**The Kurdish Spring** David L. Phillips, 2015-02-17 Kurds are the largest stateless people in the world. An estimated thirty-two million Kurds live in “Kurdistan,” which includes parts of Turkey, Iraq, Syria, and Iran—today’s “hot spots” in the Middle East. The Kurdish Spring explores the subjugation of Kurds by Arab, Ottoman, and Persian powers for almost a century, and explains why Kurds are now evolving from a victimized people to a coherent political community. David L. Phillips describes Kurdish rebellions and arbitrary divisions in the last century, chronicling the nadir of Kurdish experience in the 1980s. He discusses draconian measures implemented by Iraq, including use of chemical weapons, Turkey’s restrictions on political and cultural rights, denial of citizenship and punishment for expressing Kurdish identity in Syria, and repressive rule in Iran. Phillips forecasts the collapse and fragmentation of Iraq. He argues that US strategic and security interests are advanced through cooperation with Kurds, as a bulwark against ISIS and Islamic extremism. This work will encourage the public to look critically at the post-colonial period, recognizing the injustice and impracticality of states that were created by Great Powers, and offering a new perspective on sovereignty and statehood.

**The Ten Commandments** Joseph P. Hester, 2003 Examines issues surrounding the place of the Ten Commandments in American society and their application in secular law, covering such issues as the separation of church and state, capital punishment, and prayer in public schools.

**Free Market Missionaries** Sharon Beder, 2012-06-25 In her recent book *Suiting Themselves*, bestselling author Sharon Beder exposed how the global corporate elite have brazenly rewritten the rules of the global economy to line their pockets. In this new book she trains her sights on the insidious underbelly of this global trend to show how they have also orchestrated a mass propaganda campaign to manipulate community values and convince us that their interest - co-opting and controlling all of us in the name of the free market - is in our interest. During the 20th century, business associations coordinated mass propaganda campaigns combining 20th century American PR methods with revitalized free market ideology from 18th century Europe. The aim was to persuade people to eschew their own power as workers and citizens, and forego their democratic power to restrain and regulate business activity. Sophisticated corporate-funded think tanks augmented these campaigns in the 1970s and 1980s, promoting free enterprise and business-friendly policies. These free market missionaries now seek to change individual and institutional values through bolder strategies such as expanding share ownership and manipulating wider public concerns. In each case the goal is the same: the triumph of business values over community values. Beder’s is an intellectual call to arms: challenge the ideology of the free market missionaries or be converted to it.

**The Bulldozer and the Big Tent** Todd Gitlin, 2007-09-10 This book, by one of America's most intelligent and decent political writers, tells liberals how the conservative movement rose and fell, and how they could emulate its successes while avoiding its failures. --George Packer, author of *Blood of the Liberals* and *The Assassins' Gate* No one is better than Todd Gitlin at describing the crucial dynamic through which movements gain or lose political power. Justly celebrated for his seminal work on such dynamics during the 1960s, Gitlin now explains everything that's happened since, with passion and wisdom--and happily, because of Bushism's collapse, legitimate optimism about the future. --Michael Tomasky, Editor, *Guardian* America An impassioned yet realistic plea for Democrats and liberals to become more serious about politics. They would do well to follow his advice. - Alan Wolfe, Director, Boisi Center for Religion and American Public Life, Boston College A brilliant and indispensable book. Gitlin convincingly urges liberals to take seriously the greater difficulty the Democrats have forging cohesion among identity-based groups over the Republicans persuading the less diverse Republican base to bury disagreements in the drive for victory. Gitlin argues that Democrats will have to bite the bullet and unite under a big tent. It's a hard lesson for ardent newcomers to the movement to swallow. Gitlin is dead right. --Thomas B. Edsall, Special Correspondent, *The New Republic* This is an indispensable book by one of our most gifted public intellectuals. Todd Gitlin explains--with splendid scholarship, reporting, and wit--how the Bush machine debased our political life and how progressives, in all their variety, are struggling to build a new majority. It is the best guide we have to America's recent past and its possible future. --Michael Kazin, author of *A Godly Hero: The Life of William Jennings Bryan* and Professor of History, Georgetown University

*Jokes and Targets* Christie Davies, 2011-05-23 *Jokes and Targets* takes up an appealing and entertaining topic—the social and historical origins of jokes about familiar targets such as rustics, Jewish spouses, used car salesmen, and dumb blondes. Christie Davies explains why political jokes flourished in the Soviet Union, why Europeans tell jokes about American lawyers but not about their own lawyers, and why sex jokes often refer to France rather than to other countries. One of the world's leading experts on the study of humor, Davies provides a wide-ranging and detailed study of the jokes that make up an important part of everyday conversation.

This rich anthology contains 20 exemplary studies of visual rhetoric, exploring an array of visual communication forms, from photographs, prints, television documentary, and film to stamps, advertisements, and tattoos. In material original to this volume, editors Lester C. Olson, Cara A. Finnegan, and Diane S. *Contemporary Women Playwrights* Penny Farfan,Lesley Ferris,2014-01-23 Breaking new ground in this century, this wide-ranging collection of essays is the first of its kind to address the work of contemporary international women playwrights. The book considers the work of established playwrights such as Caryl Churchill, Marie Clements, Lara Foot-Newton, Maria Irene Fornes, Sarah Kane, Lisa Kron, Young Jean Lee, Lynn Nottage, Suzan-Lori Parks, Djanet Sears, Caridad Svich, and Judith Thompson, but it also foregrounds important plays by many emerging writers. Divided into three sections-Histories, Conflicts, and Genres-the book explores such topics as the feminist history play, solo performance, transcultural dramaturgies, the identity play, the gendered terrain of war, and eco-drama, and encompasses work from the United States, Canada, Latin America, Oceania, South Africa, Egypt, and the United Kingdom. **A Misunderstood Friendship** Zhihua Shen,Yafeng Xia,2020-11-03 Today, the People’s Republic of China is North Korea’s only ally on the world stage, a tightly knit relationship that goes back decades. Both countries portray their partnership as one of “brotherly affection” based on shared political ideals—an alliance “as tight as lips to teeth”—even though relations have deteriorated in recent years due to China’s ascendancy and North Korea’s intransigence. In A Misunderstood Friendship, leading diplomatic historians Zhihua Shen and Yafeng Xia draw on previously untapped primary source materials revealing tensions and rivalries to offer a unique account of the China-North Korea relationship. They unravel the twists and turns in high-level diplomacy between China and North Korea from the late 1940s to the death of Mao Zedong in 1976. Through unprecedented access to Chinese government documents, Soviet and Eastern European archives, and in-depth interviews with former Chinese diplomats and North Korean defectors, Shen and Xia reveal that the tensions that currently plague the alliance between the two countries have been present from the very beginning of the relationship. They significantly revise existing narratives of the Korean War, China’s postwar aid to North Korea, Kim Il-sung’s ideological and strategic thinking, North Korea’s relations with the Soviet Union, and the importance of the Sino-U.S. rapprochement, among other issues. A Misunderstood Friendship adds new depth to our understanding of one of the most secretive and significant relationships of the Cold War, with increasing relevance to international affairs today.
