**Headphones: Buyer's Guide 2015** Matthew Hollinder, 2015-03-13 Headphones can be considered loudspeakers that were specifically created to be placed over the ears of user's. They are electrical devices that convert electrical signals into sounds to be heard by the user. The main function of a headphone is to provide users with the ability to use them to privately listen to audio recordings. This is in direct contrast to a speaker that allows everyone in close proximity to hear the sound. Sometimes headphones can be referred to as ear speakers. There are many different types of headphones that have different audio reproduction abilities. They range from lightweight ear buds to heavy bass-pumping full-sized headphones that produce amazing output. These can offer a range of sound that, to date has remained a phenomenon. It allows audiophiles to hear every sound note and accurately identify every pitch. The average user will unlikely be able to differentiate the various sounds and pitches. An experienced listener, however, is more likely to easily identify the difference.

[an] exceptionally satisfying murder puzzle” (Publishers Weekly, starred review). Richie Forman made his name and his fortune in dot-com marketing . . . but that was before he went to prison for a crime he swears he didn’t commit. Now that he’s been released, Richie wants to rebuild his life in the Bay Area. By day, he works at a law firm dedicated to freeing innocent men from prison. By night, he makes a living impersonating Frank Sinatra. But then his ex-best friend is found hacked to death in his garage, and Richie becomes the prime suspect. “Colorful characters abound” in this murder mystery with more intricate twists than a microchip. The Big Exit is a “first rate crime caper” (Kirkus).

**Red Carpet** Erich Schwartzel,2022-02-08 This is a fascinating book. It will educate you. Schwartzel has done some extraordinary reporting. — The New York Times Book Review “In this highly entertaining but deeply disturbing book, Erich Schwartzel demonstrates the extent of our cultural thrall to China. His depiction of the craven characters, American and Chinese, who have enabled this situation represents a significant feat of investigative journalism. His narrative is about not merely the movie business, but the new world order.” —Andrew Solomon, author of *Far from the Tree* and *The Noonday Demon* An eye-opening and deeply reported narrative that details the surprising role of the movie business in the high-stakes contest between the U.S. and China From trade to technology to military might, competition between the United States and China dominates the foreign policy landscape. But this battle for global influence is also playing out in a strange and unexpected arena: the movies. The film industry, Wall Street Journal reporter Erich Schwartzel explains, is the latest battleground in the tense and complex rivalry between these two world powers. In recent decades, as China has grown into a giant of the international economy, it has become a crucial source of revenue for the American film industry. Hollywood studios are now bending over backward to make movies that will appeal to China’s citizens—and gain approval from severe Communist Party censors. At the same time, and with America’s unwitting help, China has built its own film industry into an essential arm of its plan to export its national agenda to the rest of the world. The competition between these two movie businesses is a Cold War for this century, a clash that determines whether democratic or authoritarian values will be broadcast most powerfully around the world. Red Carpet is packed with memorable characters who have—knowingly or otherwise—played key roles in this tangled industry web: not only A-list stars like Matt Damon, Angelina Jolie, and Richard Gere but also eccentric Chinese billionaires, zany expatriate filmmakers, and starlets who disappear from public life without explanation or trace. Schwartzel combines original reporting, political history, and show-biz intrigue in an exhilarating tour of global entertainment, from propaganda film sets in Beijing to the boardrooms of Hollywood studios to the living rooms in Kenya where families decide whether to watch an American or Chinese movie. Alarming, occasionally absurd, and wildly entertaining, Red Carpet will not only alter the way we watch movies but also offer essential new perspective on the power struggle of this century.

**Flowers Under My Pillow** Nell Iris,2021-06-26 Smiling brown eyes. A dark beard. Dandelions. Sunny, happy dandelions. For thirty years, Frode’s had the same dream. Every Midsummer’s Eve since he was a kid accompanying his sister to pick flowers to put under his pillow, he’s dreamed of the same man. A dream he never shares with anyone that makes him wish for impossible things ... like true love. Then one Midsummer’s

Eve, the man of Frode's dreams stands before him in the flesh. Both men recognize each other despite never having met in real life. Both men are instantly drawn to each other and want to know more. Who is he? Is he even real? Their questions are many but do the whys and the hows matter? Or should they allow the Midsummer magic that brought them together to lead the way into each other's arms? Into each other's hearts? Traditional Swedish folklore tells you that if you pick seven kinds of flowers in silence and put them under your pillow on Midsummer's Eve, you'll dream of the man you'll marry.

**Confessions of a Bookseller** Shaun Bythell,2020-04-07 A funny memoir of a year in the life of a Scottish used bookseller as he stays afloat while managing staff, customers, and life in the village of Wigtown. Inside a Georgian townhouse on the Wigtown highroad, jammed with more than 100,000 books and a portly cat named Captain, Shaun Bythell manages the daily ups and downs of running Scotland’s largest used bookshop with a sharp eye and even sharper wit. His account of one year behind the counter is something no book lover should miss. Shaun drives to distant houses to buy private libraries, meditates on the nature of independent bookstores (“There really does seem to be a serendipity about bookshops, not just with finding books you never knew existed, or that you’ve been searching for, but with people too.”), and, of course, finds books for himself because he’s a reader, too. The next best thing to visiting your favorite bookstore (shop cat not included), Confessions of a Bookseller is a warm and welcome memoir of a life in books. It’s for any reader looking for the kind of friend you meet in a bookstore. Praise for Shaun Bythell and Confessions of a Bookseller “Something of Bythell’s curmudgeonly charm may be glimpsed in the slogan he scribbles on his shop’s blackboard: “Avoid social

interaction: always carry a book.” —The Washington Post “Bythell’s wicked pen and keen eye for the absurd recall what comic Ricky Gervais might say if he ran a bookshop.” —The Wall Street Journal “Irascibly droll and sometimes elegiac, this is an engaging account of bookstore life from the vanishing front lines of the brick-and-mortar retail industry. Bighearted, sobering, and humane.” —Kirkus Reviews “Amusing and often cantankerous stories [that] bibliophiles will delight in, and occasionally wince at.” —Publishers Weekly
