Hello, Red (Stories) Kurt Vonnegut, 2009-08-25 Look at the Birdie is a collection of fourteen previously unpublished short stories from one of the most original writers in all of American fiction. In this series of perfectly rendered vignettes, written just as he was starting to find his comic voice, Kurt Vonnegut paints a warm, wise, and often funny portrait of life in post–World War II America—a world

where squabbling couples, high school geniuses, misfit office workers, and small-town lotharios struggle to adapt to changing technology, moral ambiguity, and unprecedented affluence. “Hello, Red” is a sharply observed homecoming tale in which embittered merchant sailor Red Mayo returns to his small town after nine years at sea. There he confronts the man who ended up marrying the only woman Red ever loved—and stakes a claim on a certain something he left behind. “Hello, Red” and the thirteen other never-before-published pieces that comprise Look at the Birdie serve as an unexpected gift for devoted readers who thought that Kurt Vonnegut’s unique voice had been stilled forever—and provide a terrific introduction to his short fiction for anyone who has yet to experience his genius. Other stories from Look at the Birdie available as single-story e-books: On sale September 29, 2009: The Petrified Ants On sale October 20, 2009: Confido FUBAR Shout About It from the Housetops Ed Luby’s Key Club A Song for Selma Hall of Mirrors The Nice Little People Little Drops of Water The Honor of a Newsboy Look at the Birdie (Short Story) King and Queen of the Universe The Good Explainer

She was kidnapped and tossed into the cage of a monster. A monster with fierce green eyes, a body that speaks of ruthless power, and a touch as gentle as a caress. Ryder knows things about Sabine—secrets she doesn't even know about herself. And she'd better learn fast. Because while they might soon escape this prison, she's fighting an urge to set all her desires free . . .

BC to the 2nd cent. AD). The results of this study reveal the sources of the building techniques used at Petra and why they were further developed there.

Philostorgius Philostorgius,2007 Philostorgius (born 368 C.E.) was a member of the Eunomian sect of Christianity, a nonconformist faction deeply opposed to the form of Christianity adopted by the Roman government as the official religion of its empire. He wrote his twelve-book Church History, the critical edition of the surviving remnants of which is presented here in English translation, at the beginning of the fifth century as a revisionist history of the church and the empire in the fourth and early-fifth centuries. Sometimes contradicting and often supplementing what is found in other histories of the period, Christian or otherwise, it offers a rare dissenting picture of the Christian world of the time.
