Keep in mind that readers also won't find in Express.js Guide a resource for learning programming and/or JavaScript fundamentals. You might want to take a look at Rapid Prototyping with JS9 for the introduction to Node.js, MongoDB and front-end development with Backbone.js. In the real-world and especially in Node.js development, due to its modularized philosophy, we seldom use just a single framework. In the book, we have tried to stick only to Express.js and leave everything else out as much as possible, without compromising the usefulness of examples. Therefore, we intentionally left out some important chunks of web developments, for example databases, authentication and testing. Although these elements are

present in tutorials and examples, they're not explained in detail. For those materials, you could check books in the Related Reading and Resources section at the end of the book. Who This Book is For This book is for people fluent in programming and front-end JavaScript. In addition, to get the most benefits, readers must be familiar with basic Node.js concepts like process and global, and know core modules, including streams, clusters and buffer type. If you're thinking of starting a Node.js app, or of rewriting an existing one, and your weapon of choice is Express.js -- this guide is for you! It will answer most of your how and why questions.

OSMAN ZEKİ ÖZTURANLI’NIN TİYATROLARI DR. ÖZNUR ÖZDARICI, 2021-06-28 Kaynaklarda hikâyeci özelliğinin yanı sıra yalnızca bir tiyatro eserinden bahsedilen Osman Zeki Özturanlı, hikâyeleri kadar tiyatro eserleri ile de adından söz ettirecek bir yazardır. Bu çalışmada 1926-1982 yılları arasında yaşamış ve elli altı yıllık ömrüne hikâye, tiyatro ve şiir türünde yazdığı eserleri sıdırmış bir yazar olan Özturanlı’nın tiyatrolarını konu almaktadır. Yazarın “Batak Göl”, “Evlatçıklar”, “Paşanın Çiftliği”, “Şkramiye” adını taşıyan dört tiyatro eseri ile Türk Dili Dergisi’nde yayımlanmış olan “Çiçek Değil, Ekmek...” adlı kısa bir televizyon oyunu bulunmaktadır. Çalışmada ilk olarak Özturanlı’nın hayatı, eserleri ve edebî kişiliği üzerinde durulmuştur. Tiyatrolarının konularına değinildikten sonra eserler yapı unsurları, sahneleme tekniği, tema, dil ve anlatım özellikleri açısından incelemeye tabi tutulmuştur. Gerek kurgusu gerekse ele aldığı konular ve yazarın üstün gözlem yeteneğini gözler önüne seren metinler olması açısından Osman Zeki Özturanlı’nın tiyatroları, Türk tiyatro tarihimiz için bir devrin ruhunu sezdirenen ve Cumhuriyet dönemi Türk edebiyatı içerisinde ayrı bir öneme sahip metinler olarak değerlendirilmelidir. Sonraki dönemlerde edebiyat tarihleri içerisinde yer alacak olan bu eserlerde çevresine, insana ve olaylara ince bir dikkatle yaklaşan, köy ve kasabalarda yaşayan insanların duygularına tercüman olan hassas bir aydının dikkati sezilmektedir. Kaynağını insan sevgisi ve üfkatinden alan bu metinler insanoğlu ve ona ait problemler var oldukça değerinden bir şey kaybetmeksizin okunmaya ve anlaşılmaya devam edecektir.

Vacaciones en el Cáucaso María Iordánidu, 2020-07-01 Una mañana de julio de 1914, Ana, una adolescente de Constantinopla, abandona la casa familiar donde vive junto a su querida abuela Loxandra para pasar un mes de vacaciones en Stávropol, en el Cáucaso. Sin embargo, apenas comienza el viaje, pierde a su tía entre el gentío de la estación de Batumi, desde donde debían partir juntas. Tras dos meses errando por Rusia, llega finalmente a Stávropol, donde tiene que buscar un empleo como profesora de inglés para salir adelante. Contra todo pronóstico, el estallido de la Primera Guerra

Mundial y la Revolución rusa le impedirán regresar a su hogar durante cinco años, en los que aprende ruso, se aficiona a la cocina eslava, se adapta a los largos inviernos, hace suyas las costumbres de su nueva familia y conoce el amor. María Iordánidu hilvana en *Vacaciones en el Cáucaso* un relato tan trepidante y emotivo como su propia vida, que relata con el mismo frescor, dinamismo e inconfundible sentido del humor con los que ya dio vida a su inolvidable Loxandra. María Iordánidu logra combinar la historia personal–intrahistórica–con la historia universal, el tiempo en el que se insieren los personajes. Darío Luque, Anika entre Libros

A New History of Ireland, Volume I Dáibhí Ó Cróinín,2005-02-24 A New History of Ireland is the largest scholarly project in modern Irish history. In 9 volumes, it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory, from the earliest geological and archaeological evidence, through the Middle Ages, down to the present day. Volume I begins by looking at geography and the physical environment. Chapters follow that examine pre-3000, neolithic, bronze-age and iron-age Ireland and Ireland up to 800. Society, laws, church and politics are all analysed separately as are architecture, literature, manuscripts, language, coins and music. The volume is brought up to 1166 with chapters, amongst others, on the Vikings, Ireland and its neighbours, and opposition to the High-Kings. A final chapter moves further on in time, examining Latin learning and literature in Ireland to 1500.

Ann Veronica H. G. Wells,2023-03-03 Em uma tarde de quarta-feira no fim de setembro, Ann Veronica Stanley veio de Londres em um estado de agitação solene e bastante decidida a resolver tudo com o pai naquela noite mesmo. Ela já havia hesitado a respeito dessa resolução anteriormente, mas desta vez estava se sentindo mais decidida. Uma crise havia chegado, e ela estava quase feliz por isso. Convenceu-se no trem a caminho de casa de que aquela seria uma crise decisiva. É por isso que este romance se inicia com ela ali, nem antes nem depois, pois é a história dessa crise e

de suas consequências que este romance tem a contar.

Rubens si femeile neeuclidiene. Patru dramolete Peter Esterhazy,2013-07-15 Cu acest volum de teatru, banuiala devine certitudine. Peter Esterházy este un univers egal cu sine insusi, indiferent de genul in care se manifesta. De o densitate baroca, suferind de o inteligenta nestavilita si, prin urmare, pline de umor, dramoletele autorului maghiar au darul de a-l transforma pe cititor, rand cu rand si replica cu replica, intr-un prizonier. Jocul temelor si mizelor, deturnarea referintelor culturale dintr-un spatiu de o gravitate muzeografica spre reinventari parodice savuroase, abordarea ascutita a unor idei politice sau a unor cutume istorice, maniera in care schimba sensul unor adevaruri batatorite, mutand accentele, rastalmacirile filosofice si coloratura aproape pop a jerbelor imaginarului sunt marcile prin care Peter Esterházy isi legitimeaza renumele de cel mai postmodern autor din spatiul estic. Ultima piesa a volumului de fata, Treizeci si trei de variatiuni pe craniul-Haydn, reprezinta o premiera editoriala. Peter Esterhazy (nascut in 1950, la Budapesta, intr-una dintre cele mai vechi si renumite familii aristocratice maghiare) este, probabil, scriitorul ungar cel mai cunoscut si apreciat pe plan international in momentul de fata, una dintre vocile si constiintele literare definitorii pentru problematica spatiului central si est-european contemporan. A urmat initial studii de matematica la universitatea din orasul natal si a lucrat ca matematician intre 1974 si 1978; a debutat in 1978, in gazete literare, iar din 1978 s-a dedicat in intregime scrisului. Este autorul unei opere vaste, ce cuprinde romane, nuvele, piese de teatru, eseuri, studii, publicistica, traduse in douazeci si cinci de limbi si incununate cu numeroase distinctii nationale (printre care prestigiosul premiu Kossuth, in 1996) si internationale (Herder, in 2002, Grinzane Cavour, in 2004, Premiul Pacii al Uniunii Editorilor si Librarilor din Germania, in 2004, Premiul de Excelenta al Institutului Cultural Roman, Premiul Grinzane-Beppe Fenoglio din Italia, in 2007 s.a.). Printre operele sale cele mai cunoscute se numara *Harmonia cælestis*, *Verbele auxiliare ale inimii*, *Cartea lui Hrabal*, *Privirea contesei Hahn-Hahn*, *Putina curvasarie maghiara*, *O femeie*, *Nicio arta*.

BollySwar: 1981 - 1990 Param Arunachalam, 2020-04-14 BollySwar is a decade-wise compendium of information about the music of Hindi films. Volume 6 chronicles the Hindi film music of the decade between 1981 and 1990. This volume catalogues more than 1000 films and 7000 songs, involving more than 1000 music directors, lyricists and singers. An overview of the decade highlights the key artists of the decade - music directors, lyricists and singers - and discusses the emerging trends in Hindi film music. A yearly review provides listings of the year's top artists and songs and describes the key milestones of the year in Hindi film music. The bulk of the book provides the song listing of every Hindi film album released in the decade. Basic information about each film's cast and crew is provided and detailed music credits are provided. Where available, music credits go beyond information regarding music directors, lyricists and singers, and include the names of assistants, arrangers, recordists, etc. Where applicable, music related awards are listed. Interesting trivia is listed for most films. This includes information about artist debuts, plagiarised or sampled songs, controversies and stories behind the making of the film and its music. This book is primarily meant as a quick reference for people looking for information related to a Hindi film or a song, but readers can also browse through the book to get an overview of the events that shaped Bollywood music in the decade. Given that Hindi films are a reflection of the Indian society, the reader can also glean insights about the country's socio-political and cultural environment from the book.
