The Premonition: A Pandemic Story Michael

Lewis,2021-05-04 New York Times Bestseller For those who could read between the lines, the censored news out of China was terrifying. But the president insisted there was nothing to worry about. Fortunately, we are still a nation of skeptics. Fortunately, there are those among us who study pandemics and are willing to look unflinchingly at worst-case scenarios. Michael Lewis's taut and brilliant nonfiction thriller pits a band of medical visionaries against the wall of ignorance that was the official response of the Trump administration to the outbreak of COVID-19. The characters you will meet in these pages are as fascinating as they are unexpected. A thirteen-year-old girl's science project on transmission of an airborne pathogen develops into a very grown-up model of disease control. A local public-health officer uses her worm's-eye view to see what the CDC misses, and reveals great truths about American society. A secret team of dissenting doctors, nicknamed the Wolverines, has everything necessary to fight the pandemic: brilliant backgrounds, world-class labs, prior experience with the pandemic scares of bird flu and swine flu...everything, that is, except official permission to implement their work. Michael Lewis is not shy about calling these people heroes for their refusal to follow directives that they know to be based on misinformation and bad

science. Even the internet, as crucial as it is to their exchange of ideas, poses a risk to them. They never know for sure who else might be listening in.

GLOBAL LEGAL INSIGHTS - BLOCKCHAIN & CRYPTOCURRENCY REGULATION. JOSIAS. DEWEY, 2018

Change a Life, Change your Own Peter Ove, 2018-06-11T00:00:00Z “Change a Life, Change Your Own is a long-overdue adult discussion about how child sponsorship, a spectacularly successful fundraising tool, infantilizes both donor and recipient, turning good intentions into paternalism and reinforcing stereotypical Western ideas about helplessness and hopelessness in developing countries.” - Ian Smillie, author of *The Charity of Nations, Freedom from Want, and Diamonds* “Change a Life. Change Your Own.” “For less than a dollar a day.” “For the cost of one coffee a day.” With these slogans, and their accompanying images of poor children, some of the world’s largest development organizations invite the global North to engage in one of their most prominent and successful fundraising techniques: child sponsorship. But as Peter Ove argues in *Change a Life, Change Your Own*, child sponsorship is successful not because it addresses the needs of poor children, but because it helps position what it means to live ethically in an unequal and unjust world. In

this way, child sponsorship is seen as more than an effective marketing tool; it is a powerful mechanism for spreading particular ideas about the global South, the global North and the relationship between the two. Through sponsorship, the desire to raise money, secure “appropriate” childhoods, and become better people ends up taking priority over the goal of living together well on a global scale. Drawing on in-depth interviews with child sponsors and sponsorship staff, *Change a Life, Change Your Own* explores the contexts in which sponsorship promotional material is produced, interpreted and acted upon. This is not an exposé on the use of sponsorship dollars or high administrative costs; it is a clearly written and compelling account of how the problem of development is constructed such that child sponsorship is seen to be a rational and ethical solution.

Digital Arts Cat Hope, John Charles Ryan, 2014-06-19 Digital Arts presents an introduction to new media art through key debates and theories. The volume begins with the historical contexts of the digital arts, discusses

contemporary forms, and concludes with current and future trends in distribution and archival processes. Considering the imperative of artists to adopt new technologies, the chapters of the book progressively present a study of the impact of the digital on art, as well as the exhibition, distribution and archiving of artworks. Alongside case studies that illustrate contemporary research in the fields of digital arts, reflections and questions provide opportunities for readers to explore relevant terms, theories and examples. Consistent with the other volumes in the New Media series, a bullet-point summary and a further reading section enhance the introductory focus of each chapter.

Politics Is for Power Eitan Hersh, 2020-01-14 A brilliant condemnation of political hobbyism—treating politics like entertainment—and a call to arms for well-meaning, well-informed citizens who consume political news, but do not take political action. Who is to blame for our broken politics? The uncomfortable answer to this question starts with ordinary citizens with good intentions. We vote (sometimes) and occasionally sign a petition or attend a rally. But we mainly “engage” by consuming politics as if it’s a sport or a hobby. We soak in daily political gossip and eat up statistics about who’s up and who’s down. We tweet and post and share. We crave outrage. The hours we spend on politics are used mainly as pastime. Instead, we should be spending the same number of hours building political organizations, implementing a long-term vision for our city or town, and getting to know our neighbors, whose votes will be needed for solving hard problems. We could be accumulating power so that when there are opportunities to make a difference—to lobby, to advocate, to mobilize—we will be ready. But most of us who are spending time on politics today are focused inward, choosing roles and activities designed for our short-term pleasure. We are repelled by the slow-and-steady activities that characterize service to the common good. In Politics Is

for Power, pioneering and brilliant data analyst Eitan Hersh shows us a way toward more effective political participation. Aided by political theory, history, cutting-edge social science, as well as remarkable stories of ordinary citizens who got off their couches and took political power seriously, this book shows us how to channel our energy away from political hobbyism and toward empowering our values.

The Elocution of Benjamin Franklin ; When They Send Me Three and Fourpence Steve J. Spears, 1989 The author is at his best in these two comedies, with the tragicomic heroes, gallantly fighting to keep reality at bay. *Elocution of Benjamin Franklin* (2 acts, 1 man); *When They Send Me Three And Fourpence* (2 acts, 4 men, 2 women).

Broadband At the Speed of Light: How Three Communities Built Next-Generation Networks Christopher Mitchell, 2012-04-09 Frustrated by ever-increasing prices for telecommunication services and the reluctance of incumbent providers to upgrade their networks to meet 21st century needs, more than 150 communities have built their own citywide cable and FTTH networks. Against great odds and in the face of ferocious opposition by the existing telephone and cable companies in the courts, at the legislature, and in the marketplace, the vast majority have succeeded. To understand how this has occurred and to extract lessons that might be useful for cities deciding whether to build their own networks, we undertook an in-depth examination of three municipally owned networks in Bristol Va., Chattanooga, Tenn., and Lafayette, La. Each of these communities already had access to the Internet via DSL and cable. But in the words of Lafayette City-Parish President Joey Durel, They wanted more. Without investment in next-generation networks, these cities feared they would be left behind in the transition to the digital

economy of the Internet era.

Whodunnit Anthony Shaffer, 1983 This Broadway

success by the author of Sleuth takes audiences to Agatha Christie's England. Six strangers and a butler have gathered for a black tie dinner in a wealthy lawyer's mansion during a thunderstorm. The guests include an aged rear admiral, a bitchy aristocrat, a doddering old archeologist, a dashing young cad and other Christie types. One of the guests is an oily Levantine who tells the others (each in private) that he has the goods to blackmail them. He is ripe for murder and so it happens. Whodunnit? -- Publisher's description.
