**“This Is My Doctrine”**: **The Development of Mormon Theology** Charles R. Harrell, 2011-08-05 The principal doctrines defining Mormonism today often bear little resemblance to those it started out with in the early 1830s. This book shows that these doctrines did not originate in a vacuum but were rather prompted and informed by the religious culture from which Mormonism arose. Early Mormons, like their early Christian and even earlier Israelite predecessors, brought with them their own varied culturally conditioned theological presuppositions (a process of convergence) and only later acquired a more distinctive theological outlook (a process of differentiation). In this first-of-its-kind comprehensive treatment of the development of Mormon theology, Charles Harrell traces the history of Latter-

day Saint doctrines from the times of the Old Testament to the present. He describes how Mormonism has carried on the tradition of the biblical authors, early Christians, and later Protestants in reinterpreting scripture to accommodate new theological ideas while attempting to uphold the integrity and authority of the scriptures. In the process, he probes three questions: How did Mormon doctrines develop? What are the scriptural underpinnings of these doctrines? And what do critical scholars make of these same scriptures? In this enlightening study, Harrell systematically peels back the doctrinal accretions of time to provide a fresh new look at Mormon theology. "This Is My Doctrine" will provide those already versed in Mormonism's theological tradition with a new and richer perspective of Mormon theology. Those unacquainted with Mormonism will gain an appreciation for how Mormon theology fits into the larger Jewish and Christian theological traditions.

**Answers to My Mormon Friends** Thomas F. Heinze, 2011 Mormonism stands or falls on the life of its founder, Joseph Smith. That's why you (and Mormons who read this book) will be amazed as you learn about Smith's personal life, starting with his early youth and progressing to his later years. This well-researched book also exposes serious problems with the doctrines Smith created, as well as facts you need to know about his abilities as a translator. Learn about Joseph Smith's brushes with the law. Read about how, in his younger days, he was found guilty of using occult practices to defraud people. Learn of a Mormon historian who concedes that Joseph Smith was the village magician. See examples of doctrines Smith created that contradict the very Bible Mormons claim to believe. Learn of several of Smith's doctrines

that contradict the Book of Mormon. See how some of his doctrines even contradict each other. Discover how Mormonism has been forced to change her doctrines over the years. Learn about the thousands of changes and corrections that have been made to the Book of Mormon. This easy-reading book provides powerful information to convince Mormons that their religion cannot be of God. It was written to be read by either Christians or Mormons, and includes a clear presentation of the gospel and an invitation to trust Christ alone for salvation.

**We Believe** Rulon T. Burton, 1994 What do Mormons believe? For the first time a comprehensive reference work attempts to answer [this] question in an accessible and authoritative manner. Almost nine hundred doctrines and principles of the Church have been uniquely set forth in this one volume work. *We Believe* presents single-sentence summaries of Mormon doctrine that crystallize Mormon beliefs in a convenient, user-friendly format (much like the Articles of Faith, but instead of 13 there are 898). Arranged under 94 topics ranging from Adversity to Zion, and cross-referenced, these single-sentence doctrinal statements make it possible to grasp specific Mormon beliefs in relation to one another and to the whole of Mormon doctrine. Passages taken from official Church sources that establish Church doctrines accompany each single-sentence doctrinal statement, making *We Believe* as

reliable as it is handy. We Believe quotes only prophets and apostles. One need not rely on one author's viewpoint alone, or upon second-hand sources. We Believe provides the actual words of the ancient prophets of scripture, and of the modern prophets and apostles that authoritatively establish each doctrine of the Church.--Jacket.

**The First Vision - The Joseph Smith Story** Jim Whitefield,2011 The Mormon Church (The Church of Jesus Christ of Latter-day Saints) admits that it stands or falls on the validity or otherwise of Joseph Smith's claimed First Vision. This booklet examines each aspect of Smith's official account and compares it with historical evidence, including his own earlier versions of events, along with all Smith's other writings - to arrive at the only possible conclusion. Was the vision a first time, first hand, divine experience or was it made up as Smith went along and just part of an elaborate hoax? This work is made available in the interest of truth and integrity for those who want to know or share the truth which is supported by hard evidence. A PDF eBook version is also available (click on 'Author's Spotlight' for more details) which may be copied and shared (see copyright conditions). This booklet is also available to read free as an article at: [www.themormondelusion.com](http://www.themormondelusion.com). Click on 'The First Vision' tab on the side bar of the home page.
