Shit I Forgot Again Penny Quill,2019-05-07

Protect your usernames and passwords with this disguised password journal!Are you always forgetting your logins, usernames and passwords? Do you have lots of sticky notes or labels around the house to remember them? Would you like to find a better way?Shit I Forgot Again is a secret password book that is disguised as a possible memoir or funny novel. Add all your website information in one handy place to organize your internet life. This is a password keeper with a difference. It was created so that opportunist thieves won't know what it is at a glance. By removing words like passwords or security from the cover, it means that you can hide it in plain sight on your bookshelf at home with other books. What you can expect from this internet password organizer: Tabbed effect alphabetical page sAre you looking for a password book with tabs? Shit I Forgot Again is a password journal with printed alphabetical tabs running down the edge of the pages. Flick the pages to find your passwords quickly and easily. Disguised cover to hide your personal information (helps keep your passwords safe)There are several password logbooks on the market but this one was created so it could be hidden in plain sight. It looks like a humorous book from the outside but inside there are 3 boxes for your login information on each page.Section on creating secure passwordsThere are risks to however a password is stored. These can be from online thieves or opportunist burglars. At the front of the book is a brief section for creating

a secure password that can be written down but can't be used by someone who has the book. Notes and other pages to add other useful information like software licenses. There is a section at the back to add information that won't fit in the usual password boxes. There are notes pages but also places to add home network settings and license information. If you have a friend coming around who wants to use the WiFi, just add it in here and you will be able to instantly find it when you need it. More space to write in your information. This handy-sized password keeper is 6 inches wide by 9 inches high for more space to write in your login information. There are 3 boxes per page. If you are looking for a password book that is a bit different, look no further. Write down your usernames and passwords with more peace of mind with the added security advice. If you are looking for a password book with plenty of space to write in, get this today!

What the Elephant Forgot Penny Quill, 2019-05-22

Protect your usernames and passwords with this disguised password journal! Are you always forgetting your logins, usernames and passwords? Do you have lots of sticky notes or labels around the house to remember them? Would you like to find a better way? What the Elephant Forgot is a secret password book that is disguised as a paperback about elephants. While this could be a novel set in Africa or non-fiction book about this endangered species, you can add all your website information in one handy place to organize your internet life and to increase your web security. The attractive design is a password keeper with a difference. It was created so that opportunist thieves won't know what it is at a glance. This means that you can hide it in plain sight on your bookshelf at home with other books. What you can expect from this internet password organizer: Tabbed effect alphabetical pages Are you looking for a password book with tabs? What the Elephant Forgot is a password journal with printed alphabetical tabs running down the edge of the pages. Flick the pages to find your passwords quickly and easily. Disguised cover to hide your personal information (helps keep your passwords safe) There are several password logbooks on the market but this one was created so it could be hidden in plain sight. It looks like a flower book with a vintage design from the outside but inside there are 3 boxes for your login information on each page. Section on creating secure passwords There are risks to however a password is stored. These can be from online thieves or opportunist

burglars. At the front of the book is a brief section for creating a secure password that can be written down but can't be used by someone who has the book. Notes and other pages to add other useful information like software licenses. There is a section at the back to add information that won't fit in the usual password boxes. There are notes pages but also places to add home network settings and license information. If you have a friend coming around who wants to use the WiFi, just add it in here and you will be able to instantly find it when you need it. More space to write in your information. This handy-sized password keeper is 6 inches wide by 9 inches high for more space to write in your login information. There are 3 boxes per page. Large Print Text. All text in this password book are sized 16 and above throughout because no one wants to squint when they are in a hurry looking for their usernames or passwords! If you are looking for a password book that is a bit different and you love elephants, look no further. Write down your usernames and passwords with more peace of mind with the added security advice. If you are looking for a diary with plenty of space to write in, get this today

orthodox old syrians
gregorians chaldeans
dominicans and
franciscans
**tiny churches by dixie
wills goodreads** - Jul 05
2022

web jan 1 2017
representing a unique
slice of british local
history and attitudes
tiny churches are the
great survivors of the
world unlike grand
cathedrals they were
built to serve more
humble ends but they
withstood centuries of
religious unrest and the
victorian church
improvers to survive
into this most
irreligious of centuries
