Model Rules of Professional Conduct American Bar Association. House of Delegates, Center for Professional Responsibility (American Bar Association), 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Johnny Kling Gil Bogen, 2006-01-10 In the view of contemporary players and sportswriters, Chicago Cub Johnny Kling was one of the greatest catchers of all time. A strong batter, Kling was even better behind the plate, where his strong arm, quick reactions, and even his chatter harried the opposition. He was by all accounts an indispensable part of Cubs teams that won four National League pennants and two World Series titles between 1906 and 1910. Yet today he is remembered by historians as a player at the center of two unresolved questions: Was Johnny Kling's absence from baseball in 1909--during the prime of his career--the result of a salary holdout? And was he Jewish? This heavily researched biography ends the debate over those questions while restoring Kling to his place among the greats at his position. It covers in detail his exploits on and off the field (which included a world billiards championship in 1909) and his life after his playing career ended, when he became a philanthropist and gentleman farmer. The foreword is provided by Ernie Banks.

There's Always Work at the Post Office Philip F. Rubio, 2010-05-15 This book brings to life the important but neglected story of African American postal workers and the critical role they played in the U.S. labor and black freedom movements. Historian Philip Rubio, a former postal worker, integrates civil rights, labor, and left movement histories that too often are written as if they happened separately. Centered on New York City and Washington, D.C., the book chronicles a struggle of national significance through its examination of the post office, a workplace with facilities and unions serving every city and town in the United States. Black postal workers--often college-educated military veterans--fought their way into postal positions and unions and became a critical force for social change. They combined black labor protest and civic traditions to construct a civil rights unionism at the post office. They were a major factor in the 1970 nationwide postal wildcat strike, which resulted in full collective bargaining rights for the major postal unions under the newly established U.S. Postal Service in 1971. In making the fight for equality primary, African American postal workers were influential in shaping today's post office and postal unions.

Great Pages in History from the Wisconsin State Journal, 1852-2002 Frank Denton, 2002 This fascinating collection reproduces the most important front pages in the history of the Wisconsin State Journal newspaper, from its first publication under that name on September 30, 1852, to the current War on Terrorism. See what Wisconsinites first read about Abraham Lincoln's election and assassination, Custer's last stand against the Sioux, the first votes by women, Henry Ford's \$5 daily wage, the Saint Valentine's Day mob massacre in Chicago, the disappearance of Amelia Earhart as she attempted to fly around the world . . . and the wars, elections, crimes, and social revolutions that have defined the past century and a half. Each front page, reproduced from the original, is readable down to the smallest type. In 2002 the Wisconsin State Journal celebrates its Sesquicentennial, marking one hundred and fifty years of service to the people of Madison and the State of Wisconsin. The newspaper had an earlier inception as the Madison Express in 1839, when Madison was a territorial town on the frontier and statehood was still nine years away. Readers will notice the newspaper's appearance has changed nearly as much as have the methods of gathering the news and producing the paper. But readers' fascination with and hunger for the news of each day remain strong.

A Lie Will Suffice Jay Wilkinson, 2022-05-31 In 1893 Western Sicily, Gaetano DiGiovanni, twenty-five years old, foresees a day when he abandons his turbulent, hard-scrabble life in the Palermo Province hinterlands for the promise of America. His fourteen-and-a-half-year-old wife, Angelina Bucaro DiGiovanni, is at his side. Gaetano becomes an old-style Mafiosi man of respect, called Don Tano Baiocco in Sicily and New Orleans. For the next half century, Tano Baiocco guides his burgeoning family through Atlantic Ocean crossings, murder, extortion, vendetta, bootlegging, hostage-taking Fascists cracking down on Sicilian Mafiosi, labor influence on the New Orleans banana docks, two criminal trials, a secret interment in the family burial vault, the Great Depression and World War II. Employing a culture-based nineteenth-century Sicilian mindset, including omerta and deception, Gaetano Baiocco DiGiovanni, his wife, children, and son-in-law, Natale Guinta, largely conceal the dark aspects of the family history from their offspring and following generations, who by the early twenty-first century have established themselves as pillars of their American communities. Then one day in 2009, one of Gaetano's many upright American granddaughters, distraught over her discovery of the truth about the 1921 Mafia assassination of Gaetano's oldest son, her Uncle Domenico, presents a few old newspaper articles to her own stunned son, the author of this book. She obliquely challenges him to dig out the whole truth of the family history. One day, you're gonna write a book about my family, she says, and it won't be so pretty. Why all the secrets? Why all the lies? *A Lie Will Suffice* is the result of twelve years of research, cited in detailed endnotes and an extensive bibliography, that attempts to answer a mother's questions, to unravel and explain the sometimes difficult-to-discern, complex, but ultimately triumphant DiGiovanni-Guinta family history. It ends with the opaque revelation to the author by his Godfather, ten months before his Godfather's death, of the most closely held family secret.
