The Fields of David Smith Candida N. Smith, David Smith, Irving Sandler, Mark Di Suvero, Storm King Art Center, 1999 David Smith strove to create works of art that could be viewed without reverence or awe because they were, in his words, natural . . . statements of peaceful pursuit. Intrinsic to this hope was his conviction that sculpture belongs in the elements, with sky and earth as its visible reference points. The Fields of David Smith celebrates a three-year exhibition in the expansive landscape of the Storm King Art Center in Mountainville, New York. The aim of the curators has been to recapture the experience of viewing Smith's work during his lifetime, when it was deployed with care and exuberance in ever-changing arrangements in his fields at Bolton Landing in the Adirondacks. The book first re-creates the scene at Bolton Landing. A moving essay by Smith's daughter Candida captures in the most personal and direct terms the man himself, his struggles and delights, and the intensity of his working life. This is followed by a memoir by Irving Sandler and reminiscences by friends of the artist. The text is accompanied by photographs by fellow artists and by Smith himself. The balance of the book is a sumptuous album of the evolving Storm King exhibition, featuring major works by Smith sent from collections all over the country. Jerry L. Thompson, one of the foremost photographers of sculpture, has captured Smith's work in summer and snow, at sunrise and dusk, glistening in the rain and presiding over the mists. The interplay between the works and their surroundings, and the effects of light on their surfaces, provides a new lens through which to view the sculpture of David Smith. With contributions by Mark di Suvero, Helen Frankenthaler, Anthony Caro, Kenneth Noland, and others. Historical photography by David Smith, Dan Budnik, Alexander Liberman, and others.

Get On The Journey David Smith, 2015-08-04 What is Get On The Journey? Several years ago I felt led to start writing men's devotions. They were primarily written for JourneyMen, men on a journey and walking with Christ. I soon found out that my devotions were not only being read by JourneyMen but also by women on the journey. Daily and "manly" activities end up being themes for devotion. God's Word can be applied to my life, and in turn to your life, through these devotions. Devotion life topics include fishing, washing the car, cleaning the pool, watching television, Peyton Manning being released, working, sleeping, winning, losing, granite shopping, etc. Each devotional also contains probing questions that can be used for self-examination or for small group study. Get On The Journey contains fifty-two devotions that recap a year of my life and writing but can be read and explored on your journey at your own pace. —David Smith, Journeymen Why should you get on the journey? "Through trials and temptations God will strengthen our faith as we journey in the race of life. It is here I find David's devotionals an inspiration for each one of us who gather together in the name of Christ. David has a special talent for reflecting life's circumstances as a tool to help us all join in the race together. Sometimes we laugh, and sometimes we cry. As you read David's devotionals, meditate on your own life circumstances. Consider how God is shaping and molding you to be a JourneyMan—a man on a journey in life with Jesus as his Savior." —Pastor Rod Lindemann, Journeymen

Beyond All Reason David Michael Smith, Carol Calef, 1995 The author recounts his marriage to Susan Smith, the reasons for the breakdown of their relationship, and the impact on his life of her murder of their two young children

David Smith David Smith, 2018-01-11 This comprehensive sourcebook is destined to become a lasting and definitive resource on the art and aesthetic philosophy of the American artist David Smith (1906-1965). A pioneer of twentieth-century modernism, Smith

was renowned for the expansive formal and conceptual ambitions of his broadly diverse and inventive welded-steel abstractions. His groundbreaking achievements drew freely on cubism, surrealism, and constructivism, profoundly influencing later movements such as minimalism and environmental art. By radically challenging older conventions of monolithic figuration and refuting arbitrary distinctions between painters and sculptors, Smith asserted sculpture's equal role in advancing modern art. A compilation of Smith's poems, sketchbook notes, essays, lectures, letters to the editor, reviews, and interviews, these previously unpublished texts underscore the varied ways in which his writing functioned as a means to examine and articulate his private identity and to promote the social ideals that made him a key participant in contemporary discourses surrounding modernism, art and politics, and sculptural aesthetics. All the documents in David Smith: Collected Writings, Lectures, and Interviews have been newly corrected against the original manuscripts, typescripts, and audiotapes. Each text in this collection is annotated with historical and contextual information that reflects Smith's own process of continually reviewing and revising his writings in response to his evolving aspirations as a visual artist.

Why We Lie David Livingstone Smith, 2007-08-07 Readers of Richard Dawkins and Steven Pinker will find much to intrigue them in this fascinating book, which declares that our extraordinary ability to deceive others - and even our selves - 'lies' at the heart of our humanity.

Making Monsters David Livingstone Smith, 2021-10-12 A leading scholar explores what it means to dehumanize others—and how and why we do it. “I wouldn’t have accepted that they were human beings. You would see an infant who’s just learning to smile, and it smiles at you, but you still kill it.” So a Hutu man explained to an incredulous researcher, when asked to recall how he felt slaughtering Tutsis in Rwanda in 1994. Such statements are shocking, yet we recognize them; we hear their echoes in accounts of genocides, massacres, and pogroms throughout history. How do some people come to believe that their enemies are monsters, and therefore easy to kill? In *Making Monsters* David Livingstone Smith offers a poignant meditation on the philosophical and psychological roots of dehumanization. Drawing on harrowing accounts of lynchings, Smith establishes what dehumanization is and what it isn’t. When we dehumanize our enemy, we hold two incongruous beliefs at the same time: we believe our enemy is at once subhuman and fully human. To call someone a monster, then, is not merely a resort to metaphor—dehumanization really does happen in our minds. Turning to an abundance of historical examples, Smith explores the relationship between dehumanization and racism, the psychology of hierarchy, what it means to regard others as human beings, and why dehumanizing others transforms them into something so terrifying that they must be destroyed. Meticulous but highly readable, *Making Monsters* suggests that the process of dehumanization is deeply seated in our psychology. It is precisely because we are all human that we are vulnerable to the manipulations of those trading in the politics of demonization and violence.

Learning from the Stranger David I. Smith, 2009-06-09 Cultural differences increasingly impact our everyday lives. Virtually none of us today interact exclusively with people who look, talk, and behave like we do. David Smith here offers an excellent guide to living and learning in our culturally interconnected world. / *Learning from the Stranger* clearly explains what culture is, discusses how cultural difference affects our perceptions and behavior, and explores how Jesus' call to love our neighbor involves learning from cultural strangers. Built around three chapter-length readings of extended biblical passages (from Genesis, Luke, and Acts), the book skillfully weaves together theological and practical concerns, and Smith’s engaging, readable text is peppered with stories from his

own extensive firsthand experience. / Many thoughtful readers will resonate with this insightful book as it encourages the virtues of humility and hospitality in our personal interactions — and shows how learning from strangers, not just imparting our own ideas to them, is an integral part of Christian discipleship.

Josh Smith: Emo Jungle Josh Smith, 2020-09-01 The most comprehensive overview of artist Josh Smith's radical technicolor paintings. Josh Smith: Emo Jungle looks at the artist's vigorous repetition of particular motifs, illuminating his approach to painting as an exploratory medium for image production. Published on the occasion of Smith's critically acclaimed first exhibition at David Zwirner, this catalogue features a new body of work that marks an important evolution for the artist. In these paintings, Smith sets the stage for a new mode of self-reflective commentary on image making, acknowledging that "the meaning perhaps arises in the making." A new essay by curator Bob Nickas treats the Reaper, Turtle, and Devil figures from Emo Jungle as ciphers through which to understand Smith's work. Nickas demonstrates how these new paintings re-stage and personalize the artist's more abstract earlier works and illuminates the ways in which repetition functions within Smith's practice. With more than one hundred illustrations, this book serves as the ideal introduction to Smith's disruptive oeuvre.

Fifty Years in the Service of Addiction Treatment David Smith, 2012-11-01 Addiction medicine in the US from the 1960s to 2012, when healthcare reform requires parity for addiction treatment.

Less Than Human David Livingstone Smith, 2011-03-01 Winner of the 2012 Anisfield-Wolf Book Award for Nonfiction A revelatory look at why we dehumanize each other, with stunning examples from world history as well as today's headlines Brute. Cockroach. Lice. Vermin. Dog. Beast. These and other monikers are constantly in use to refer to other humans—for political, religious, ethnic, or sexist reasons. Human beings have a tendency to regard members of their own kind as less than human. This tendency has made atrocities like the Holocaust, the genocide in Rwanda, and the slave trade possible, and yet we still find it in phenomena such as xenophobia, homophobia, military propaganda, and racism. *Less Than Human* draws on a rich mix of history, psychology, biology, anthropology and philosophy to document the pervasiveness of dehumanization, describe its forms, and explain why we so often resort to it. David Livingstone Smith posits that this behavior is rooted in human nature, but gives us hope in also stating that biological traits are malleable, showing us that change is possible. *Less Than Human* is a chilling indictment of our nature, and is as timely as it is relevant.

David Smith in Italy David Smith, PradaMilanoarte (Gallery), 1995 The late David Smith is regarded worldwide as one of the most important American sculptors. Through the photographs of Uga Mulas, David Smith in Italy documents the exhibition of his work as it was displayed at in Milan's dramatic PradaMilanoArte. The exhibition was comprised of works that were loaned by the most prestigious private and institutional collections in the United States, and was curated by Smith's daughter. It included 13 large sculptures, 24 mixed-media works, watercolors and several original photographs by Mulas. Smith's artistic relationship with Mulas (and indeed with Italy) dates back to 1962, when Smith created an exhibition for the Spoleto Two Worlds Festival and was photographed by Mulas.

Joseph Smith Richard Lyman Bushman,2007-03-13 Founder of the largest indigenous Christian church in American history, Joseph Smith published the 584-page Book of Mormon when he was twenty-three and went on to organize a church, found cities, and attract thousands of followers before his violent death at age thirty-eight. Richard Bushman, an esteemed cultural historian and a practicing Mormon, moves beyond the popular stereotype of Smith as a colorful fraud to explore his personality, his relationships with others, and how he received revelations. An arresting narrative of the birth of the Mormon Church, *Joseph Smith: Rough Stone Rolling* also brilliantly evaluates the prophet's bold contributions to Christian theology and his cultural place in the modern world.

Endless Holocausts David Michael Smith,2023-01-01 An argument against the myth of American exceptionalism *Endless Holocausts: Mass Death in the History of the United States Empire* helps us to come to terms with what we have long suspected: the rise of the U.S. Empire has relied upon an almost unimaginable loss of life, from its inception during the European colonial period, to the present. And yet, in the face of a series of endless holocausts at home and abroad, the doctrine of American exceptionalism has plagued the globe for over a century. However much the ruling class insists on U.S. superiority, we find ourselves in the midst of a sea change. Perpetual wars, deteriorating economic conditions, the resurgence of white supremacy, and the rise of the Far Right have led millions of people to abandon their illusions about this country. Never before have so many people rejected or questioned traditional platitudes about the United States. In *Endless Holocausts* author David Michael Smith demolishes the myth of exceptionalism by demonstrating that manifold forms of mass death, far from being unfortunate exceptions to an otherwise benign historical record, have been indispensable in the rise of the wealthiest and most powerful imperium in the history of the world. At the same time, Smith points to an extraordinary history of resistance by Indigenous peoples, people of African descent, people in other nations brutalized by U.S. imperialism, workers, and democratic-minded people around the world determined to fight for common dignity and the sake of the greater good.
