Encyclopedia of Contemporary British Culture Peter Childs, Michael Storry, 2013-05-13 Boasting more than 970 alphabetically-arranged entries, the Encyclopedia of Contemporary British Culture surveys British cultural practices and icons in the latter half of the twentieth century. It examines high and popular culture and encompasses both institutional and alternative aspects of British culture. It provides insight into the whole spectrum of British contemporary life. Topics covered include: architecture, pubs, film, internet and current takes on the monarchy. Cross-referencing and a thematic contents list enable readers to identify related articles. The entries range from short biographical synopses to longer overview essays on key issues. This Encyclopedia is essential reading for anyone interested in British culture. It also provides a cultural context for students of English, Modern History and Comparative European Studies.

MOLECULAR STRUCTURE AND SPECTROSCOPY G. ARULDHAS, 2007-06-09 Designed to serve as a textbook for postgraduate students of physics and chemistry, this second edition improves the clarity of treatment, extends the range of topics, and includes more worked examples with a view to providing all the material needed for a course in molecular spectroscopy—from first principles to the very useful spectral data that comprise figures, charts and tables. To improve the

conceptual appreciation and to help students develop more positive and realistic impressions of spectroscopy, there are two new chapters—one on the spectra of atoms and the other on laser spectroscopy. The chapter on the spectra of atoms is a detailed account of the basic principles involved in molecular spectroscopy. The chapter on laser spectroscopy covers some new experimental techniques for the investigation of the structure of atoms and molecules. Additional sections on interstellar molecules, inversion vibration of ammonia molecule, fibre-coupled Raman spectrometer, Raman microscope, supersonic beams and jet-cooling have also been included. Besides worked-out examples, an abundance of review questions, and end-of-chapter problems with answers are included to aid students in testing their knowledge of the material contained in each chapter. Solutions manual containing the complete worked-out solutions to chapter-end problems is available for instructors.

On the Trail of the Last Human Cannonball Byron

Rogers, 2013-03-14 From “a great journalist of the older school,” travel essays chronicling the author’s search for incredible stories about extraordinary people (The Guardian). Byron Rogers’ latest collection of travel pieces follows the winning formula of his previous book, *An Audience with an Elephant*, as he goes in search of a remarkable array of quirky, whimsical, and singular individuals. But in addition to meeting a pensioner on a holiday who decided to swim across the Amazon, this book sees Rogers meeting a number of undeniably famous people. But as one might expect, Rogers’ encounters with celebrity have their own unexpected outcomes. Burt Lancaster rants to him about transsexuality, Rita Hayworth is most worried about her neighbor’s TV aerial, and a retired star of the silent screen turns out to live in Henley-on-Thames. “It is with the delicacy and determination of an archaeologist—and the wit of a publican and far-sightedness of a dreamer—that Rogers excavates people and places.” —Daily Telegraph “A wonderful writer. Droll, poignant

and dreamy.” —New Statesman

Green Hills of Africa Ernest Hemingway, 2023-12-21 *Green Hills of Africa* is a work of nonfiction by American writer Ernest Hemingway. Hemingway's second work of nonfiction, *Green Hills of Africa* is an account of a month on safari he and his wife, Pauline Marie Pfeiffer, took in East Africa during December 1933. Much of the narrative describes Hemingway's adventures hunting in East Africa, interspersed with ruminations about literature and authors. Generally the East African landscape Hemingway describes is in the region of Lake Manyara in Tanzania.

Mapping the Magazine Tim Holmes, 2013-09-13 The media and more recently journalism have provided rich areas of study for many years but magazines, perhaps the most prolific single medium, have been largely ignored. *Mapping The Magazine* aims to redress the balance with an unprecedented collection of original, scholarly, detailed but wide-ranging examinations of the magazine form. Drawing on a variety of theoretical approaches and a wealth of titles from around the world, the contributions demonstrate just how significant the magazine has been, and continues to be, in the realm of journalism and cultural production. From the science magazines of the Victorian era to women's magazines of South Africa and Israel, via rock music and photojournalism past and present, the material in *Mapping The Magazine* illuminates and explores the all-encompassing, global and historical nature of the subject matter. Some of the most notable names in the field of magazine studies, including John Hartley, Sammye Johnson, David Abrahamson, Bethan Benwell, and Patrick Roessler contribute research based analyses of

various aspects of magazine journalism from around the globe and across a wide historical span. This book will help to establish the magazine as a medium which is not only suitable for research but which also opens up a huge new field of possibilities. This book was previously published as a special issue of *Journalism Studies*

In the Time of the Butterflies Julia Alvarez,2010-01-12
Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo. (Concepción de León, *New York Times*) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the *Butterflies*. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred *Butterflies* live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists

across the Americas.—Francisco Cantú, *The New York Times* Book Review This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion. —People Shimmering . . . Valuable and necessary. —Los Angeles Times A magnificent treasure for all cultures and all time.” —St. Petersburg Times Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed.—Cosmopolitan.com

I Know Why the Caged Bird Sings Maya

Angelou, 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou’s debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local “powhitetrash.” At eight years old and back at her mother’s side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. “*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the Paperback edition.

The Martian Chronicles Ray Bradbury, 2012-04-17 The tranquility of Mars is disrupted by humans who want to conquer

space, colonize the planet, and escape a doomed Earth.

Sea Escape Lynne Griffin, 2010-07-06 Acclaimed novelist and nationally recognized family expert Lynne Griffin returns with *Sea Escape*—an emotional, beautifully imagined story inspired by the author’s family letters about the ties that bind mothers and daughters. Laura Martinez is wedged in the middle place, grappling with her busy life as a nurse, wife, and devoted mom to her two young children when her estranged mother, Helen, suffers a devastating stroke. In a desperate attempt to lure her mother into choosing life, Laura goes to *Sea Escape*, the pristine beach home that Helen took refuge in after the death of her beloved husband, Joseph. There, Laura hunts for the legendary love letters her father wrote to her mother when he served as a reporter for the Associated Press during wartime Vietnam. Believing the beauty and sway of her father’s words will have the power to heal, Laura reads the letters bedside to her mother, a woman who once spoke the language of fabric—of Peony Sky in Jade and Paradise Garden Sage—but who can’t or won’t speak to her now. As Laura delves deeper into her tangled family history, she becomes increasingly determined to save her mother. As each letter reveals a patchwork detail of her parents’ marriage, she discovers a common thread: a secret that mother and daughter unknowingly share. Weaving back and forth from Laura’s story to her mother’s, beginning in the idyllic 1950s with Helen’s love affair with Joseph through the tumultuous Vietnam War period on to the present, *Sea Escape* takes a gratifying look at what women face in their everyday lives—the balancing act of raising capable and happy children and being accomplished and steadfast wives while still being gracious and good daughters. It is a story that opens the door to family secrets so gripping, you won’t be able to put this book down until each is revealed.

Mirrors Eduardo Galeano, 2009-05-26 Throughout his career, Eduardo Galeano has turned our understanding of history and reality on its head. Isabelle Allende said his works invade the

reader's mind, to persuade him or her to surrender to the charm of his writing and power of his idealism. *Mirrors*, Galeano's most ambitious project since *Memory of Fire*, is an unofficial history of the world seen through history's unseen, unheard, and forgotten. As Galeano notes: Official history has it that Vasco Núñez Balboa was the first man to see, from a summit in Panama, the two oceans at once. Were the people who lived there blind?? Recalling the lives of artists, writers, gods, and visionaries, from the Garden of Eden to twenty-first-century New York, of the black slaves who built the White House and the women erased by men's fears, and told in hundreds of kaleidoscopic vignettes, *Mirrors* is a magic mosaic of our humanity.

The Essential Hemingway Ernest Hemingway, 2004
