Missing In Action Pranay Kotasthane, Raghu S Jaitley, 2023-01-23 In Search of an Adarsh Indian State In India, public policies are all around us. Despite this pervasiveness, yeh public sab nahin jaanti hai (the public doesn't know it all). Questions are rarely asked of the Indian State-the institution that makes rules, bends them and punishes others for breaking the laws it creates. The privileged can afford not to think about the State because we have given up on it. The not-so-privileged have resigned themselves to a State that provides short-term benefits. Either way, we seldom pause to reflect on why the Indian State works the way it does. Missing in Action aims to change such perceptions through sketches from everyday experiences to illustrate India's tryst with public policymaking. It acquaints the reader with some fundamental concepts of the public policy discipline. It explains the logic (or the lack of it!) of the Indian State's actions, shortcomings, constraints, and workings. Jargon-free and accessibly written, the book achieves the difficult task of both entertaining and educating. There have been many books about Indian society, but none so far about the Indian state. Missing in Action fills that gap, and how! Kotasthane and Jaitley are two of our finest thinkers, and their writing combines a surgeon's precision with a poet's art of revealing the unseen. They paint both the big picture and the small details. This book is a masterpiece that will be essential reading 50 years from now. If you want to understand India, you should read Missing in Action. Amit Varma, Creator of The Seen and the Unseen Podcast and The India Uncut Blog Missing in Action is a thoroughly engaging, entertaining, and educational book. The book helps readers understand why the Indian State is the way it is-powerful yet ineffective, well-intentioned yet weak, and ambitious yet underperforming. A must-read for everyone! Rohini Nilekani, Philanthropist, Author of Samaaj Sarkaar Bazaar: a citizen-first approach The policy outcomes are the result of the three important forces: society, market and the Government. This wonderful book by Pranay Kotasthane and Raghu S. Jaitley beautifully tells you why and how this happens. Their pedagogical strategy is deceptively simple but very effective. The book has many real-life examples of both policy triumphs and disasters in our country and the authors lucidly explain the how and why. I would urge you to read this remarkably perceptive book that is analytically rich while making the learning ride very enjoyable. Original Modern Reader's Japanese-English Character Dictiona Andrew N. Nelson, 2014-09-08 The Japanese government may someday recognize it as it ought to. Tuttle's contribution to creating an intelligent interest in Japan among the English-speaking public, and deepening understanding of Japanese overseas. Hokubei Mainichi (San Francisco) Awarded the 1969 Prize for the Society of the Promotion of International Cultural Relations, this is the most comprehensive Japanese book of its kind. Containing Japanese-English and English-Japanese sections, it is an essential reference tool for serious students studying the Japanese language or for business people and tourists wishing to learn Japanese before they travel. Special features include: Lists over 5,000 carefully selected characters with their 10,000+ current readings and almost 70,000 compounds in current use, all with concise English definitions. Scientifically arranged by a logical extension of the traditional radical system so as to make the finding of a given character almost foolproof, saving hours of time. Makes provision for quickly finding characters either in their traditional or their modern and often greatly altered forms, thus serving for both prewar and postwar

literature. Includes 14 valuable appendices giving (1) instructions for the most efficient use of the book, (2) discussions of the written language in general and particularly of its recent and far-reaching official modifications, and (3) much helpful

The Code of Federal Regulations of the United States of America, 2000 The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

Trade and Society Ng Chin-keong, 2014-11-28 The book examines the social and economic changes in south Fukien (Fujian) on the southeast coast of China during late imperial times. Faced with land shortages and overpopulation, the rural population of south Fukien turned to the sea in search of fresh opportunities to secure a livelihood. With the tacit support of local officials and the scholar gentry, the merchants played the pivotal role in long-distance trade, and the commercial networks they established spanned the entire China coast, making the port city of Amoy (Xiamen) a major centre for maritime trade. In the work, the author discusses four interrelated spheres of activity, namely, the traditional rural sector, the port cities, the coastal trade and the overseas trade links. He argues that the creative use of clan organizations was key to the growth of the Amoy network along the coast as well as overseas.

The Reluctant Warrior Ty Patterson, 2022-10-25 TO CATCH A TRAITOR The Warriors have recovered from Zeb Carter's mission in the Congo. They now find themselves helping the FBI. USA's premier investigative agency has a mole in its ranks. The betrayer has access to highly classified intel and is a threat to national security. The Warriors respond by deploying their maverick intelligence analyst Broker. Who makes the shocking discovery that the traitor is not owned by a foreign government. The truth is worse. And the repercussions can trigger a devastation the kind of which the country hasn't seen before. Before long, the investigation leads to a showdown. The Warriors - all by themselves - on one side, the city's organized crime gangs on the other. Broker and his team can't afford to lose that battle, nor can they give up the investigation. The odds against them are overwhelming. The mafia gangs have come together in an unprecedented move. And the mole is helping the criminals. And what of the mysterious assassin tailing them? He might prove more lethal than the mole or the gangs. 'Non-stop action isn't a tired old cliché in this book's case. The Reluctant Warrior delivers NON-STOP ACTION!' 'Pedal-to-metal, needle-in-the-red thrills!' 'You won't like Zeb Carter and his Warriors. You'll LOVE them!'
