My Windows 8 Consumer Preview Katherine Murray, 2012-04-09 This book gives you a first look at the exciting new features in Windows 8 Consumer Preview, the beta version of the operating system Microsoft released to the public on February 29, 2012. Chances are good that you've already heard about the flashy new Metro style of the Windows 8 interface. The new look may be the biggest news item you've been hearing about, but the changes in Windows 8 go far beyond the surface design changes. Windows 8 is a new program from the ground up, meaning that the experience it offers you will be much different from any version of Windows you've used before. Windows 8 is fast and fluid, bringing you the updates you need quickly, while providing reliable access to the programs and files you depend on as you go about your daily tasks. Whether you are sharing photos, checking your social media accounts, designing a presentation, or listening to your favorite podcast, Windows 8 gives you the means to move through your tasks smoothly in any order or combination you choose. Some folks welcome this kind of new energy in technology; others aren't so sure a complete makeover is a good idea. Whichever camp you find yourself in, this book will help you learn more about what you can expect from Windows 8. Some of the biggest changes we'll discuss in this book include: Navigating the new Start screen, customizing Start

screen colors, and displaying your favorite apps as you want them to appear Using live tiles to get the latest information for your favorite apps Using touch and mouse-based techniques to personalize your Windows 8 experience and work with files, folders, and more Enhancing the security of your system by changing your Lock Screen, adding a picture password, and creating a PIN logon Learning to work fluidly with open apps, cycling through open apps, docking apps, and closing or suspending apps you no longer need Using the Refresh and Reset tools to give your computer a fresh start if you're having computer problems Shopping for apps in the Windows Store, installing apps on your computer, and adding ratings and reviews to let other shoppers know what you think Browsing with the sleek and streamlined Internet Explorer 10

Windows 11 Ojula Technology Innovations,2021-09-19 In this book I give you my honest views on the good and dark sides of Windows 11. There are more features, hacks and tricks hiding in Windows 11 than most people will ever know. I unveiled some of them in this book. I've been a Windows user for over 20 years, and after further exploring two early builds (Home and Pro/Business) of Windows 11, at first I had to admit that it looks rather nice, and is better than Windows 10. But I soon discovered there's a lot more than meets the eye. So I strongly advise you read this book first before you invest your money or resources on Windows 11. These are some of what you'll learn in this book: The new features and major changes since the Windows 11 insider preview was released. Why Microsoft's system health check application, and the hardware constraints they plan to include in Windows 11 are shameful, and how they can affect your system and you. Why I suspect the rollout of Windows 11 will be relatively slow, and why it will take quite a long time before lots of people start using it. The Microsoft's policy and how it will affect Windows 11 users when Windows 10 support ends on October 14th, 2025. How to quickly and reliably check if your system can run Windows 11. Two methods to install Windows 11 step by step. Video tutorials included for Windows and Linux-based systems. A work around to install Windows 11 on non-supported hardware. And so much more...

Windows 10 John Slavio,2016-11-12 Trying to figure out the new Windows 10? This book is the answer to all your questions. Read

below. This book is a great introduction to the Windows 10 operating system. Windows 10 is a significant upgrade to Windows 7 and Windows 8. There are several new features that will significantly increase your productivity, improve your life and your business. Windows 10 is a smart hybrid operating system which is designed to eliminate the gap in between mobile and desktop platforms. The first attempt for such objective was made by Microsoft with its Windows 8 release. Windows 10 is also the current operating system product and is a work in progress type of software. That is, all the other software launched in this category were a one-time release, however, Windows 10 is not just another version of windows that will fade away with time, instead of releasing new windows product, Microsoft will be adding new features to Windows 10 itself. Hence, as there will be no new windows product release by Microsoft again, Windows 10 is known as the last version of windows. With windows features addition via updating, people won't have to worry about backing up their data again whenever they have to upgrade the operating system of their machine. Moreover, Windows 10 is the fastest and smartest windows product ever made by Microsoft. In this book, you will exactly learn why it is so and also learn everything that you need to know about Windows 10, from its upgrade requirements to its features and tricks. Windows Vista lacked in usability and user-friendliness, Windows 7 was alright but never a user-favourite. Windows 8 and 8.1. had many more flaws, primarily the lack of start menu. Windows 10 tries to address all of these issues, and it does so pretty successfully. In our book, we will show you just what makes Windows 10 great for you. Here's what you'll learn in this book: Difference between Windows 7, Windows 8 and Windows 10 Installation of Windows 10 Upgrading to Windows 10 10 new features in Windows 10 Photos App in Windows 10 Personalization features in Windows 10 Shortcut keys in Windows 10 We guarantee that you will be well versed in Windows 10 by the end of the book.
