**Mercy Among the Children** David Adams Richards,2011-07-27 *Mercy Among the Children* received effusive praise from the critics, was nominated for a Governor General's Award and won the Giller Prize. It was named one of 2000's best books, became a national bestseller in hardcover for months, and would be published in the US and UK. It is seen, however, as being at odds with literary fashion for concerning itself with good and evil and the human freedom to choose between them — an approach that puts Richards, as Maclean's magazine says, firmly in the tradition of Tolstoy and Dostoevsky. Author Wayne Johnston recounts hearing Richards read in 1983 and being struck by his unqualified love for every one of his characters, even though "it was not then fashionable to love your characters". Pottersfield Portfolio editor Tony Tremblay calls Richards the most misunderstood Canadian writer of the century, and a "great moralist", comparing him to Morley Callaghan, Kafka and Melville. As a boy, Sydney Henderson thinks he has killed Connie Devlin when he pushes him from a roof for stealing his sandwich. He vows to God he will never again harm another if Connie survives. Connie walks away, laughing, and Sydney embarks upon a life of self-immolating goodness. In spite of having educated himself with

such classics as Tolstoy and Marcus Aurelius, he is not taken seriously enough to enter university because of his background of dire poverty and abuse, which leads everyone to expect the worst of him. His saintly generosity of spirit is treated with suspicion and contempt, especially when he manages to win the love of beautiful Elly. Unwilling to harm another in thought or deed, or to defend himself against false accusations, he is exploited and tormented by others in this rural community, and finally implicated in the death of a 19-year-old boy. Lyle Henderson knows his father is innocent, but is angry that the family has been ridiculed for years, and that his mother and sister suffer for it. He feels betrayed by his father's passivity in the face of one blow after another, and unable to accept his belief in long-term salvation. Unlike his father, he cannot believe that evil will be punished in the end. While his father turns the other cheek, Lyle decides the right way is in fighting, and embarks on a morally empty life of stealing, drinking and violence. A compassionate, powerful story of humanity confronting inhumanity, it is a culmination of Richards' last seven books, beginning with *Road to the Stilt House*. It takes place in New Brunswick's Miramichi Valley, like all of his novels so far, which has led some urban critics to misjudge his work as regional — a criticism leveled at Thomas Hardy, Joseph Conrad and Emily Bronte in their own day. Like his literary heroes, Richards aims to evoke universal human struggles through his depiction of the events of a small, rural place, where one person's actions impact inevitably on others in a tragic web of interconnectedness. The setting is extremely important in Richards' work, "because the characters come from the soil"; but as British Columbia author Jack Hodgins once told Richards, "every character you talk about is a character I've met here in Campbell River".

**The Impaired Physician** Stephen Scheiber, 2013-11-11 The Oath of Hippocrates, administered to generations of physicians as they embark on their profession, begins: I will look upon him who shall have taught me this art even as one of my parents. I will share my substance with him, and I will supply his necessities, if he be in need. Despite that solemn promise, we have too often ignored or neglected the physician in trouble. Even if we could put aside the human concerns of one physician for an impaired colleague (can our profession truly permit that?), we must concede that our society can ill afford it. This book, which has been assembled and edited by Stephen C. Scheiber and Brian B. Doyle, may be a lifesaver for the doctor in trouble and will be a health saver for the population of our country. A land which decried the lack of physicians a quarter century ago and spent the vast resources to double the number of graduates in medicine, cannot permit a tenth of all doctors to be out of commission. That would be a large, and for the most part preventable, addition to the cost of health care in America. In this book, Scheiber and Doyle have gathered the expertise of many psychiatrists who are knowledgeable about the impaired physician.

Uncomfortable Questions for Comfortable Jews Meir Kahane, 2021-04-07 Rabbi Meir Kahane is a member of the Israeli Knesset. According to public opinion polls, the movement he heads is gaining enormous power among Israelis, and particularly among the young. Kahane has long been a thorn in the buttocks of the wealthy and entrenched Jewish leadership. His founding of the Jewish Defense League, his demands for Jewish defense of poor and elderly Jews in the inner cities, his taking to the streets in the late '60s and his use of violence to draw international attention to the Soviet Jewish problem, have all gained him the hostility of so-called Jewish leaders. In *Uncomfortable Questions for Comfortable Jews*, Meir Kahane touches the most painful nerves and psyches of those Jewish liberals who would prefer to believe that Judaism and Zionism are compatible with liberal concepts. He challenges us all with such agonizing questions as: If a Jewish and Zionist state was created in Israel to guarantee a homeland for Jews with a guaranteed permanent Jewish majority and Jewish sovereignty, will Arabs be allowed to peacefully and democratically become a majority and turn Israel into an Arab nation? - If the answer is No, isn't that a contradiction of the western democratic thesis: one person, one vote? - Is Zionism, which calls for a Jewish majority, not in total conflict with Western democracy, which insists on majority rule, no matter who constitutes the majority? - Can any Jewish leader or even an average Jew offer a young Jew any logical reason not to marry a non-Jew? Or even the slightest logical reason to insist on being a Jew rather than a human being? - Is Israel a Jewish state or is it a Hebrew-speaking gentilized one whose secular youth haven't the slightest idea of what Jewishness is and who dream of living in the fleshpots of the West? - How many Arabs will sit in the Knesset in ten years? In twenty years? Will they become a majority and vote Israel out of existence? - Does that matter? -
