The Story of Two Jakes Merlin C. Williams,2011-12-20 Merlin C. Williams, a true outdoorsman whose love of hunting, fishing, canoeing, hiking, and a general love of being outside; led him to write a story based in the Rocky Mountains. Also known for his many travels to various countries such as Australia, Africa, Russia, and Europe for his work knowledge in Weather Modification (NOAA) and Program Managing (Ball Aerospace). He was also a dedicated Christian and family man to his 4 daughters and their families.

Jake Miller Billy Ray Williams,2020-01-16 Jake Miller By: Billy Ray Williams Follow Cape May County detective, Jake Miller, on his quest to uncover the person responsible for his wife's death. Each clue opens new possibilities. Journey through the Wildwoods to the Jersey Shore, and throughout Philadelphia to discover the truth. Filled with explosions, murder, shoot-outs, car chases, and adultery, each new page will keep you on the edge of your seat.

Darwin's Voyage of Discovery Jake Williams,2019-10-03 A wonderful celebration of history's most remarkable journey; published to celebrate 160 years of Charles Darwin's ground-breaking text on evolution: On The Origin of Species Step on-board The Beagle and follow the remarkable journey that inspired almost all modern-day knowledge of the natural world. From England to Cape Verde, Brazil to the Galapagos, Tahiti to Australia; discover the wildlife of Charles Darwin – giant sloths, platypus, tarantulas, fireflies and more. As well as gorgeous artwork and fascinating information on the journey, this book also features the equipment used by Darwin and cross-sections of the ship itself. This stunning book comes from the winner of the BDC's New Designer of the Year award, and the author/illustrator behind Really Remarkable Reptiles.

Really Remarkable Reptiles Jake Williams,2018-08-02 Reptiles are some of the most well-adapted, specialised and remarkable creatures on Earth. They have adapted to live in the most extreme environments on Earth, and they have a number of interesting tricks for catching prey and avoiding becoming it. All sort of strange and wonderful facts are inside, such as why crocodiles swallow stones, why a group of turtle eggs will hatch at the same time, and which is friend or which is foe of the similarly-looking coral and milk snakes. You'll learn about reptiles in soaking rainforests, blistering deserts, and more – and you can find out how you can help preserve these amazing habitats from the greatest danger to reptiles ever – climate change.

Foster's Choice Jake Williams,2013-08-25 Foster is a college junior trying to make sense of his life, his goals, his parents, his friends, and his fraternity brothers. He has a philosophy of better living through chemistry and choosing the path of least resistance. His college is a shelter for the twenty-something crowd who are happy to have their parents, social media, and an aversion to responsibility guide their lives. Foster's best friend is Spence, a business major and fraternity brother who is constantly trying to keep Foster out of trouble. Dave is the only openly gay member of the fraternity and he wants Foster to join him out of the closet. Daniel is Foster's brother and he's become a born-again Christian. When he goes home to take a break from school and try to reconnect with his family and old high school friends he realizes his problems follow him where ever he goes. This is a long short story/novella (approx 36,000 words). It contains graphic language, but no graphic sex.

The Scourges of the South? Essays on “The Sickly South” in History, Literature, and Popular Culture Thomas Ærvold Bjerre,Beata Zawadka,2014-10-17 In this book, eleven scholars “take their stand” on the controversial issue of disease as it occurs in the context of the American South. Playing on the popular vision of the South as an ill region on several levels, the European and American contributors interpret various aspects of the regional “sickly” culture as not so much southern “problems”, but, rather, southern opportunities, or else, springboards to yet another of the South’s cultural revitalizations, “health”. As Thomas Ærvold Bjerre and Beata Zawadka note in their introduction, the so-called “Healthy South” has never been an easy topic for scholars dealing with the region. One reason for this is that researchers have been taught to approach so formulated a topic no further than to the point when it turns out it is a contradiction in terms, and, indeed, there is much in southern history and the present situation that justifies such an approach. This volume, however, comprises a collective effort of southernist historians, literature experts, and culture critics to transcend the “contradictory” concept of the “Healthy South,” and does so by reinventing the notion of the southern disease and, consequently, the role of the South as a “scourge” in American culture in terms of this culture’s bountiful gift.

Essentials of Intellectual Disability Assessment and Identification Alan W. Brue,Linda Wilmshurst,2016-03-31 Brue's Essentials Intellectual Disability is a concise, up-to-date overview of intellectual disability evaluation and assessment. This text offers a practical, concise overview of the nature of intellectual disability and adaptive skills functioning in children, adolescents, and adults. Coverage includes the latest information on prevalence, causes, differential diagnoses, behavioral and social concerns, test instruments, and the new DSM-5 diagnostic criteria. The discussion promotes a deeper understanding of the use of assessment data to inform interventions in clinical practice. Designed for easy navigation, each chapter highlights important points and key cautions to allow quick reference without sacrificing depth. A sample assessment report illustrates how findings should be communicated to better inform treatment, giving you a practical reference to ensure comprehensive reporting. In 2013, the DSM-5 conceptualization of intellectual disabilities was significantly changed. It's important for professionals to have access to the most current guidelines from a variety of sources, and this book compiles them all into a single reference.

What the Slaves Ate Herbert C. Covey,Dwight Eisanach,2009-05-20 Carefully documenting African American slave foods, this book reveals that slaves actively developed their own foodways-their customs involving family and food. The authors connect African foods and food preparation to the development during slavery of Southern cuisines having African influences, including Cajun, Creole, and what later became known as soul food, drawing on the recollections of ex-slaves recorded by Works Progress Administration interviewers. Valuable for its fascinating look into the very core of slave life, this book makes a unique contribution to our knowledge of slave culture and of the complex power relations encoded in both owners' manipulation of food as a method of slave control and slaves' efforts to evade and undermine that control. While a number of scholars have discussed slaves and their foods, slave foodways remains a relatively unexplored topic. The authors' findings also augment existing knowledge about slave nutrition while documenting new information about slave diets.

Stop, Jake, Stop!! Martha Williams,2017-10-19 Jake's story is twofold. It tells the story of a kitten who lost his new forever home the day after he got it but got his new really forever home the next day. The story is first meant as entertainment for children. Secondly, it is a reminder for those who want to own kittens or puppies to make sure it is permissible to have them. In Jake's case, Patty had a landlord who said a very resounding No cats! But Ms. Maggie's landlord said yes. Far too many babies are dumped or taken to shelters by those who get them, only to discover that they can't keep them. The story tells how he got his final home, his kitty

companion named Mini, and his innumerable antics, like learning to play fetch and following directions in a way that shows him to be smarter than the average cat.

You Never Know Marvin Goldman,2015-10-30 “Dating” at an advanced age isn’t for sissies. Neither is the thought of intimacy, especially facing each other in the buff. Jake Kaplan, seventy-five years old, and retired for the past ten, had recently lost his wife, Frieda, and had acquired the status of “single eligible male.” He learned his most attractive qualities to women were a full head of hair, a pension and the ability to drive a car at night. Phyllis insisted he wear a tie. Agnes wouldn’t travel in a subway or bus. Zelda lived in Newark. And, Doris wanted to know whether he had shortness of breath. There were rejections. There were disappointments. And with it...an occasional migraine. Of course, there were the kisses and the sleepovers. In either case, it wasn’t easy. Thank heavens, Jake could run for support to his new friends, daughter and son-in-law.
