Hello, Red (Stories) Kurt Vonnegut,2009-08-25 Look at the Birdie is a collection of fourteen previously unpublished short stories from one of the most original writers in all of American fiction. In this series of perfectly rendered vignettes, written just as he was starting to find his comic voice, Kurt Vonnegut paints a warm, wise, and often funny portrait of life in post—World War II America—a world where squabbling couples, high school geniuses, misfit office workers, and small-town lotharios struggle to adapt to changing technology, moral ambiguity, and unprecedented affluence. “Hello, Red” is a sharply observed homecoming tale in which embittered merchant sailor Red Mayo returns to his small town after nine years at sea. There he confronts the man who ended up marrying the only woman Red ever loved—and stakes a claim on a certain something he left behind. “Hello, Red” and the thirteen other never-before-published pieces that comprise Look at the Birdie serve as an unexpected gift for devoted readers who thought that Kurt Vonnegut’s unique voice had been stilled forever—and provide a terrific introduction to his short fiction for anyone who has yet to experience his genius. **H8r** Michael Roy,2022-01-08 The only thing that eighteen-year-old Andy Bradshaw had on her mind was that she was graduating high school in a matter of a few months. Andy has never been one of the popular girls because she makes good grades in all of her classes, reads and aspires to become a great writer. Unfortunately, she doesn't have anything to write about. Her twin brother, Riley, wants to follow a different path and become a rock guitar god. Because of this, they are almost always at odds. Andy has only a small circle of good friends which isn't anything bad to complain about. That is, until, a new and definitely different social media app pops up into everybody's phone screens. It is Hater, an app dedicated for users to only post hate comments back and forth to each other. Anyone who decides to no longer put up with any of the negativity and post a nice or positive comment mysteriously disappears. As the student body of John P. Dorset High School and the rest of the world grows more and more out of control due to the presence of Hater, it is up to Andy and her friends to stand up for themselves and come together as a team to take down this faceless threat. The only question that remains is: can Andy act quickly and take down this Internet monster before she loses everyone that she loves as they slowly disappear one by one?

BION [Believe It Or Not] Bob Kat,2013-07-25 BION [Believe It Or Not], Book #3 of the CUL8R Time Travel Mystery/Romance series. Change the past, Save the future. Four high school friends are able to do two things no one else on the planet can do . . . talk with dead people and time travel to the past. However, Kelly, who lost her phone during their last adventure, is temporarily grounded. She worries that her new friends will time travel without her, leaving her all alone in her new home in Ft. Myers Beach, Florida. But they surprise her on her birthday and soon they are back in Scott's lab, listening to the old radio that Thomas Edison had invented and called “The Telephone to the Dead”. As they slowly turn the dial Kelly, Scott, Austin and Zoey hear hundreds of sad, lonely voices of souls that have passed but apparently never moved on, pleading for help. When they first discovered the radio in Kelly's aunt's garage, they had been touched by the cries and pleas coming from its speakers, but they had no way to go back in time to help them. That is, until Scott reveals an invention of his own . . . a time travel app. They've already tested it twice, with both trips being very successful, but not without danger. Even though they returned with a few scrapes and bruises, and even a gunshot wound, they are eager to go on a new adventure and help solve a mystery. A young woman's voice comes through and asks them to find her twin brother, Jesse, who had run away to the circus in 1927, then disappeared and was never heard from again. Going back and living with a circus sounds like fun. Plus an old book written by his sister provides a glimpse into the past . . . as well as a photo of Jesse, a photo that grabs their attention and sets the girls' hearts racing. They land in a cornfield in Wichita Falls, Texas as the circus is setting up. It doesn't take them long to discover that circus life is not all glamour and fun; it's a lot of hard work. As usual, they jump in and quickly find jobs, places to sleep and new friends. But most importantly, they find Jesse. Now all they have to do is keep him alive. For Zoey and Jesse, it's love at first sight. It's a first romance for both of them and their love blossoms as they travel from city to city. Zoey knows she's too young to settle down and that Jesse is from a different time and culture, but her feelings for him are strong. Her and her friends' time travel mission has taken on a new dimension. Should they be successful and save his life, will Zoey be able to let him go? Is it possible for him to come to 2013 with her? Is it possible for her to stay in 1927 with him? Ultimately, can she give up everything she has in the present for true love in the past? Jesse's talent working with the big cats catches the attention of the Martin Maxwell, the owner of the circus. Maxwell promotes him to the center ring as a replacement for their current lion tamer who is planning on moving up to the Ringling and Barnum & Bailey Circus. Unfortunately, not everyone shares Zoey's love for Jesse and wants him to disappear forever. Kelly, Scott, Austin and Zoey must figure out who wants Jesse

dead and stop him or her before Jesse's fate is sealed. **The Veiled Web** Catherine Asaro,2022-09-27 “A near-future layering of East and West, of religion and technology . . . and of love and its loss—all woven into an intriguing tapestry.” —Diana Gabaldon, bestselling author of the Outlander series Winner of the Homer Award for Best Science Fiction Novel A renowned prima ballerina, Lucia del Mar is far more comfortable expressing herself through dance than with words. Shy and introverted, she spends most of her spare time on her laptop. Still, Lucia's job forces her out of her comfort zone, which is how she winds up at a White House reception where she meets Rashid al-Jazari, the wealthy CEO of a multinational corporation. Although attracted to him, Lucia can't help but feel awkward and shrugs off their encounter as a one-time event. Not realizing he feels a similar attraction, she never imagines Rashid will seek out her performances; he is the last person she expects to see when her dance company travels to Italy. Their reunion takes an even more unexpected turn when they're both drugged and kidnapped. Although they overcome their abductors, it leaves them stranded in North Africa. For her own safety, Lucia agrees to marry Rashid, at least for the time being. As she recovers at his family compound in Morocco, reeling from their brush with danger, she struggles to fit into a culture she knows nothing about—and to deal with her growing feelings for Rashid. At the same time, at his secret office there, Rashid is developing a dramatic leap forward in artificial intelligence combined with virtual reality. He finds himself plunged into a fight for control of his work against powerful international forces, and caught in the middle, Lucia is swept into that battle . . . “A terrific novel, ripping a path from today's headlines to tomorrow's realities.” —Robert J. Sawyer, Nebula Award-winning author
