**Nothing Abides** Daniel Pipes,2017-07-05 Daniel Pipes has collected some of his sharpest and most prescient writings from the quarter century 1989?2014. In them, he addresses a range of current topics, from the origins of the civil war in Syria to denying the Islamic factor in terrorism, to the way to resolve the Arab-Israeli conflict. Pipes pursues two themes in particular: the internal instability of Muslim-majority countries, in which nothing abides, and the expression of Muslims' drive to apply Islamic law.Pipes' interests concentrate on the Middle East as understood from a historical point of view and on the role of Islam in politics. Divided into five thematic sections, this work addresses the Arab-Israeli conflict, Middle Eastern politics, Islam in modern life, Islam in the West, and individuals connected to American Islam.Pipes' deep knowledge, gained over forty-five years of study, combined with incisive writing and a well-regarded courage to speak out on controversial topics make Nothing Abides a compelling read for Middle East specialists, students, and the interested public.

**My Father's Keeper** Stephan Lebert,Norbert Lebert,2002 There are and always have been ways of escaping one's own past. But there are some who have never had this chance: the children of prominent Nazis. On one hand they have the memories of the nice, kind man who was their father, on the other they are confronted with the facts of history: with the madness, the murders, the personal purgatory. The Leberts, father and son, spoke at an interval of forty years - 1959 and 1999 - to these men and women who bore a tainted name and were crushed by the burden of the past: Gudrun Himmler - 75, runs a network for old Nazis in Munich, denies her father did anything wrong; Martin Boorman (junior) - 70, believes his father was a monster; Etta Goring - 70, will hear no bad word about her father; Nicholas Frank (father was in charge of Auschwitz) believes his father was the incarnation of evil. The result is a series of snapshots of rare intensity and a demonstration of how these destinies have more to do with the twenty-first century than many would care to think.
