Sharony Green

Remember Me to Miss Louisa Sharony Green, 2015-07-31 It is generally recognized that antebellum interracial relationships were notorious at the neighborhood level. But we have yet to fully uncover the complexities of such relationships, especially from freedwomen's and children's points of view. While it is known that Cincinnati had the largest per capita population of mixed race people outside the South during the antebellum period, historians have yet to explore how geography played a central role in this outcome. The Mississippi and Ohio Rivers made it possible for Southern white men to ferry women and children of color for whom they had some measure of concern to free soil with relative ease. Some of the women in question appear to have been fancy girls, enslaved women sold for use as prostitutes or mistresses. Green focuses on women who appear to have been the latter, recognizing the problems with the term mistress, given its shifting meaning even during the antebellum period. *Remember Me to Miss Louisa*, among other things, moves the life of the fancy girl from New Orleans, where it is typically situated, to the Midwest. The manumission of these women and their children—and other enslaved women never sold under this brand—occurred as America's frontiers pushed westward, and urban life followed in their wake. Indeed, Green's research examines the tensions between the urban Midwest and the rising Cotton Kingdom. It does so by relying on surviving letters, among them those from an ex-slave mistress who sent her love to her former master. This relationship forms the crux of the first of three case studies. The other two concern a New Orleans young woman who was the mistress of an aging white man, and ten Alabama children who received from a white planter a \$200,000 inheritance (worth roughly \$5.1 million in today's currency). In each case, those freed people faced the challenges characteristic of black life in a largely hostile America. While the frequency with which Southern white men freed enslaved women and their children is now generally known, less is known about these men's financial and emotional investments in them. Before the Civil War, a white Southern man's pending marriage, aging body, or looming death often compelled him to free an African American woman and their children. And as difficult as it may be for the modern mind to comprehend, some kind of connection sometimes existed between these individuals. This study argues that such men—though they hardly stand excused for their ongoing claims to privilege—were hidden actors in freedwomen's and children's attempts to survive the rigors and challenges of life as African Americans in the years surrounding the Civil War. Green examines many facets of this phenomenon in the hope of revealing new insights about the era of slavery. Historians, students, and general readers of US history, African American studies, black urban history, and antebellum history will find much of interest in this fascinating study.

Teaching Public History Creatively in Alabama SHARONY. GREEN, 2024-04-30 This book chronicles a University of Alabama historian's efforts to engage public history over the course of a decade, highlighting personal and educational experiences inside and outside of the classroom. Each chapter reveals how Sharony Green, her students, and collaborators used various public places and spaces in Alabama, including the University of Alabama and Tuscaloosa, where she teaches, as labs to learn more about our shared past. Inspired by her familiar beginnings in a historic community in Miami, Florida, the author, a descendant of people from the American South and the Bahamas, unveils her encounters with built environment, old documents and objects, motion pictures, music, and all kinds of historical actors. The book shares a variety of projects including exhibits and displays, images, videos, songs, and poetry, that serve as manifestations of their encounters with the places around them. Together, these stories uncover an unexpected journey into public history, offering new ways to think about the field and humanities more generally. *Teaching Public History Creatively in Alabama* is an enlightening resource to both intentional and unintentional practitioners of public history, including scholars, students, and general readers interested in connecting with the past.

Commodity Futures Trading Commission Nominations of Timothy G. Massad, Sharon Y. Bowen and J. Christopher Giancarlo United States. Congress. Senate. Committee on Agriculture, Nutrition, and Forestry, 2015

The Chase and Ruins Sharony Green,2023-10-03 A fascinating look at a pivotal period in Zora Neale Hurston's life that reimagines her complicated legacy. Zora Neale Hurston, an anthropologist and writer best known for her classic novel *Their Eyes Were Watching God*, led a complicated life often marked by tragedy and contradictions. When both she and her writing fell out of favor after the Harlem Renaissance, she struggled not only to regain an audience for her novels but also to simply make ends meet. In *The Chase and Ruins*, Sharony Green uncovers an understudied but important period of Hurston's life: her stay in Honduras in the late 1940s. On the eve of an awful accusation that nearly led to her suicide, Hurston fled to Honduras in search of a lost Mayan ruin. During her yearlong trip south of the US border, she appears to have never found the ruin she was chasing. But by escaping the Jim Crow south to Honduras, she avoided racist violence in the United States while still embracing her privilege—and power—as a US citizen in postwar Central America. While in Honduras, Hurston wrote *Seraph on the Suwanee*, her final novel and her only book to feature white characters, in an attempt to appeal to Hollywood's growing appetite for crackerphilia (stories about poor white folks) and to finally secure herself some financial stability. In a letter to her editor, Hurston wrote that in Honduras, she may not have found the Mayan ruin she was looking for, but she finally found herself. Hurston's experience in Honduras has much to teach us about Black women's lives and the thorny politics of postwar America as well as America's long and complicated entanglement with Central America. In an attempt to find historical meaning in an extraordinary woman's conceptions of herself in a changing world, Green unearths letters, diaries, literary writings, research reports, and other archival materials. *The Chase and Ruins* encourages us to reckon with and reimagine Hurston's fascinating life in all of its complexity and contradictions.

Aunt Better's Day Work Sharony Green,2023-10-26 Sharony Green presents the story of Delores, a little girl who makes discoveries in a fancy New York City apartment owned by Miss Oona Levine, a well-known fashion designer. Delores visits the apartment with her aunt who is an unemployed actor working on the side as Miss Oona's housekeeper. One day, the aunt receives a long-awaited audition, Miss Oona steps in to babysit Delores. The day is memorable one because of the time they spend together -- and the good news Delores' aunt receives about her audition.

The Southeastern Reporter ,1987

Control and Dynamic Systems V33: Advances in Aerospace Systems Dynamics and Control Systems Part 3 of 3 C.T. Leonides,2012-12-02 *Control and Dynamic Systems: Advances in Theory in Applications, Volume 33: Advances in Aerospace Systems Dynamics and Control Systems, Part 3 of 3* deals with significant advances in technologies which support the development of aerospace systems. It also presents several algorithms and computational techniques for complex aerospace systems. This book first presents a survey of analytical redundancy techniques to improve turbine engine control systems. It then discusses techniques for remotely piloted vehicles; control configured vehicles (CCV) techniques; aircraft handling; pilot-vehicle dynamics; and optimal control techniques for complex aerospace structure. This text is an excellent reference for research and professional workers in the field who want a comprehensive source of techniques with significant applied implications.

The Crisis ,1997-12 The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens.

Cuttin' the Rug Under the Moonlit Sky Sharony Andrews Green,1997 Comprised of a series of 45 full-color illustrated portraits of many different women, all of whom have Mae in their names, and accompanying text that captures their idiosyncratic voices, experiences, and perspectives on life,

this volume presents an exuberant celebration of the strength, endurance, pride, and kinship of black women--and the debut of an exciting new author-artist.

Anesthesia and Perioperative Care for Aortic Surgery Kathirvel Subramaniam, Kyung W. Park, Balachundhar Subramaniam, 2011-01-06 This book is the first of its kind - a comprehensive reference for anesthesia and perioperative clinicians involved in aortic surgery. With a primary focus on anesthesia for various aortic surgical procedures, including endovascular aortic surgery, the title also provides expanded coverage of CNS monitoring and protection, intraoperative transesophageal echocardiography, renal and spinal cord protection during surgery, management of aortic trauma, and postoperative care. Written by top cardiac anesthesiologists, surgeons, and intensivists, this indispensable reference provides everything you need to know about the burgeoning field of aortic surgery in one handy volume.

Aortic Stenosis Masanori Hirota, 2011-10-10 Currently, aortic stenosis (AS) is the most prevalent valvular disease in developed countries. Pathological and molecular mechanisms of AS have been investigated in many aspects. And new therapeutic devices such as transcatheter aortic valve implantation have been developed as a less invasive treatment for high-risk patients. Due to advanced prevalent age of AS, further discovery and technology are required to treat elderly patients for longer life expectancy. This book is an effort to present an up-to-date account of existing knowledge, involving recent development in this field. Various opinion leaders described details of established knowledge or newly recognized advances associated with diagnosis, treatment and mechanism. Thus, this book will enable close intercommunication to another field and collaboration technology for new devices. We hope that it will be an important source, not only for clinicians, but also for general practitioners, contributing to development of better therapeutic adjuncts in the future.

Alone Out Here Riley Redgate, 2022-04-05 What do you stand for, when you're one of the last left standing? The year is 2072. Soon a volcanic eruption will trigger catastrophic devastation, and the only way out is up. While the world's leaders, scientists, and engineers oversee the frantic

production of a space fleet meant to save humankind, their children are brought in for a weekend of touring the Lazarus, a high-tech prototype spaceship. But when the apocalypse arrives months ahead of schedule, First Daughter Leigh Chen and a handful of teens from the tour are the only ones to escape the planet. This is the new world: a starship loaded with a catalog of human artifacts, a frozen menagerie of animal DNA, and fifty-three terrified survivors. From the panic arises a coalition of leaders, spearheaded by the pilot's enigmatic daughter, Eli, who takes the wheel in their hunt for a habitable planet. But as isolation presses in, their uneasy peace begins to fracture. The struggle for control will mean the difference between survival and oblivion, and Leigh must decide whether to stand on the side of the mission or of her own humanity. With aching poignancy and tense, heart-in-your-mouth action, this enthralling saga will stay with readers long after the final page.

History of Seymour, Connecticut William Carvosso Sharpe, 1879

The Top Books of the Year Sharony The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. Sharony : Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
