**The Alchemist** Jonson Ben,2021-10-07 The Alchemist is a comedy by English playwright Ben Jonson. It is generally considered Jonson's best and most characteristic comedy; Samuel Taylor Coleridge believed that it had one of the three most perfect plots in literature. The play's clever fulfilment of the classical unities and vivid depiction of human folly have made it one of the few Renaissance plays (except the works of Shakespeare) with a continuing life on stage, apart from a period of neglect during the Victorian era.

**Every Note Played** Lisa Genova,2018-03-20 “Unsparring in her depiction of the disease’s harrowing effects, neuroscientist Genova also celebrates humanity.” —People “Sometimes it’s easier to tell truth in fiction..And she tells it with heart and hope.” —NPR “Her juxtaposition of scientific detail with compassionate, heartfelt storytelling is unparalleled.” —Bookreporter “Every Note Played will grip and gut you.” —The Boston Globe From neuroscientist and New York Times bestselling author of Still Alice comes a powerful exploration of regret, forgiveness, freedom, and what it means to be alive. An accomplished concert pianist, Richard received standing ovations from audiences all over the world in awe of his rare combination of emotional resonance and flawless technique. Every finger of his hands was a finely calibrated instrument, dancing across the keys and striking each note with exacting precision. That was eight months ago. Richard now has ALS, and his entire right arm is paralyzed. His fingers are impotent, still, devoid of possibility. The loss of his hand feels like a death, a loss of true love, a divorce—his divorce. He knows his left arm will go next. Three years ago, Karina removed their framed wedding picture from the living room wall and hung a mirror there instead. But she still hasn’t moved on. Karina is paralyzed by excuses and fear, stuck in an unfulfilling life as a piano teacher, afraid to pursue the path she abandoned as a young woman, blaming Richard and their failed marriage for all of it. When Richard becomes increasingly paralyzed and is no longer able to live on his own, Karina becomes his reluctant caretaker. As Richard’s muscles, voice, and breath fade, both he and Karina try to reconcile their past before it’s too late. Poignant and powerful, Every Note Played is a masterful exploration of redemption and what it means to find peace inside of forgiveness.

**The Emerald Tablet** Hermes Trismegistus, Isaac Newton, 2017-05-15 The Emerald Tablet, also known as the Smaragdine Table, or Tabula Smaragdina, is a compact and cryptic piece of the Hermetica reputed to contain the secret of the prima materia and its transmutation. It was highly regarded by European alchemists as the foundation of their art and its Hermetic tradition. The original source of the Emerald Tablet is unknown. Following the path of his previous internationally bestselling works, this thoughtful collection of short, inspirational pieces, introduced in a foreword by the author and illustrated with black-and-white line art throughout, will engage seekers of all ages and backgrounds.

*Alchemy* Titus Burckhardt, 1997 Spiritual attainment has frequently been described as a transformation whereby a human's leaden, dull nature is returned to its golden state. This wonderfully insightful volume introduces some of the metaphors useful for establishing attitudes required for the soul's advancement: trust, confidence, hope, and detachment. It is a reminder that when any substance or entity undergoes dissolution, it must eventually be resolved or re-crystallized in a new, possibly higher and more noble form.

**The Strange Case of the Alchemist's Daughter** Theodora Goss, 2017-06-20 Based on some of literature's horror and science fiction classics, this "tour de force of reclaiming the narrative, executed with impressive wit and insight" (Publishers Weekly, starred review) debut is the story of a remarkable group of women who come together to solve the mystery of a series of gruesome murders—and the bigger mystery of their own origins. Mary Jekyll, alone and penniless following her parents' death, is curious about the secrets of her father's mysterious past. One clue in particular hints that Edward Hyde, her father's former friend and a murderer, may be nearby, and there is a reward for information leading to his capture...a reward that would solve all of her immediate financial woes. But her hunt leads her to Hyde's daughter, Diana, a feral child left to be raised by nuns. With the assistance of Sherlock Holmes and Dr. Watson, Mary continues her search for the elusive Hyde, and soon befriends more women, all of whom have been created through terrifying experimentation: Beatrice Rappaccini, Catherin Moreau, and Justine Frankenstein. When their investigations lead them to the discovery of a secret society of immoral and power-crazed scientists, the horrors of their past return. Now it is up to the monsters to finally triumph over the monstrous.

**An Absolutely Remarkable Thing** Hank Green, 2018-09-25 THE INSTANT #1 NEW YORK TIMES BESTSELLER "Sparkling with mystery, humor and the uncanny, this is a fun read. But beneath its effervescent tone, more complex themes are at play." —San Francisco Chronicle In his wildly entertaining debut novel, Hank Green—cocreator of Crash Course, Vlogbrothers, and SciShow—spins a sweeping, cinematic tale about a young woman who becomes an overnight celebrity before realizing she's part of something bigger, and stranger, than anyone could have possibly imagined. The Carls just appeared. Roaming through New York City at three a.m., twenty-three-year-old April May stumbles across a giant sculpture. Delighted by its appearance and craftsmanship—like a ten-foot-tall Transformer wearing a suit of samurai armor—April and her best friend, Andy, make a video with it, which Andy uploads to YouTube. The next day, April wakes up to a viral video and a new life. News quickly spreads that there are Carls in dozens of cities around the world—from Beijing to Buenos Aires—and April, as their first documentarian, finds herself at the center of an intense international media spotlight. Seizing the opportunity to make her mark on the world, April now has to deal with the consequences her new particular brand of fame has on her relationships, her safety, and her own identity. And all eyes are on April to figure out not just what the Carls are, but what they want from us. Compulsively entertaining and powerfully relevant, *An Absolutely Remarkable Thing* grapples with big themes, including how the social internet is changing fame, rhetoric, and radicalization; how our culture deals with fear and uncertainty; and how vilification and adoration spring for the same dehumanization that follows a life in the public eye. The beginning of an exciting fiction career, *An Absolutely Remarkable Thing* is a bold and insightful

novel of now.

*The book of aquarius* Anonyme, 2023-01-31 The purpose of this book is to release one particular secret, which has been kept hidden for the last 12,000 years. The Philosophers' Stone, Elixir of Life, Fountain of Youth, Ambrosia, Soma, Amrita, Nectar of Immortality. These are different names for the same thing. Throughout history this secret has been used by a very few to extend their lives hundreds of years in perfect health, with access to unlimited wealth, among many other miraculous properties. Some kept the secret because they understood that the time was not right for the secret to be free for all people, but most kept the secret out of their own jealousy, ignorance, egotism and corruption. The Stone's history and the history of the human race up until this day is a strange story full of secret societies, hooded cloaks, and mystical symbols. Such theatrics are childish and shallow. It's pointless to look for the light in the shadows...;
