Sir Gawain and the Green Knight Anonymous,2012-10-19 Sir Gawain and the Green Knight is a masterpiece of medieval English literature and one of the finest Arthurian tales in any language. Though its ingenious plotting and verbal artistry continue to dazzle readers, it is written in a challenging regional dialect and uses many words that were already archaic when the poem was written in the late fourteenth century. This edition is designed to make the poem, in its original Middle English, accessible to students and general readers. Following standards adopted for editing other Middle English poets, the edition lightly normalizes spellings to make words more recognizable for a modern audience. Extensive marginal glossing of difficult words, thorough on-page explanatory notes, and a comprehensive glossary offer further support for readers. The historical appendices include other examples of medieval romance from France and Britain.

A Biblical Hebrew to English Concordance Bob MacDonald,2019-06-13 How do we see the decisions made by a translator of an ancient tongue? This volume contains every word in the Hebrew Bible, in Hebrew and the English equivalent for each word as translated. The glosses provided are for a close translation for the Music. The sequence presented is by Hebrew stem, Hebrew word form, canonical sequence, chapter, verse, and word sequence. In principle, the entire translation can be reconstructed from this data. The draft agreement of the translation with itself (concord) was aided by computer

assisted pattern recognition. This volume is a searchable reference book. It makes the decisions of the translator as transparent as possible. We can dig deep into the translation process and be rewarded with the treasury of this beloved text. A Biblical Hebrew to English Concordance is volume 8 of the series, The Hebrew Bible and Its Music.
