**Mutiny On The Western Front** Greg Raffin,2018-09-05 On 21 September 1918, with retreating German forces on their last legs, the 1st Battalion of the AIF was ordered to return to the front just as they were being relieved and preparing for a well-earned rest. It wasn't just the Germans who were on their last legs; the Australians were depleted and exhausted. In what was the largest such instance of mass 'combat refusal' in the AIF's history, the men of one company in the 1st Battalion defied the order. The 'mutiny' spread to other companies, and when the battalion did eventually comply with the order, over 100 men were absent. The circumstances surrounding this mutiny have long been a matter of embarrassment for the AIF, and of fascination for military historians. While historians have approached the issue in purely military terms – the men as soldiers, over-extended service, rates of wounding, promotions, and so on – this book approaches these 100 plus men as human beings. Mutiny on the Western Front traces how these events played out in the context of the exhausting demands placed upon a unit that had seen practically continuous front-line action for weeks, if not months, in the war's final, decisive stages. Author Greg Raffin considers what happens to men's hearts and minds in the course of a prolonged conflict like the Great War. This story, which will surprise readers – is not just about a group of exhausted and war weary Australian soldiers in 1918, it is a story about humanity in war: about what men do in war, and what war does to men.

*Introduction to Health and Safety in Construction* Phil Hughes,Ed Ferrett,2012-09-10 This NEBOSH-endorsed textbook is matched to the latest syllabus of the National Certificate in Construction Safety and Health. Within the construction industry the need for specialist health and safety training is high due to the high risks involved. This is reflected in recent legislation such as CDM 2007 and explains the consistent demand for courses and learning materials. The text is easy to read, highly illustrated in full color, and supported with checklists, report forms and record sheets used currently in the industry. Students are supported with end-of-chapter questions, a study skills chapter and specimen assignments including specimen answers. As NEBOSH actively grows their qualifications internationally, demand for this book and its sister titles continues to increase overseas. High growth markets are the Middle East, Malaysia, India and China.

*The Wandering Princess* Edward W. Hanson,2017-05-13 Helene was a strong-willed princess, raised in France but closely connected with the court of Queen Victoria. After the premature end to a romance with Victoria's grandson, she married into the royal family of Italy. However, Helene began extended adventuresome trips into Africa where she became a big-game hunter, explorer and travel writer, escaping from an unhappy marriage and the boredom of court life. Her travels took her around the world, but her sense of royal duty brought her back to nurse aboard a hospital ship in Libyan waters, then to an important role as head of the Italian Red Cross nurses during the First World War while her husband headed Italy's Third Army, and her two sons served in the artillery and the navy. Afterwards, her strong Italian nationalism made her an ally to Gabriele d'Annunzio and Benito Mussolini, but the disastrous Second World War saw her grandchildren interned in Austria and her older son die as a British prisoner-of-war while she continued her charitable work in Naples. When the country voted to become a republic in 1946, Helene was the only member of the royal family allowed to remain in Italy with her second 'secret' husband.

**Commentary on Metaphysics: Books 7-12** Saint Thomas (Aquinas),John Patrick Rowan,2019 Foundational in its consideration of being and the transcendentals, the Metaphysics of Aristotle is a dense and difficult work on its own. This volume contains the first half of St. Thomas's commentary on the Metaphysics, beginning with discussing the views of Aristotle's predecessors and moving towards a discussion of being--

*Fruit and vegetables* Food and Agriculture Organization of the United Nations,Agricultural Research Centre for International Development,2021-09-20 This book will convince the reader to care about fruit and vegetables and to see that the small-scale production of these crops is fundamental to achieving sustainable development goals. In five chapters, the reader will learn about the challenges and rewards for producers, sellers, and consumers. Chapter 1: a working definition for fruit and vegetables, making the case for supporting small-scale farmers and value chains. Chapter 2: options for farm management to ensure that production is sustainable including genetic resources, seed systems, management of water, soil, nutrients, and control of pests and diseases. Chapter 3: options to integrate small-scale commercial fruit and vegetable farmers into socially inclusive value chains, including innovative post-harvest handling services, market linkages, and reducing food loss and waste. Chapter 4: options for practitioners and policymakers at different governmental, institutional and social levels to promote the sustainable production and consumption of safe, nutritious, and affordable fruit and vegetables. Chapter 5: key interventions and innovations to facilitate the sustainable production of fruit and vegetables in low- and middle-income countries across the world. This publication takes readers on a journey introducing them to a diverse array of fruit and vegetables through colorfully illustrated studies from around the world. It justifies the importance of these crops and it encourages readers to take an active role both in promoting fruit and vegetable production and in encouraging more people to eat them.

**Bully Beef & Balderdash** Graham Wilson,2012-03-15 The Australian Imperial Force, first raised in 1914 for overseas war service, became better known by its initials - the AIF. There was a distinct character to those who enlisted in the earliest months and who were destined to fight on Gallipoli. During the war the AIF took its place among the great armies of the world, on some of history's oldest battlefields. The Australians would attack at the Dardanelles, enter Jerusalem and Damascus, defend Amiens and Ypres, and swagger through the streets of Cairo, Paris, and London, with their distinctive slouch hats and comparative wealth of six shillings per day. However, the legend of the AIF is shrouded in myth and mystery. Was Beersheba the last great cavalry charge in history? Did the AIF storm the red light district of Cairo and burn it to ground while fighting running battles with the military police? Was the AIF the only all-volunteer army of World War I? Graham Wilson's Bully Beef and Balderdash shines an unforgiving light on these and other well-known myths of the AIF in World War I, arguing that these spectacular legends simply serve to diminish the hard-won reputation of the AIF as a fighting force. Graham Wilson mounts his own campaign to rehabilitate the historical reputation of the force and to demonstrate that misleading and inaccurate embellishment does nothing but hide the true story of Australia's World War I fighting army. Bully Beef and Balderdash deliberately tilts at some well-loved windmills and, for those who cherish the mythical story of the AIF, this will not be comfortable reading. Yet, given the extraordinary truth of the AIF's history, it is certainly compelling reading.

**Push Button Agriculture** K. R. Krishna,2017-03-16 This book covers three main types of agricultural systems: the use of robotics, drones (unmanned aerial vehicles), and satellite-guided precision farming methods. Some of these are well refined and are currently in use, while others are in need of refinement and are yet to become popular. The book provides a valuable source of information on this developing field for those involved with agriculture and farming and agricultural engineering. The book is also applicable as a textbook for students and a reference for faculty.

*Textbook of Addiction Treatment* Nady el-Guebaly,Giuseppe Carrà,Marc Galanter,Alexander M. Baldacchino,2020-11-03 Addiction is increasingly being recognized as a major global public health issue, and an ever-growing number of medical specialties, psychological and social science training programs, and professional associations are including addiction as part of their training and continuing education curricula. The first edition of this book presented an overview of the spectrum of addiction-related problems across different cultures around the globe. Sharing the experience and wisdom of more than 260 leading experts in the field, and promoted by the International Society of Addiction Medicine, it compared and contrasted clinical practices in the field of addiction medicine on the basis of neurobiological similarities as well as epidemiological and socio-cultural differences. Building on the success of this inaugural edition, and taking into account the formal and informal comments received as well as an assessment of current need, this textbook presents general updated information while retaining the most requested sections of the first edition as demonstrated by the number of chapter downloads. It also provides a basic text for those preparing for the ISAM annual certification exam. Written by some 220 international experts, it is a valuable reference resource for anyone interested in medicine, psychology, nursing, and social science.

*Chernobyl* Serhii Plokhy,2018-05-15 A Chernobyl survivor and the New York Times bestselling author of The Gates of Europe mercilessly chronicles the absurdities of the Soviet system in this vividly empathetic account of the worst nuclear accident in history (Wall Street Journal). On the morning of April 26, 1986, Europe witnessed the worst nuclear disaster in history: the explosion of a reactor at the Chernobyl Nuclear Power Plant in Soviet

Ukraine. Dozens died of radiation poisoning, fallout contaminated half the continent, and thousands fell ill. In Chernobyl, Serhii Plokyh draws on new sources to tell the dramatic stories of the firefighters, scientists, and soldiers who heroically extinguished the nuclear inferno. He lays bare the flaws of the Soviet nuclear industry, tracing the disaster to the authoritarian character of the Communist party rule, the regime's control over scientific information, and its emphasis on economic development over all else. Today, the risk of another Chernobyl looms in the mismanagement of nuclear power in the developing world. A moving and definitive account, Chernobyl is also an urgent call to action.

*Learning and Collaboration Technologies. Novel Learning Ecosystems* Panayiotis Zaphiris,Andri Ioannou,2017-06-28 The two-volume set LNCS 10295 and 10296 constitute the refereed proceedings of the 4th International Conference on Learning and Collaboration Technologies, LCT 2017, held as part of the 19th International Conference on Human-Computer Interaction, HCI 2017, in Vancouver, BC, Canada, in July 2017, in conjunction with 15 thematically similar conferences. The 1228 papers presented at the HCI 2017 conferences were carefully reviewed and selected from 4340 submissions. The papers cover the entire field of human-computer interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The papers included in this volume are organized in the following topical sections: multimodal and natural interaction for learning; learning and teaching ecosystems; e-learning, social media and MOOCs; beyond the classroom; and games and gamification for learning.

**Clinical Decisions in Nephrology, Hypertension and Kidney Transplantation** Edgar V. Lerma,Mitchell Rosner,2012-10-28 Through case presentations and a question and answer format, Clinical Decisions in Nephrology, Hypertension and Renal Transplantation provides a state of the art, updated reference for the optimal management of patients with diseases of the kidneys, and hypertension. This volume starts with the assessment of the patient, focusing on history and physical examination. Subsequently, cases depicting various clinical syndromes and/or diseases are presented, with questions centering on the appropriate diagnostic and treatment strategy. This sets the stage for a ‘Socratic approach’ to learning between the attending physician and the house staff or medical student. This is the only book featuring problem-oriented true to life clinical cases in this format to cover nephrology, hypertension and kidney transplantation. Written by renowned actively practicing clinicians, this unique reference is both comprehensive and concise and will be of great value to hospitalists and internists, as well as students, and interns/residents rotating in nephrology and internal medicine. Clinical practitioners, in the fields of critical care and hypertension specialists would also find this of value.

*Underage and Under Fire* Allan C. Stover,2014-06-23 This work tells the personal stories of boys and girls who left home and enlisted in the U.S. military at ages 11 to 16. Many had difficult home lives, some wanted adventure or a better future, but all wanted to serve their country. They missed high school proms, adolescent years with family and friends, homecoming parades, and graduation ceremonies. They served aboard ships and submarines, on airplanes, and at faraway bases and battlefields. Some became prisoners of war. Many performed above and beyond. Jack Lucas earned the Medal of Honor at Iwo Jima six days past his 17th birthday. Calvin Graham enlisted at age 12 and was wounded at Guadalcanal aboard the USS South Dakota. His story was made into a movie starring Rick Schroder. A 13-year-old girl enlisted but was later discovered and sent home from Europe. General Eisenhower told her, Go home and grow up, little girl, we need more soldiers like you. One underage veteran became a senator, another, a governor, still another a Chief of Naval Operations. This book reveals why and how they got in, and what happened to them when they were there.
