

Gangs and the Military Carter F. Smith,2019-09-20 Gangs are expanding, evolving, and posing an increasing threat to communities nationwide. This could be due in part to the increased number of gang members with military training. This book explores how military veterans are becoming increasingly involved in street gangs, outlaw motorcycle gangs, and domestic extremist groups.

Navies of Europe Lawrence Sondhaus,2014-06-11 Europe ruled the waves for most of the modern era and even when its navies were eclipsed in size by the US force, they continued to dominate world wars. In this unique history of Europe's naval forces, Larry Sondhaus charts the development of naval warfare from the transition to steam to recent actions in the Persian Gulf. Combining detailed technical information with an in-depth comparison of warfare and tactics across some of the key conflicts of the modern world, this is an absorbing account of European and British seapower, past and present.

Introduction to Business and Industrial Security and Loss Control Raymond P. Siljander,2008 This book presents a treatise on the topic of business and industrial security and loss control as it applies to the protection of assets and personnel. The material in this thoroughly revised and updated second edition will enable law enforcement officers, security/loss control personnel and business managers to view security/loss control needs from a broad perspective and thus devise security measures that will reflect a well-thought-out systems approach. The book contains a wide range of information, and is presented in terms that will be meaningful to readers that do not have formal training or experience in the field of security and loss control. The information is of a practical nature which, if applied in a variation that is consistent with specific needs, will tailor a program that will result in a well-understood balanced systems approach. Through further understanding, the effectiveness of police and security personnel is enhanced as they perform crime prevention duties and assist local businesses in upgrading security measures. Replete with numerous illustrations and tables, the author provides a security/loss control survey for businesses, plus an overview of security for both businesses and industries. Specialized chapters on executive protection, fire dynamics and hazardous materials, security cameras, loss control surveys, loss control manager participation, and managerial leadership are included. This book will help the officer fine-tune investigative techniques when a crime, such as a burglary, has been committed at a business.

Presuppositions and Discourse: Essays Offered to Hans Kamp Rainer Bauerle,Uwe Reyle,Thomas Zimmermann,2010-03-23 Undoubtedly, presupposition theory is a major chapter in the success story of dynamic semantics. This book features papers on this topic based on a conference on Presupposition convened in Stuttgart in October 2000.

Beg Rory Freedman,2013-04-30 The author of the best-selling *Skinny Bitch* explores the ways in which animals enrich life and how they can be better protected, sharing the story of her loving bond with three dogs while revealing common abuses suffered by many domestic animals in America.

Lawyers Beyond Borders Maria Armoudian,2021-09-07 Despite international conventions and human rights declarations, millions of people have suffered and continue to suffer torture, slavery, or violent deaths, with no remedy or recourse. They have fallen, in essence, “below the law,” outside of law’s protection. Often violated by their own governments, sometimes with support from transnational corporations, or nations benefiting from human rights violations, how can these victims find justice? *Lawyers Beyond Borders* reveals the inner workings of the advances and retreats in the quest for redress and restoration of human rights for those whom international legal-political systems have failed. The process of justice begins in the US, with a handful of human rights lawyers steeped in the American tradition of advancing civil rights through civil litigation. As the civil rights movement gained traction and an ample supply of lawyers, this small cadre turned their attention toward advancing international human rights, via the US legal system. They sought to build another piece of the rights revolution, this time for survivors of egregious human rights violations in faraway lands. These cases were among the most unlikely to be slated for victory: The abuses occurred abroad; the victims are aliens, usually with few, if any, resources; the perpetrators are politically powerful, resourced, and well connected, often members of governments, militaries, or multinational corporations. The legal and political systems’ structures are mostly stacked against these survivors, many who bear the scars of trauma and terror. *Lawyers Beyond Borders* is about agency. It is about how, in the face of powerful interests and seemingly insurmountable obstacles—political, psychological, economic, geographical, and physical—a small group of lawyers and survivors navigated a terrain of daunting barriers to begin building, case-by-case, new pathways to justice for those who otherwise would have none.

Skinny Bitch: Ultimate Everyday Cookbook Kim Barnouin,2010-10-19 Offers a collection of vegan recipes that focus on fresh, seasonal ingredients rather than processed meat substitutes, along with complete nutritional breakdowns and a variety of variations.

Pathology for the Physical Therapist Assistant Penelope J Lescher,2011-03-02 With other texts written at either too high or too low a level, this book meets the needs of PTA students for usable, understandable pathology related to clinical application. Extensively illustrated, this book allows students to more easily comprehend and maintain interest in otherwise complicated pathological processes. The fourteen chapter format effectively fits within a

chapter per week course structure, or each chapter may be used as a stand alone module within any course.

Global Civil Society Yearbook 2009 Ashwani Kumar,Jan Aart Scholte,Mary Kaldor,Marlies Glasius,Hakan Seckinelgin,Helmut K Anheier,2009-05-13

The annual Global Civil Society Yearbooks provide an indispensable guide to global civil society or civic participation and action around the world. The 2009 Yearbook explores the framings, strategies and impacts of a range of actors on poverty and its alleviation. The overarching question is to whether such actors, in pressing for poverty alleviation actually achieve anything/empower the poor, or simply aid wealthy states in maintaining the status quo. The contributors are diverse, including scholars and practitioners from India, America, the UK, Australia, Thailand, and Mali. The Global Civil Society Yearbook remains the standard work on all aspects of contemporary global civil society for activists, practitioners, students and academics alike. It is essential reading for anyone seeking a deeper understanding of the key actors, forms and manifestations of global civil society around the world today.

The Theory and Practice of Extended Communion Phillip Tovey,2016-02-24 Three churches have recently produced liturgies for 'extended communion'. This is the distribution of previously consecrated elements at a public service by lay people or a deacon in the absence of a priest. This development began in the Roman Catholic Church with the Vatican 'Directory on Sunday Worship in the absence of a priest' in 1988. The Methodist Church produced a service of Extended Communion in 1999, and the Church of England authorized 'Public Worship with Communion by Extension' in 2001. In this book Phillip Tovey examines these churches to discover the reasons for the production of these services and their theological rationale. An in-depth examination of case studies draws conclusions highly relevant to the wider church.

Applied Ethics in the Fractured State Bligh Grant,Joseph Drew,Helen E. Christensen,2018-11-12 This book brings together the refereed proceedings of the 24th Annual Conference of the Australian Association of Professional and Applied Ethics (AAPAE) 'Applied Ethics in the Fractured State', held at the Institute for Public Policy and Governance, University of Technology Sydney in June 2017.

Cervical Cancer and Human Papillomavirus United States. Congress. House. Committee on Government Reform. Subcommittee on Criminal Justice, Drug Policy, and Human Resources,2004

Healthy Lifestyle Courtney O. Olcott MS MPH,Kathy L. Finley MS,Mohammad R. Torabi Ph.D.,2013-04-30 Finding a user-friendly book on the topic of healthy living that is right for you can be challenging. If you want to learn more about the health issues most pertinent to your lifestyle, Healthy Lifestyle: Top Ten Preventable Causes of Premature Death with Real Stories of Change is the book for you. It is a guide to the health topics that you want to know about, such as sleep, stress, nutrition, spirituality, exercise, and mental health. Written clearly and without technical jargon, this book presents scientific information in a way that is accessible to anyone interested in health, from health professionals to the layperson. Healthy Lifestyle provides a comprehensive scope of the health topics that are presented. It includes the most salient and current information available on each subject along with its historical and social context and the current research in Western and alternative medicine. Learn how society and culture shape the way you think about your health while having access to current prevention research from a traditional and non-traditional point of view. Personal narratives illustrate how real individuals have found solutions to their health problems. These inspirational stories and Healthy Lifestyle may provide the motivation you need to make healthy changes to your lifestyle.

Refugee Women, Representation and Education Melinda McPherson,2014-10-07 Even with increased attention to refugee women's issues in the late 20th century, post-colonial discourses have nurtured limiting representations of refugee women, predominantly as subjects of charity and as victims. Adding to a growing body of work in the field, the author challenges this preconception by offering an opportunity for women's voices to shape and influence policy, especially as it pertains to the role of education in the authoring of their own lives. In this volume, Melinda McPherson centres refugee women's voices in the educational policy debate. Drawing on interviews with a group of refugee women in Melbourne, she explores purposes of education, and asks what kind of society these women imagine for themselves and for others. Their critical reflections, personal experiences and diverse backgrounds offer a contrasting picture to that privileged in ordinary policy debate. The women require support, resources, and guidance; but they are agents in their own lives who bring strength, thought, and imagination to crafting their own destinies in a new country. Education is a pivotal tool in exercising that agency. Throughout the book, discussions centre on why education matters to refugee women, focusing upon the integral links between education, civil society, and successful settlement, and conversely on the negative impacts of exclusionary practices. Representation and participation in education is a topic of critical social justice concern, and as such, the book will form important reading for academics, students, policy makers, and

community development researchers.

The Everything Songwriting Book C.J. Watson, C. J. Watson, 2003-09-01 Simple techniques for creating catchy lyrics and memorable melodies!

Nearly everyone can hum the melody or remember the words to a hit song. Clever word play, catchy melodies, and thoughtful imagery can create an impression that lasts long after a song has ended. The Everything Songwriting Book provides amateurs and seasoned professionals alike all they need to create, perform, and sell hit songs. Learn how to develop an idea, formulate a rhyme scheme, incorporate unique phrasing, and follow through to the final note. Professional songwriter and consultant C.J. Watson packs this book with clever tips and tricks for overcoming writer's block, creating a hook, and recording and selling a song to a recording company or performer. This user-friendly guide also shows how to: Tap into the common elements of hit songs Incorporate instruments into songwriting Understand music theory Spot songwriting trends and write for a specific market Produce a song Know essential copyright law and other legal basics Get compositions into the right hands Complete with expert advice and practical pointers, The Everything Songwriting Book is sure to guide and inspire burgeoning songwriters at any level.

Environmental Politics and Foreign Policy Decision Making in Latin America Amy Below, 2014-12-05 Although the Kyoto Protocol, an international

agreement to address global climate change, has been regarded by many as an unsuccessful treaty both politically and environmentally, it stands as one of the world's few truly global agreements. Why did such a diverse group of countries decide to sign and/or ratify the treaty? Why did they choose to do so at different times and in different ways? What explains their foreign policy behavior? Amy Below's book builds off the increasing significance of climate change and uses the Kyoto Protocol as a case study to analyze foreign policy decision making in Latin America. Below's study takes a regional perspective in order to examine why countries in Latin America made disparate foreign policy choices when they were faced with the same decision. The book looks at the decisions in Argentina, Mexico, and Venezuela via a process-tracing method. Below uses information obtained from primary and secondary documents and elite interviews to help reconstruct the processes, and augments her reconstruction with a content analysis of Conference of the Parties speeches by presidents and country delegates. The book complies with convention in the field by arguing that systemic, national and individual-level factors simultaneously impact foreign policy decisions, but makes the additional claim that role theory most accurately accounts for relationships between variables. Environmental Politics and Foreign Policy Decision Making in Latin America considers a variety of factors on individual, national, and international levels of analysis, and show that the foreign policy decisions are best viewed through the prism of role theory. The book also draws conclusions about the value of role theory in general and about environmental foreign policy decisions in developing countries, which will be of value to both policy-makers and academics.

Aimee Semple McPherson and the Making of Modern Pentecostalism, 1890-1926 Chas H. Barfoot, 2014-09-19 Pentecostalism was born at the

turn of the twentieth century in a tumble-down shack in a rundown semi-industrial area of Los Angeles composed of a tombstone shop, saloons, livery stables and railroad freight yards. One hundred years later Pentecostalism has not only proven to be the most dynamic representative of Christian faith in the past century, but a transnational religious phenomenon as well. In a global context Pentecostalism has attained a membership of 500 million growing at the rate of 20 million new members a year. Aimee Semple McPherson, born on a Canadian farm, was Pentecostalism's first celebrity, its female Billy Sunday. Arriving in Southern California with her mother, two children and \$100.00 in 1920, Sister Aimee, as she was fondly known, quickly achieved the height of her fame. In 1926, by age 35, Sister Aimee would pastor America's largest 'class A' church, perhaps becoming the country's first mega church pastor. In Los Angeles she quickly became a folk hero and civic institution. Hollywood discovered her when she brilliantly united the sacred with the profane. Anthony Quinn would play in the Temple band and Aimee would baptize Marilyn Monroe, council Jean Harlow and become friends with Charlie Chaplain, Douglas Fairbanks and Mary Pickford. Based on the biographer's first time access to internal church documents and cooperation of Aimee's family and friends, this major biography offers a sympathetic appraisal of her rise to fame, revivals in major cities and influence on American religion and culture in the Jazz Age. The biographer takes the reader behind the scenes of Aimee's fame to the early days of her harsh apprenticeship in revival tents, failed marriages and poverty. Barfoot recreates the career of this called and driven woman through oral history, church documents and by a creative use of new source material. Written with warmth and often as dramatic as Aimee, herself, the author successfully captures not only what made Aimee famous but also what transformed Pentecostalism from its meager Azusa Street mission beginnings into a transnational, global religion.
