The Dead House Billy O'Callaghan,2018-05-01 Sometimes the past endures—and sometimes it never lets go. This best-selling debut by an award-winning writer is both an eerie contemporary ghost story and a dread-inducing psychological thriller. Maggie is a successful young artist who has had bad luck with men. Her last put her in the hospital and, after she’s healed physically, left her needing to get out of London to heal mentally and find a place of quiet that will restore her creative spirit. On the rugged west coast of Ireland, perched on a wild cliff side, she spies the shell of a cottage that dates back to Great Famine and decides to buy it. When work on the house is done, she invites her dealer to come for the weekend to celebrate along with a couple of women friends, one of whom will become his wife. On the boozy last night, the other friend pulls out an Ouija board. What sinister thing they summon, once invited, will never go. Ireland is a country haunted by its past. In Billy O'Callaghan's hands, its terrible beauty becomes a force of inescapable horror that reaches far back in time, before the Famine, before Christianity, to a pagan place where nature and superstition are bound in an endless knot.

*The Cotton Trade of Great Britain* Thomas Ellison,1886

*Nation and Identity in Contemporary Europe* Brian Jenkins,Spyros A. Sofos,2003-09-02 The resilience of nationalism in contemporary Europe may seem paradoxical at a time when the nation state is widely seen as being 'in decline'. The contributors of this book see the resurgence of nationalism as symptomatic of the quest for identity and meaning in the complex modern world. Challenged from above by the supranational imperatives of globalism and from below by the complex pluralism of modern societies, the nation state, in the absence of alternatives to market consumerism, remains a focus for social identity. Nation and Identity in Contemporary Europe takes a fully interdisciplinary and comparative approach to the 'national question'. Individual chapters consider the specifics of national identity in France, Germany, Britain, Italy, Iberia, Russia, the former Yugoslavla and Poland, while looking also at external forces such as economic globalisation, European supranationalism, and the end of the Cold War. Setting current issues and conflicts in their broad historical context, the book reaffirms that 'nations' are not 'natural' phenomena but 'constructed' forms of social identity whose future will be determined in the social arena.

Dark Muse Philip Mann,2016-10-27 You can't quite reach it. That goal, that project. You're just out of reach of making that spectacular story, or that painting that will carry your name for years to come. You need a muse. Vi Gold or Lee Marvin will be glad to help. Either of these two ladies will give you that ride on the rocket, that trip to the well that gives you what you need. But be careful. Too many rides on that rocket, or too many trips to the well, and you could wind up insane. Or dead. Vi has just seen another friend kill himself, and she has helped him do it. She's at the end of the rope herself when she meets Cal Simon, a normal, helpful man who tries to console her. Putting aside her fears and caution, Vi lets him get close. At last, she has a normal, sane boyfriend. But she won't tell him about what she really is. He wouldn't believe her anyway. And if he did, he would run away. Better to let it be, and deal with that problem later. That problem being that Cal might go insane if she slips up. Lee Marvin is similar to Vi, but her abilities are far stronger. When they meet one night, they form a bond, as comrades in arms. With Lee. Vi can be who she truly is, and not worry about being judged or doing harm. But Lee's casual way with violence, and the way she talks about normal people are both very disturbing to Vi. Things are difficult enough, and then Lee kills somebody.

**The Supervillain Reader** Robert Moses Peaslee,Robert G. Weiner,2019-12-30 Contributions by Jerold J. Abrams, José Alaniz, John Carey, Maurice Charney, Peter Coogan, Joe Cruz, Phillip Lamarr Cunningham, Stefan Danter, Adam Davidson-Harden, Randy Duncan, Richard Hall, Richard Heldenfels, Alberto Hermida, Víctor Hernández-Santaolalla, A. G. Holdier, Tiffany Hong, Stephen Graham Jones, Siegfried Kracauer, Naja Later, Ryan Litsey, Tara Lomax, Tony Magistrale, Matthew McEniry, Cait Mongrain, Grant Morrison, Robert Moses Peaslee, David D. Perlmutter, W. D. Phillips, Jared Poon, Duncan Prettyman, Vladimir Propp, Noriko T. Reider, Robin S. Rosenberg, Hannah Ryan, Lennart Soberon, J. Richard Stevens, Lars Stoltzfus-Brown, John N. Thompson, Dan Vena, and Robert G. Weiner The Supervillain Reader, featuring both reprinted and original essays, reveals why we are so fascinated with the villain. The obsession with the villain is not a new phenomenon, and, in fact, one finds villains who are “super” going as far back as ancient religious and mythological texts. This innovative collection brings together essays, book excerpts, and original content from a wide variety of scholars and writers, weaving a rich tapestry of thought regarding villains in all their manifestations, including film, literature, television, games, and, of course, comics and sequential art. While The Supervillain Reader focuses on the latter, it moves beyond comics to show how the vital concept of the supervillain is part of our larger consciousness. Editors Robert Moses Peaslee and Robert G. Weiner collect pieces that explore how the villain is a complex part of narratives regardless of the original source. The Joker, Lex Luthor, Harley Quinn, Darth Vader, and Magneto must be compelling, stimulating, and proactive, whereas the superhero (or protagonist) is most often reactive. Indeed, whether in comics, films, novels, religious tomes, or video games, the eternal struggle between villain and hero keeps us coming back to these stories over and over again.

Moon-face and Other Stories Jack London,1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master’s death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London’s most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

*Here's Your Sign* Bill Engvall,2005-09-27 Stupid people are everywhere! Last summer, says Bill Engvall, I got a flat tire and pulled into a gas station lot. The attendant walked out, looked at the tire, and asked, 'Tire go flat?' I kept a straight face and replied, 'No, I was driving down the road when all of a sudden those other three just swelled right up on me.' Without batting an eyelash, he nodded his head and said, 'Yep. The heat'll do that.' What else could I say? I just reached intomy briefcase and handed him his very own Stupid sign. For the first time in print, here are more than 200 classic Here's Your Sign jokes?along with silly product warnings and some favorite family stories. Bill's hilarious look at the ridiculous things people say and do will keep you laughing. I was carrying out a bag of garbage the other day and my neighbor yelled across the

fence, Are you taking out the trash? I said, No, I'm going to feed our pet rats. Here's your sign! After fishing with a buddy, we pulled our boat into the dock and lifted out this big string of fish. A guy on the dock asked, Y'all catch all them fish? I said, Nope. We talked them into giving up. Here's your sign!

**A Victorian Feminist Christian** Lisa Severine Nolland,2004 Professional hockey enforcers—popularly known as “goons”—finally get their due in this rollicking look at the players who have perfected the art of making mayhem. Whether they are called upon to duke it out with a fellow troublemaker or intimidate an opponent’s top scorer, these are the men who get the crowds to their feet, the sports radio shows buzzing, and the TV audience spilling their beers in excitement. Old timers like Joe Hall and Red Horner are profiled here, along with legendary heavy hitters Tiger Williams, Stu Grimson, and Bob Probert, fan favorites Tie Domi and Georges Laroque, and contemporary hockey stars Arron Asham and Brian McGrattan. The book also delves into the intense debate over the issue of violence on the ice as well as the personal and professional dramas of the NHL’s bad boys: the suspensions, the concussions, and the constant controversy of their role in the game.

**Biggest Elvis** P.F. Kluge,2009-09-29 Part mystery, part love story, part mordant commentary on America's waning presence in the world, this hugely entertaining novel tells the story of a trio of Elvis impersonators working out of the Graceland club in Olongapo, Phillipines. In their act, Baby Elvis, Dude Elvis and Biggest Elvis incarnate the King's evolving life. Their popularity grows. In a tawdry town, this successful act becomes almost an obsession. But there are those that think Biggest Elvis has to go. Re-envisioning the life of America's greatest hero, this is an edgy and evocative novel.

**The Last Reveal** Lee A Matthias,2019-07-31 Perspectives on writing, screenwriting, stories, and films. For the unfamiliar, a reveal in screenwriting parlance is the placement of key, revelatory information in a story. Most times, the last reveal is the most important revelation of all. Since its heyday in the 1960s and 1970s, popular film criticism and analysis has declined almost to the point of extinction. With...-The arrival of special effects-laden blockbusters like JAWS & STAR WARS, and the resulting decline of the meaning-laden cinema which had predominated before them -The evolving availability of home-accessed films, the rise of video-streaming technology, and long-form meta-story television series like BREAKING BAD and GAME OF THRONES -The emergence of the Internet's vast data resources and egalitarian spectrum of opinion in the blog-o-sphere, and its media-focused websites, which, then, resulted in the decimation of the traditional print media and its film-centered journalism ...serious film and media discussion (outside of academia) has withered on the vine. THE LAST REVEAL may, therefore, be one of the last books of popular film criticism as it has been known.
