Theology, Disability and Sport Nick J. Watson, Kevin Hargaden, Brian Brock, 2020-01-24 This ground-breaking book provides fascinating insights into the fast-emerging body of research that explores the relationship between sport, theology and disability within a social justice framework. In the shadow of two major sport-faith events that fore-fronted the theology of disability sport, the Vatican's international conference—Sport at the Service of Humanity and the Inaugural Global Congress on Sports and Christianity York St John University, UK, at which Dr Brian Brock led a thematic strand on the topic—this book provides a foundation for further research and practice. This text is a timely and important synthesis of ideas that have emerged in two previously distinct areas of research: (i) 'disability sport' and (ii) the 'theology of disability'. Examples of subjects addressed in this text include: elite physical disability sport—Paralympics; intellectual disability sport—Special Olympics; equestrian sport; church, sport and disability, and; theologies of embodiment, competition and mercy. This book, written by leaders in their respective fields, begins a critical conversation on these topics, and many others, for both researchers and practitioners. The chapters originally published in the Journal of Disability and Religion and Quest.

A Summer In Europe Marilyn Brant, 2011-11-29 On her thirtieth birthday, Gwendolyn Reese receives an unexpected present from her widowed Aunt Bea: a grand tour of Europe in the company of Bea's Sudoku and Mahjongg Club. The prospect isn't entirely appealing. But when the gift she is expecting--an engagement ring from her boyfriend--doesn't materialize, Gwen decides to go. At first, Gwen approaches the trip as if it's the math homework she assigns her students, diligently checking monuments off her must-see list. But amid the bougainvillea and stunning vistas of southern Italy, something changes. Gwen begins to live in the moment--skipping down stone staircases in Capri, running her fingers over a glacier in view of the Matterhorn, racing through the Louvre, and taste-testing pastries at a Marseilles cafe. Reveling in every new experience--especially her attraction to a charismatic British physics professor--Gwen discovers that the ancient wonders around her are nothing compared to the renaissance unfolding within. . . A thinking woman's love story, it swept me away to breathtaking places with a cast of endearing characters I won't soon forget. Bravissima! --Susan McBride, author of Little Black Dress Praise for Marilyn Brant's According to Jane A warm, witty and charmingly original story. --Susan Wiggs, New York Times bestselling author Brant infuses her sweetly romantic and delightfully clever tale with just the right dash of Austen-esque wit. --Chicago Tribune An engaging read for all who have been through the long, dark, dating wars, and still believe there's sunshine, and a Mr. Darcy, at the end of the tunnel. --Cathy Lamb, author of Such a Pretty Face

Agatha H. and the Siege of Mechanicsburg Phil Foglio, Kaja Foglio, 2020-03-17 In a time when the Industrial Revolution has become an all-out war, mad science rules the world—with mixed success. In Agatha H and the Siege of Mechanicsburg, Agatha Heterodyne, the last of the Heterodyne family, has returned to her family's hereditary town with the might of the Wulfenbach Empire hot on her heels. The only thing holding off an outright attack is Gilgamesh Wulfenbach, the heir to the Empire, who has joined Agatha and her friends inside the great artificially intelligent fortress of Castle Heterodyne. Now they must race to repair the mechanisms that once allowed the Castle to defend Mechanicsburg, before the rest of Europa shows up to take all the revenge the mad Heterodynes of the past so richly earned.

From the Hugo Award-winning Girl Genius online comics comes this fourth book in the Agatha H. series, and like the previous three books, it will engage you in a unique world of adventure, romance, and mad science!
