Social Marketing Nancy R. Lee, Philip Kotler, 2019-02-05 Successful social marketing holds the power to change the world. For almost two decades, *Social Marketing: Behavior Change for Social Good* has been the definitive guide for designing and implementing memorable social marketing campaigns. Bestselling authors Nancy R. Lee and Philip Kotler present a proven 10 Step Strategic Social Marketing Planning Model and guides students and practitioners through each stage of the process. The new Sixth Edition is packed with more than 25 new cases and dozens of new examples related to today's most pressing social problems including the opioid epidemic, climate change, youth suicide, and more. The new edition also includes significantly expanded coverage of social media. Whether your students are on a mission to improve public health, protect the environment, or galvanize their community, they will find *Social Marketing* an invaluable resource.

An Introduction to German Pietism Douglas H. Shantz, 2013-04-15 An up-to-date portrait of a defining moment in the Christian story—its beginnings, worldview, and cultural significance. Winner of the Dale W. Brown Book Award of the Young Center for Anabaptists and Pietist Studies at Elizabethtown College *An Introduction to German Pietism* provides a scholarly investigation of a movement that changed the history of Protestantism. The Pietists can be credited with inspiring both Evangelicalism and modern individualism. Taking into account new discoveries in the field, Douglas H. Shantz focuses on features of Pietism that made it religiously and culturally significant. He discusses the social and religious roots of Pietism in earlier German Radicalism and situates Pietist beginnings in three cities: Frankfurt, Leipzig, and Halle. Shantz also examines the cultural worlds of the Pietists, including Pietism and gender, Pietists as readers and translators of the Bible, and Pietists as missionaries to the far reaches of the world. He not only considers Pietism's role in shaping modern western religion and culture but also reflects on the relevance of the Pietist religious paradigm of today. The first survey of German Pietism in English in forty years, *An Introduction to German Pietism* provides a narrative interpretation of the movement as a whole. The book's accessible tone and concise portrayal of an extensive and complex subject make it ideal for courses on early modern Christianity and German history. The book includes appendices with translations of German primary sources and discussion questions.

Defining the Fringe of Contemporary Australian Archaeology Rocco Bosco, Darran Jordan, 2018-04-18 Popular culture has often presented a mythologised version of archaeology that at times misinforms the general public about broader academic intentions. The fantastic and bizarre continue to capture the public imagination, so that while archaeological teams excavate, survey and record, they occupy the same geographic locations as ghost tour operators and seekers of the supernatural. Not only does archaeology operate within the same geography as modern mythology, but widespread access to technology, from satellite imagery to GPS data, means that enthusiastic amateurs can partake in their own investigations. With limited landscape identification training, an enthusiasm for discovery and strange cultural biases, fringe operators have utilised new technologies to justify old fallacies through variant forms of amateur archaeology. This collection draws on the wealth of work currently being undertaken by contemporary archaeologists in Australia, from rock art observations to art/archaeology experiments and even space archaeology. It explores archaeology on the edge, contextualising the fringe dwellers that operate on the periphery of accepted academia. It also looks at contemporary archaeological theory and practice in relation to these fringe operators, developing approaches toward interaction, in contrast to the more common reaction of repudiation. The relationship between the accepted centre and the outer edge in contemporary archaeological practice and theory unveils much about popular misconceptions and how archaeological spaces can be overlaid with variant mythological and cultural interpretations.

Climate Change 2007 - Mitigation of Climate Change Intergovernmental Panel on Climate Change, 2007-11-12 The Climate Change 2007 volumes of the Fourth Assessment Report of the Intergovernmental Panel on Climate Change (IPCC) provide the most comprehensive and balanced assessment of climate change available. This IPCC Working Group III volume provides a comprehensive, state-of-the-art and worldwide overview of scientific knowledge related to the mitigation of climate change. It includes a detailed assessment of costs and potentials of mitigation technologies and practices, implementation barriers, and policy options for the sectors: energy supply, transport, buildings, industry, agriculture, forestry and waste management. It links sustainable development policies with climate change practices. This volume will again be the standard reference for all those concerned with climate change, including students and researchers, analysts and decision-makers in governments and the private sector.

Understanding the Gift of Salvation Irpeel Ebenezer, 2012-03-01 What exactly did Jesus Christ save us from other than hell fire? That was the question a somewhat frustrated friend asked while going through a difficult period in his life. Many Christians have asked similar questions or wondered why the Christian life in reality is so different from what is usually professed. This book is a true seeker's manual on the Gift of Salvation. It is for those who are not satisfied with only doctrines and creeds handed down by parents or pastors. It is for those willing to build on what they've learnt, dig deeper and find out the fullness of what God in His mercy gave to mankind in Jesus Christ. It not a book to rush or breeze through, like the Berean Christians, readers are encouraged to carefully study the Scripture references and dig out the truth for themselves. The promise of God is: You will seek Me and find Me, when you seek Me with all your heart.

China, the European Union, and the International Politics of Global Governance Jianwei Wang, Weiqing Song, 2016-04-29 Two major themes in contemporary international relations—Sino-European relations and global governance—are both addressed in this volume. In its focused analysis of Sino-European relations, global governance serves as both a topic for analysis and a conceptual framework to join together individual chapters. Featuring perspectives from a diverse group of established and promising young scholars from China, Europe, and elsewhere, this book has important implications for Chinese foreign policy, the European Union, the future of global governance, and international relations at large.

Konzepte der ›exotischen‹ Tierwelt im Mittelalter Stephanie Mühlenfeld, 2019-07-15 Wie fremd ein ›exotisches‹ Tier in einem mittelalterlichen Text beschrieben wird und welche proprietates dabei besonders betont werden, hängt ganz davon ab, welchen Diskursen die Darstellung unterliegt. Lassen sich in der mittelalterlichen Literatur universelle Wahrnehmungs-, Verstehens- und Deutungskonzepte erkennen, die in allen Beschreibungen ›exotischer‹ Tiere zum Tragen kommen und die auf eine kultur- und epochenübergreifende Tradition zurückgehen? Oder auch solche, die spezifisch nur in einem bestimmten mittelalterlichen Diskurs in Erscheinung treten? Um Antworten auf diese und weitere Fragen zu finden, werden im Rahmen eines interdisziplinären Untersuchungsansatzes fiktionale Texte des 12. bis 16. Jahrhunderts, (pseudo-)historische Reiseberichte des 14., 15. und frühen 16. Jahrhunderts sowie bildhafte Darstellungen von ›exotischen‹ Tieren einer vergleichenden Analyse unterzogen. How strange the description of an 'exotic' animal can be in a medieval text and which properties or proprietates are here especially stressed, depends on the respective discourses and presentations. Are there any global patterns of perception, understanding and interpretation in

medieval literature that can be found in all descriptions of ›exotic‹ animals and can be traced back to a cross-cultural and cross-epochal tradition? Are there also any properties which are specific to certain medieval discourses? These issues will be addressed in the context of an interdisciplinary study in which not only fictional texts of the 12th to 16th century, (pseudo)historical travel reports of the 14th, 15th and early 16th century but also pictures of ›exotic‹ animals will be analysed.

The Muslim World After 9/11 Angel Rabasa, Matthew Waxman, Eric V. Larson, Cheryl Y. Marcum, 2004-11-17 Momentous events since September 11, 2001-Operation Enduring Freedom, the global war on terrorism, and the war in Iraq-have dramatically altered the political environment of the Muslim world. Many of the forces influencing this environment, however, are the products of trends that have been at work for many decades. This book examines the major dynamics that drive changes in the religio-political landscape of the Muslim world-a vast and diverse region that stretches from Western Africa through the Middle East to the Southern Philippines and includes Muslim communities and diasporas throughout the world-and draws the implications of these trends for global security and U.S. and Western interests. It presents a typology of ideological tendencies in the different regions of the Muslim world and identifies the factors that produce religious extremism and violence. It assesses key cleavages along sectarian, ethnic, regional, and national lines and examines how those cleavages generate challenges and opportunities for the United States. Finally, the authors identify possible strategies and political and military options for the United States to pursue in response to changing conditions in this critical and volatile part of the world.

Прихована рука Китаю. Як КНР непомітно захоплює світ Клайв Гамільтон, Марайке Ольберг, 2023-11-09 Комуністична партія Китаю (КПК) прагне перебудувати світовий порядок, що збудований на принципах демократії, прав людини і свободи слова. Кінцева ціль — знищити колективний Захід зсередини, використавши його відкритість та ліберальні цінності проти нього самого. По всій Північній Америці та Європі КПК формує свою агентуру серед політичної та бізнес-еліти, Волл-стріт, Голлівуду, аналітичних центрів, університетів та китайської діаспори. В хід ідуть підкуп, залякування, маніпуляції, незаконне прослуховування й організовані державою хакерські атаки. До армії КПК належить величезна глобальна мережа нібито «приватних» китайських компаній, «громадських» фондів і «наукових» центрів, що підпорядковуються напяму КПК, виконують поставлені нею завдання та звітують їй. Китай хоче збудувати нову колоніальну систему, щоб помститися за «століття приниження» й перетворити слабші країни на своїх васалів.

Evolution ,

Jenseits des Königshofs Andreas Bihrer, Stephan Bruhn, 2019-10-21 Die früh- und hochmittelalterliche Bischofsforschung hat in den letzten Jahren unbestreitbar einen Aufschwung erlebt. Dabei lag der chronologische Fokus vor allem auf der Zeit bis zum Ende der Karolingerherrschaft sowie auf der Epoche nach dem Investiturstreit. Thematisch nahm man vor allem das Agieren der Bischöfe auf der Reichsebene in den Blick. Demgegenüber widmet sich der Tagungsband mit der Zeit zwischen 850 und 1100 sowie den diözesanen Handlungsräumen von Bischöfen zwei Themenfeldern, die wenig Beachtung gefunden haben, wobei zusätzlich ein räumlicher Schwerpunkt im Reichsgebiet nördlich der Alpen gesetzt wird. Beiträgerinnen und Beiträger des Bandes: Gerd Althoff, Andreas Bihrer, Jörg Bölling, Stephan Bruhn, Helmut Flachenecker, Lioba Geis, Thomas Krüger, Nathalie Kruppa, Jens Lieven, Theo Riches, Hedwig Röckelein, Sebastian Scholz, Dominik Waßenhoven, Jérémy Winandy, Thomas Zotz. .
