Conflict and Reconciliation Uddipana Goswami,2014-08-07 Diverging from reductionist studies of Northeast India and its multifarious conflicts, this book presents an exclusive and intricate, empirical and theoretical study of Assam as a conflict zone. It traces the genesis and evolution of the ethnic and nationalistic politics in the state, and explores how this gave birth to nativist and militant movements. It further discusses how the State's responses seem to have exacerbated rather than mitigated the conflict situation. The author proposes ethnic reconciliation as an effective way out of the current chaos, and finds the key in examining the relations between three communities (Axamiyā, Bodo and Koch) from Bodoland, the most violent region of Assam. She stresses upon the need to redefine 'Axamiyā', an issue of much discord in Assam's ethnic politics since the modern-day formulation of the Axamiyā nation. The book will prove essential to scholars and students of peace and conflict studies, sociology, political science, and history, as also to policy-makers and those interested in Northeast India.

Still Not Equal Christopher M. Brown II,M. Christopher Brown,2007 Still Not Equal: Expanding Educational Opportunity in Society addresses the successes and failures of Brown v. Board of Education and the Civil Rights Act of 1964, as well as the continuing challenge of expanding educational opportunity in the United States and across the Black diaspora. The educational, political, and social influence resulting from Brown, the Civil Rights Act, and their progeny have shaped the dynamics of the collective educational and social experiences of people of color. Notwithstanding, the obstacles, barriers, and enablers of educational, occupational, and economic status outcomes impact the formation and interpretation of public policy, specifically, and public perception, generally, about racialized notions of schooling and learning. The pursuit of educational access, attendance, and attainment is intertwined with the implications of academic research and public policy to improve local practices in school settings. Inasmuch as a diverse research agenda, priorities, and activities become situated to critically address status and attainment outcomes in education from preschool through adulthood for African Americans in the United States and abroad, the resulting complexities in education and other settings will continue to behave in ways that cross racial lines.

The Bengal Borderland Willem van Schendel,2005 'The Bengal Borderland' constitutes the epicentre of the partition of British India. Yet while the forging of international borders between India, Pakistan, Bangladesh and Burma (the 'Bengal Borderland') has been a core theme in Partition studies, these crucial borderlands have, remarkably, been largely ignored by historians.

The Short Victorious War David Weber,2002-08 Banking on a short, victorious war to replenish their depleted treasury, the ruling class of the People's Republic of Haven do not count on coming up against Captain Honor Harrington and the Royal Manticoran Navy.

Mutineer's Moon David Weber,1994-10-01 MUTINY For Lt. Commander Colin MacIntyre, it began as a routine training flight over the Moon. For Dahak, a self-aware Imperial battleship, it began millennia ago when that powerful artificial intelligence underwent a mutiny in the face of the enemy. The mutiny was never resolved-Dahak was forced to maroon not just the mutineers but the entire crew on prehistoric Earth. Dahak has been helplessly waiting as the descendants of the loyal crew regressed while the mutineers maintained control of technology that kept them alive as the millennia passed. But now Dahak's sensors indicate that the enemy that devastated the Imperium so long ago has returned-and Earth is in their path. For the sake of the planet, Dahak must mobilize its defenses. And that it cannot do until the mutineers are put down. So Dahak has picked Colin MacIntyre to be its new captain. Now MacIntyre must mobilize humanity to destroy the mutineers once and for all-or Earth will become a cinder in the path of galactic conquest. Textile Materials for Medical Applications Dr. N. Gokarneshan,2023-10-19 It is a judicious compilation of significant research contributions in the field. It would provide useful reading to the readers and stimulate their thinking for future research. It is intended to be a reference book. Medical textiles constitute one of the components of technical textiles. The major area of research in technical textiles is contributed by medical. textiles and hence this book would be a good contribution to the field of technical textiles. Over the past two decades a great deal of research has been done in the area of medical textiles, Many medical products have been developed from textile materials that are not only cost effective but also bio friendly and bio compatible to patients who use them. Medical textile products range from external applications like bandages, wound dressings, etc. to organ replacements, scaffold for tissue growth. Medical textiles find wide application in various specializations in the medical profession such as Gyaneocology, orthopaedics, neurology, oncology, ophthalmology, dermatology, cardiology, etc. Textile materials are finding to be an effective to their non textile counterparts in development of medical products. It is hoped that the book would provide a good reading material to the readers and satisfy their research. needs to a considerable extent

The Shadow of Saganami David Weber,2004-11-01 STUDENTS OF HONOR . . . The Star Kingdom of Manticore is once again at war with the Republic of Haven after a stunning sneak attack. The graduating class from Saganami Island, the Royal Manticoran Navy's academy, are going straight from the classroom to the blazing reality of all-out war. Except for the midshipmen assigned to the heavy cruiser HMS Hexapuma, that is. They're being assigned to the Talbott Cluster, an out of the way backwater, far from the battle front. The most they can look forward to is the capture of the occasional pirate cruiser and the boring duty of supporting the Cluster's peaceful integration with the Star Kingdom at the freely expressed will of eighty percent of the Cluster's citizens. With a captain who may have seen too much of war and a station commander who isn't precisely noted for his brilliant and insightful command style, it isn't exactly what the students of Honor Harrington, the Salamander, expected. But things aren't as simple $\frac{3}{4}$ or tranquil $\frac{3}{4}$ as they appear. The pirates they encounter aren't what they seem, and the peaceful integration they expected turns into something very different. A powerful alliance of corrupt Solarian League bureaucrats and ruthless interstellar corporations is determined to prevent the Cluster's annexation by the Star Kingdom . . . by any means necessary. Pirates, terrorists, genetic slavers, smuggled weapons, long-standing personal hatreds, and a vicious alliance of corporate greed, bureaucratic arrogance, and a corrupt local star nation with a powerful fleet, are all coming together, and only Hexapuma, her war-weary captain, and Honor Harrington's students stand in the path. They have only one thing to support and guide them: the tradition of Saganami. The tradition that sometimes a Queen's officer's duty is to face impossible odds . . . and die fighting. 1633 David Weber,Eric Flint,2002-08-01 AMERICAN FREEDOM AND JUSTICE VS. THE TYRANNIES OF THE SEVENTEENTH CENTURY The new government in central Europe, called the Confederated Principalities of Europe, was formed by an alliance between Gustavus Adolphus, King of Sweden, and the West Virginians led by Mike Stearns who were transplanted into 17th-century Germany by a mysterious cosmic accident. The new regime is shaky. Outside its borders, the Thirty Years War continues to rage. Within, it is beset by financial crisis as well as the political and social tensions between the democratic ideals of the 20th-century Americans and the aristocracy which continues to

rule the roost in the CPE as everywhere in Europe. Worst of all, the CPE has aroused the implacable hostility of Cardinal Richelieu, the effective ruler of France. Richelieu has created the League of Ostend in order to strike at the weakest link in the CPE's armor³its dependence on the Baltic as the lifeline between Gustav Adolf's Sweden and the rest of his realm. The greatest naval war in European history is about to erupt. Like it or not, Gustavus Adolphus will have to rely on Mike Stearns and the technical wizardry of his obstreperous Americans to save the King of Sweden from ruin. Caught in the conflagration are two American diplomatic missions abroaRebecca Stearns' mission to France and Holland, and the embassy which Mike Stearns sent to King Charles of England headed by his sister Rita and Melissa Mailey. Rebecca finds herself trapped in war-torn Amsterdam; Rita and Melissa, imprisoned in the Tower of London. And much as Mike wants to transport 20th-century values into war-torn 17th-century Europe by Sweet Reason, still he finds comfort in the fact that Julie, who once trained to be an Olympic marksman, still has her rifle . . .
