The majority of the listings includes material that has not been previously published, and a large number of entries profile such prolific artists as Helen Clark and Gladys Rice, who are not in previous discographies. A special feature includes data on sound-on-disc recording made for early talking-picture musical shorts (especially by Vitaphone) that is not documented elsewhere. A comprehensive title index includes composer credits for the majority of the titles listed. *The Grail Bird* Tim Gallagher,2017-04-25 “The Grail Bird is an enjoyable read . . . A powerful call for conservation, and an exciting bird adventure” (The Boston Globe). What is it about the ivory-billed woodpecker? Why does this ghost of the southern swamps arouse such an obsessive level of passion in its devotees, who range from respected researchers to the flakiest Loch Ness monster fanatics and Elvis chasers? Since the early twentieth century, scientists have been trying their best to prove that the ivory-bill is extinct. But every time they think they’ve finally closed the door, the bird makes an unexpected appearance. To unravel the mystery, author Tim Gallagher heads south, deep into the eerie swamps and bayous of the vast Mississippi Delta, searching for people who claim to have seen this rarest of birds and following up—sometimes more than thirty years after the fact—on their sightings. What follows is his own Eureka moment with his buddy Bobby Harrison, a true son of the South from Alabama. A huge woodpecker flies in front of their canoe, and they both cry out, “Ivory-bill!” This sighting—the first time since 1944 that two qualified observers positively identify an ivory-billed woodpecker in the United States—quickly leads to the largest search ever launched to find a rare bird, as researchers fan out across the bayou, hoping to document the existence of this most iconic of birds. “The Grail Bird is less an ecological study than a portrait of human obsession.” —The New York Times

*Then They Do* Trace Adkins,Jim Collins,Sunny Russ,2003 You want the dreams they dreamed of to come true-Then They Do. That line from one of country music's best songs in recent memory pretty much sums up the way millions of parents feel about their children. Many times as they are growing up and driving you crazy, you dream of when they will be out of the house-and you will have your life back again-and then they do. Then They Do is filled with heartwarming, and sometimes tear-inducing, stories from parents about cherishing the moments with your children and celebrating the fine young men and women they have become. This book will serve as a reminder to parents to seize those moments when their tiny ones are still underfoot, and will be a nostalgia-inducing keepsake for those whose children have moved upwards and onwards. A fine gift for parents young and old

or for grown children in the midst of raising their own families.

**Here's Your Sign** Bill Engvall, 2005-09-27 Stupid people are everywhere! Last summer, says Bill Engvall, I got a flat tire and pulled into a gas station lot. The attendant walked out, looked at the tire, and asked, 'Tire go flat?' I kept a straight face and replied, 'No, I was driving down the road when all of a sudden those other three just swelled right up on me.' Without batting an eyelash, he nodded his head and said, 'Yep. The heat'll do that.' What else could I say? I just reached into my briefcase and handed him his very own Stupid sign. For the first time in print, here are more than 200 classic Here's Your Sign jokes along with silly product warnings and some favorite family stories. Bill's hilarious look at the ridiculous things people say and do will keep you laughing. I was carrying out a bag of garbage the other day and my neighbor yelled across the fence, Are you taking out the trash? I said, No, I'm going to feed our pet rats. Here's your sign! After fishing with a buddy, we pulled our boat into the dock and lifted out this big string of fish. A guy on the dock asked, Y'all catch all them fish? I said, Nope. We talked them into giving up. Here's your sign!

**Berliner Gramophone Records** , 1995-05-30 Just over 100 years ago, Emile Berliner invented the gramophone and disc record. This is the first discography assembled of the first disc recordings in the United States. It documents over 3,000 discs, which were sold to the American public from 1892 to 1900. Listings are arranged by catalogue number and cross-indexed by title, performer, and recording date. The gramophone discs are valuable research tools in the study of popular culture, providing objective data about what was offered to the public, and how it was performed. Since this information has never been published, scholars may well find new materials. Berliner's successor was the Victor Talking Machine Company (an ongoing Greenwood discography series). An introductory essay discusses the earliest years of the invention and the repertoire appearing on the discs. Their physical properties are noted and illustrated with photographs of the records. A descriptive bibliography guides readers to other books and articles of interest. Another section lists Berliner Gramophone records that have been reissued on long-playing and compact discs. This volume will be of interest to gramophone record collectors, record archives, and music libraries, as well as to scholars, music students, and buffs.
