The Partition of India Ian Talbot,Gurharpal Singh,2009-07-23 The British divided and quit India in 1947. The partition of India and the creation of Pakistan uprooted entire communities and left unspeakable violence in its trail. This volume tells the story of partition through the events that led up to it, the terrors that accompanied it, to migration and resettlement. In a new shift in the understanding of this seminal moment, the book also explores the legacies of partition which continue to resonate today in the fractured lives of individuals and communities, and more broadly in the relationship between India and Pakistan and the ongoing conflict over contested sites. In conclusion, the book reflects on the general implications of partition as a political solution to ethnic and religious conflict. The book, which is accompanied by photographs, maps and a chronology of major events, is intended for students as a portal into the history and politics of the Asian region.

Moon-face and Other Stories Jack London,1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which

tells the story of the dog Buck, who, after his master´s death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London´s most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

The Trans-Appalachian Wars, 1790-1818 John Eric Vining,2010 Much is known about the American Revolutionary and Civil Wars. Relatively little is known about the wars to conquer the Trans-Appalachian West; the area between the Appalachian Mountains and the Mississippi River. Yet, in terms of political ramifications and intrigue, military strategies and tactics, and interactions between different entities and individuals, these campaigns rank high on the scale of complexity and interest. Just as other wars highlighted great generals; Washington, Lee, and Grant, and memorable battles; Spotsylvania, The Bulge, and The Persian Gulf Flank Run, the Trans-Appalachian Wars had impressive features as well. These wars encompassed the five action phases: - The Indian (or Woodland) Wars, 1790-1795, - The War of 1812 in the Old Northwest, 1811-1813, - The Creek War, 1813-1814, - The War of 1812 in the Old Southwest, 1814-1815, and - The Stabilization of the Gulf Coast, 1811-1818. They brought to the fore three great generals; Mad Anthony Wayne, William Henry Harrison, and Andrew Jackson, who fought and won five great battles: - The Battle of Fallen Timbers, August 20, 1794; - The Battle of Tippecanoe, November 7, 1811; - The Battle of the Thames, October 8, 1813; - The Battle of Horseshoe Bend, March 27, 1814; and - The Battle of New Orleans, January 8, 1815.

Killing Poetry Javon Johnson,2017-07-17 In recent decades, poetry slams and the spoken word artists who compete in them have

sparked a resurgent fascination with the world of poetry. However, there is little critical dialogue that fully engages with the cultural complexities present in slam and spoken word poetry communities, as well as their ramifications. In Killing Poetry, renowned slam poet, Javon Johnson unpacks some of the complicated issues that comprise performance poetry spaces. He argues that the truly radical potential in slam and spoken word communities lies not just in proving literary worth, speaking back to power, or even in altering power structures, but instead in imagining and working towards altogether different social relationships. His illuminating ethnography provides a critical history of the slam, contextualizes contemporary black poets in larger black literary traditions, and does away with the notion that poetry slams are inherently radically democratic and utopic. Killing Poetry—at times autobiographical, poetic, and journalistic—analyzes the masculine posturing in the Southern California community in particular, the sexual assault in the national community, and the ways in which related social media inadvertently replicate many of the same white supremacist, patriarchal, and mainstream logics so many spoken word poets seem to be working against. Throughout, Johnson examines the promises and problems within slam and spoken word, while illustrating how community is made and remade in hopes of eventually creating the radical spaces so many of these poets strive to achieve.

The Strange Hours Travelers Keep August Kleinzahler,2014-09-09 Those aren't stars, darling That's your nervous system Nanna didn't take you to planetariums like this --from Hyper-Berceuse: 3 A.M. August Kleinzahler's new poems stretch and go places he has never gone before: they have his signature high color and rhythmic jump, but they take on a breadth of voice and achieve registers that his earlier work only hinted at. Ranging from Vegas and Mayfair to the Asian steppes and contemporary Berlin, these poems touch down at will in tableaux where Liberace unceremoniously meets with St. Kevin and Attila with Zsa Zsa Gabor. Surprise after surprise, nothing seems to lie outside Kleinzahler's purview. This is the strongest collection to date from a poet with the vision and confident skill to make American poetry new (Clive Wilmer, The Times [London]).

Disco Bill Bernstein,2016-11-22 The deluxe edition of Disco: The Bill Bernstein Photographs is limited to 100 signed and numbered copies. This collector's item includes a signed photograph exclusive to this edition and is presented in a bespoke slipcase. Containing many previously unpublished photographs, Disco takes the viewer on an access-all-areas tour of late-'70s New York nightlife. Who were these people of the night...? It was the Posers. The Watchers. The Posers watching other Posers watching the Watchers, watching the Dancers, watching themselves. Bernstein's eye was drawn to the characters that lived for the night, rather than the celebrities, the unknown men and women who were transformed by the nightclub haze, and this is one reason his photographs from this time feel so authentic and immersive.
