Animal Acts Una Chaudhuri,Holly Hughes,2018-08-29 We all have an animal story—the pet we loved, the wild animal that captured our childhood imagination, the deer the neighbor hit while driving. While scientific breakthroughs in animal cognition, the effects of global climate change and dwindling animal habitats, and the exploding interdisciplinary field of animal studies have complicated things, such stories remain a part of how we tell the story of being human. Animal Acts collects eleven exciting, provocative, and moving stories by solo performers, accompanied by commentary that places the works in a broader context. Work by leading theater artists Holly Hughes, Rachel Rosenthal, Deke Weaver, Carmelita Tropicana, and others joins commentary by major scholars including Donna Haraway, Jane Desmond, Jill Dolan, and Nigel Rothfels. Una Chaudhuri's introduction provides a vital foundation for understanding and appreciating the intersection of animal studies and performance. The anthology foregrounds questions of race, gender, sexuality, class, nation, and other issues central to the human project within the discourse of the "post human," and will appeal to readers interested in solo performance, animal studies, gender studies, performance studies, and environmental studies.

Team of Vipers Cliff Sims,2019-01-29 THE INSTANT NEW YORK TIMES BESTSELLER Sims's vivid portrait of Trump shrewdly balances admiration with misgivings, and his intricate, engrossing accounts of White House vendettas and power plays have a good mix of immersion and perspective. The result is one of the best of the recent flood of Trump tell-alls. —Publishers Weekly The first honest insider's account of the Trump administration. If you hate Trump you need the truth; if you love Trump you need the truth. After standing at Donald Trump's side on Election Night, Cliff Sims joined him in the West Wing as Special Assistant to the President and Director of White House Message Strategy. He soon found himself pulled into the President's inner circle as a confidante, an errand boy, an advisor, a punching bag, and a friend. Sometimes all in the same conversation. As a result, Sims gained

unprecedented access to the President, sitting in on private meetings with key Congressional officials, world leaders, and top White House advisors. He saw how Trump handled the challenges of the office, and he learned from Trump himself how he saw the world. For five hundred days, Sims also witnessed first-hand the infighting and leaking, the anger, joy, and recriminations. He had a role in some of the President's biggest successes, and he shared the blame for some of his administration's worst disasters. He gained key, often surprising insights into the players of the Trump West Wing, from Jared Kushner and John Kelly to Steve Bannon and Kellyanne Conway. He even helped Trump craft his enemies list, knowing who was loyal and who was not. And he took notes. Hundreds of pages of notes. In real-time. Sims stood with the President in the eye of the storm raging around him, and now he tells the story that no one else has written—because no one else could. The story of what it was really like in the West Wing as a member of the President's team. The story of power and palace intrigue, backstabbing and bold victories, as well as painful moral compromises, occasionally with yourself. *Team of Vipers* tells the full story, as only a true insider could.
