🔖 **The Boys Are Back in Town** Christopher Golden,2008-02-26 From a master of horror, dark fantasy, and suspense comes a compelling and uniquely original work of paranormal suspense in which one man finds himself trapped in a web of ever-shifting reality which threatens to remake the whole of the world—unless he can find a way to stop it. For Will James, facing his tenth high school reunion is far from his finest hour—especially since his life has not gone exactly as he planned. Dumped at the altar by his high school sweetheart and with his dreams of being a prize-winning reporter dashed by his job at a Boston tabloid, he is not sure he is ready to face his former peers. But what he does find at the reunion is far more than he bargained for. He soon learns that one of his buddies had died several years back—even though Will had received an e-mail from him only a few days before. It is not long before other people Will was convinced were alive are turning out to be dead as well—or married to other people, or childless where they used to have children. And new memories are swarming in to replace what Will is convinced was his old life, until he no longer knows what is real and what is not. The only thing he does know for certain is that he has to figure out why he alone remembers snatches of another life before everything dissolves into this new, darker reality. 🔖 **The Columbus Affair: A Novel (with bonus short story The Admiral's Mark)** Steve Berry,2013-01-01 A family's secret, a ruthless fanatic, and a covert arm of the American government—all are linked by a single puzzling possibility: What if everything we know about the discovery of America was a lie? What if that lie was designed to hide the secret of why Columbus sailed in 1492? And what if that 500-year-old secret could violently reshape the modern political world? Pulitzer Prize-winning investigative journalist Tom Sagan has written hard-hitting articles from hot spots around the world. But when one of his stories from the Middle East is exposed as a fraud, his professional reputation crashes and burns. Now he lives in virtual exile—haunted by bad decisions and a shocking truth he can never prove: that his downfall was a deliberate act of sabotage by an unknown enemy. But before Sagan can end his torment with the squeeze of a trigger, fate intervenes in the form of an enigmatic stranger. This stranger forces Sagan to act—and his actions attract the attention of the Magellan Billet, a top-secret corps of the United States Justice Department that deals with America's most sensitive investigations. Sagan suddenly finds himself caught in an international incident, the repercussions of which will shudder not only Washington, D.C., but also Jerusalem. Coaxed into a deadly cat-and-mouse game, unsure who's friend and who's foe, Sagan is forced to Vienna, Prague, then finally into the Blue Mountains of Jamaica—where his survival hinges on his rewriting everything we know about Christopher Columbus. Don't miss Steve Berry's short story "The Admiral's Mark" in the back of the book.

Still, A.J. travels to the movie set with his invisible sidekick, hoping that doing so will end his "hallucinations." But one conversation with brilliant and funny Professor Alison Carter is all it takes to make sparks fly. When Alison witnesses an altercation that puts her life in danger, she's targeted by ruthless criminals who want her dead. On her first visit for fifty years, the Reverend Mother is struck by how little has changed - apart, that is, from the strange smell of gas ... But when the store's owner staggers from his office and topples over the railings to his death, Mother Aquinas is once again drawn into a baffling murder investigation where suspects are all too plentiful. 🔖 **Cauldrons and Cats** Christine Pope,2023-04-10 Ex marks the murder scene...or does it? New relationships can be fraught with emotional missteps. Charity Hughes's awkward encounter with Shelby Howard, Noah Jenkins's ex, at his front door certainly qualifies, but as they're clearing up that sort-of-minor misunderstanding, a new challenge enters Charity's shop. A witch's cat familiar pining for the impossible — kittens of her own. The kitty conundrum takes a back seat when a frantic Shelby calls with a rather pointed problem. An ex-fiancé🔖 dead on her living room floor, run through with an antique sword. Now the prime suspect, Shelby begs Charity for help to prove her innocence. There's just one problem. Using magic to solve the case risks outing her as a witch to the public...including Noah. But Charity brings all her somewhat-inconsistent abilities to bear in the investigation, even calling on Milo, the spaniel familiar, to nose around. But it's the Tarot that cuts through the static toward a culprit who's definitely not an ex-anything. It's someone who opens a whole new kit and caboodle of lies. Note: Cauldrons and Cats is Book 2 in USA Today bestselling author Christine Pope's "Familiar Spirits" series. Contains a cat familiar with mommy fever, a doggo familiar pining for his feline friend, and a killer who does it old school — up close and personal.

- 📖 [Servants of the Fish](#) Myron Arms, 2004 As the last of the northern cod disappeared from the fishing banks of eastern North America during the waning years of the 20th century, more than just fish faced the threat of extinction. In communities all around the island of Newfoundland, thousands of fishermen and their families suddenly found themselves confronted by a similar threat. Servants of the Fish is the story of these people, who are at once the perpetrators and the victims of this event. As he did in his bestselling Riddle of the Ice, Arms employs the drama of the voyage to bring readers face to face with the people and the geography of the tale he tells. It is the tale of a particular time and place. Yet it is also an allegory of sorts--about predators and prey, about greed and denial, and about our collective ability as human beings to destroy natural systems once thought to be infinite.
- 📖 [Harm to Others](#) Brian Van Brunt, 2014-12-16 Harm to Others offers students and clinicians an effective way to increase their knowledge of and training in violence risk and threat assessment, and it also provides a comprehensive examination of current treatment approaches. Although the text includes many examples from K-12 and college/university settings, which are particularly relevant for mental health professionals in school settings, the underlying concepts and suggestions are useful for counselors, psychologists, and social workers who face these issues in their daily practice. In an easy-to-understand, jargon-free manner, Dr. Van Brunt shares his observations, extensive clinical expertise, and the latest research on what clinicians should be aware of when performing risk and threat assessments. In addition, he offers numerous examples from recent mass shootings and rampage violence to help explain the motivations and risk factors of those who make threats. Two detailed case examples are presented to illustrate key concepts related to assessing dangerousness. Treatment options are then described, using a variety of diverse case studies to demonstrate concrete approaches for clients who have been identified as at risk for violence following a threat assessment. *Requests for digital versions from the ACA can be found on Wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@aca-counseling.org.

When a beautiful girl is found murdered on a hillside en route to Santiago de Compostela, the friends are among the first on the scene.
