Michael Benfante, Dave Hollander

Ordinary Heroes Joseph Pfeifer, 2021-09-07 New York Times Bestseller From the first FDNY chief to respond to the 9/11 attacks, an intimate memoir and a tribute to those who died that others might live When Chief Joe Pfeifer led his firefighters to investigate an odor of gas in downtown Manhattan on the morning of 9/11, he had no idea that his life was about to change forever. This gripping narrative gives way to resiliency and a determination that permanently reshapes Pfeifer, his fellow firefighters, NYC, and America. Ordinary Heroes takes us on a journey that turns traumatic memories into hope, so we can make good on our promise to never forget 9/11.

Last Man Down Richard Picciotto, Daniel Paisner, 2003-05-06 A first responder's harrowing account of 9/11—the inspirational true story of an American hero who gave nearly everything for others during one of New York City's darkest hours. On September 11, 2001, FDNY Battalion Chief Richard "Pitch" Picciotto answered the call heard around the world. In minutes, he was at Ground Zero of the worst terrorist attack on American soil, as the Twin Towers of the World Trade Center began to burn—and then to buckle. A veteran of the 1993 bombing of the World Trade Center, Picciotto was eerily familiar with the inside of the North Tower. And it was there that he concentrated his rescue efforts. It was in its smoky stairwells where he heard and felt the South Tower collapse. He made the call for firemen and rescue workers to evacuate, while he stayed behind with a skeleton team of men to help evacuate a group of disabled and infirm civilians. And it was in the rubble of the North Tower where Picciotto found himself buried—for more than four hours after the building's collapse.

102 Minutes Jim Dwyer, Kevin Flynn, 2006-01-10 Searing, poignant, and utterly compelling—102 Minutes does for the September 11 catastrophe what Walter Lord did for the Titanic in his masterpiece, *A Night to Remember*.—Rick Atkinson, author of *In the Company of Soldiers* and *An Army at Dawn* At 8:46 am on September 11, 2001, 14,000 people were inside the twin towers. Over the next 102 minutes, each would become part of a drama for the ages. Drawing on hundreds of interviews with rescuers and survivors, thousands of pages of oral histories, and countless phone, e-mail, and emergency radio transcripts, New York Times reporters Jim Dwyer and Kevin Flynn tell the story of September 11 from the inside looking out, weaving together the stories of ordinary men and

women into an epic account of struggle, determination, and grace. Hailed immediately upon its hardcover publication as the definitive account of that terrible morning,*102 Minutes* now contains a new Afterword that incorporates powerful firsthand material, including tapes and documents, that Dwyer and Flynn recently obtained after more than three years of litigation with the city of New York. Eight weeks on the *New York Times* bestseller list and translated into a dozen languages, *102 Minutes* is a gripping narrative that is also investigative reporting of the first rank—in a class by itself, according to *Reader's Digest*. Dwyer and Flynn reveal the decisions, both good and bad, that proved to be the difference between life and death on a day that changed America forever.

First In, Last Out John Salka, 2005-02-22 What does it take to lead people into a burning building? How do the leaders of the New York City Fire Department develop so much loyalty, trust, and grace under pressure that their subordinates will risk their very lives for them? As a high-ranking officer of the FDNY, John Salka is an expert at both practicing and teaching high-stakes leadership. In *First In, Last Out*, he explains the department's unique strategies and how they can be adopted by leaders in any field—as he has taught them to organizations around the country. In a tough-talking, no-nonsense style, Salka uses real-world stories to convey leadership imperatives such as: first in, last out—your people need to see you taking the biggest risk, as the first one to enter the danger zone and the last to leave manage change—the fire you fought yesterday is not the one you'll be fighting tomorrow communicate aggressively—a working radio is worth more than 20,000 gallons of water create an execution culture—focus your people on the flames, not the smoke commit to reality—never allow the way you would like things to be to color how things are develop your people—let them feel a little heat today or they'll get burned tomorrow Illustrated by harrowing real-life situations, the principles in *First In, Last Out* will help managers become more confident, coherent, and commanding. Report from Ground Zero Dennis Smith, 2003-02-25 The tragic events of September 11, 2001, forever altered the American landscape, both figuratively and literally. Immediately after the jets struck the twin towers of the World Trade Center, Dennis Smith, a former firefighter, reported to Manhattan's Ladder Co. 16 to volunteer in the rescue efforts. In the weeks that followed, Smith was present on the front lines, attending to the wounded, sifting through the wreckage, and mourning with New York's devastated fire and police departments. This is Smith's vivid account of the rescue efforts by the fire and police departments and emergency medical teams as they rushed to face a disaster that would claim thousands of lives. Smith takes readers inside the minds and lives of the rescuers at Ground Zero as he shares stories about these heroic individuals and the effect their loss had on their families and their companies. "It is," says Smith, "the real and living history of the worst day in America since Pearl Harbor." Written with drama and urgency, *Report from Ground Zero* honors the men and women who—in America's darkest hours—redefined our understanding of courage.

Angel in the Rubble Genelle Guzman-McMillan, 2011-08-02 The story of the last survivor pulled from the 9/11 Ground Zero debris after 27 hours and her journey from desperation to a miraculous salvation.

America Is Under Attack Don Brown, 2011-08-16 One of School Library Journal's Best Nonfiction Books of 2011 One of Horn Book's Best Nonfiction Books of 2011 On the ten year anniversary of the September 11 tragedy, a straightforward and sensitive book for a generation of readers too young to remember that terrible day. The events of September 11, 2001 changed the world forever. In the fourth installment of the *Actual Times* series, Don Brown narrates the events of the day in a way that is both accessible and understandable for young readers. Straightforward and honest, this account moves chronologically through the morning, from the terrorist plane hijackings to the crashes at the World Trade Center, the Pentagon, and Pennsylvania; from the rescue operations at the WTC site in New York City to the collapse of the buildings. Vivid watercolor illustrations capture the emotion and pathos of the tragedy making this an important book about an unforgettable day in American history.

The Eleventh Day Anthony Summers, Robbyn Swan, 2012-08-14 FINALIST FOR THE PULITZER PRIZE For most living Americans, September 11, 2001, is the darkest date in the nation's history. But what

exactly happened on 9/11? Could it have been prevented? And what remains unresolved? Here is the first panoramic, authoritative account of that tragic day—from the first brutal actions of the hijackers to our government’s flawed response; from the untruths told afterward by U.S. officials to the “elephant in the room” of the 9/11 Commission’s report—the clues that point to foreign involvement. New York Times bestselling authors Anthony Summers and Robbyn Swan write with access to thousands of recently released official documents, raw transcripts, fresh interviews, and the perspective that can come only from a decade of research and evaluation. Riveting, revelatory, and thoroughly sourced, *The Eleventh Day* is updated for this edition—with new reporting on a development that the former cochairman of Congress’s 9/11 probe calls the most important in years. This is the essential one-volume work, required reading for us all. “Essential.”—*The Wall Street Journal* “Meticulous, comprehensive . . . an extraordinary synthesis.”—John Farmer, 9/11 Commission senior counsel “This wide-angle look . . . examines the personalities behind the terror plot, U.S. intelligence blunders, the toxic environmental impact on first responders, the march to war, [and] gray areas in the 9/11 Commission Report.”—*The Washington Post* “The best available general account of 9/11—soberly written, judiciously weighed, meticulously sourced.”—*The Sunday Times*

The Case for Marriage Linda Waite, Maggie Gallagher, 2002-03-05 A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. *The Case for Marriage* is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book’s findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced— physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. *The Case for Marriage* combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. “A compelling defense of a sacred union. *The Case for Marriage* is well written and well argued, empirically rigorous and learned, practical and commonsensical.” -- William J. Bennett, author of *The Book of Virtues* “Makes the absolutely critical point that marriage has been misrepresented and misunderstood.” -- *The Wall Street Journal* www.broadwaybooks.com

From the Inside Out Erik O. Ronningen, 2024-03-05 Fifteen survivors of the September 11 attack on the World Trade Center share their dramatic stories of that fateful day. On September 11, 2001, tens of thousands in New York City awakened to a beautiful Tuesday morning. Just like any other day, they completed their morning routines and headed to work. For Erik Ronningen, that was his job with the Port Authority of New York and New Jersey at the World Trade Center. Ronningen had a big, career-changing meeting scheduled for 9 A.M. At 8:46 A.M., Erik was on the seventy-first floor of the North Tower when American Airlines Flight 11 struck the building. As acrid smoke filled the building, he made his way downstairs, hoping to get to the Security Command Center in the basement of the South Tower. However, he was unable to reach it and was the last person to exit the South Tower alive . . . In *From the Inside Out*, Ronningen shares the story of his harrowing escape, along with stories from fourteen other survivors. These gripping accounts chronicle individuals displaying courage and heroism when their ordinary day quickly became a fiery scramble for survival.

In the Shadow of the Fallen Towers Don Brown, 2021-08-10 This graphic novel chronicles the immediate aftermath of the terrorist attack on the World Trade Center in New York City through moving individual stories that bear witness to history and the ways it shapes the future.

Hotel 9/11 Joyce Ng,2016-08-25 On September 11, 2001, about 3,000 people were killed in the terrorist attacks on the United States. In New York City, seven buildings in the World Trade Center were destroyed, including Three World Trade Center, the hotel that connected the North and South Towers. Joyce Ng's *Hotel 9/11: An Oral History from Survivors of 3 World Trade Center* is the only book that chronicles the stories of the people who escaped from the Marriott World Trade Center hotel. Nearly 1,000 guests were registered to stay the hotel on September 11. Many stories that took place in the hotel are still unknown, but they provide significant insight into the history of 9/11. Within these pages, you will find vivid eyewitness accounts from the people who miraculously escaped from the hotel. The book contains oral histories from firefighters, economists, lawyers, hotel guests, hotel employees and business travelers. One of the stories of survival includes that of the author, Joyce Ng, who was traveling on a business trip to the World Trade Center. These are individuals whose lives will be forever changed by the horror and chaos they witnessed.

Fall and Rise Mitchell Zuckoff,2019-04-30 “Better and more comprehensive than any prior account. . . . Those of us who lived through those days will find the book cathartic; those rising generations who were too young to remember 9/11, or who weren’t yet born, will find it revelatory.” — John Farmer, senior counsel to the 9/11 Commission and author of *The Ground Truth* “With his rigorous research and moral clarity, Mitchell Zuckoff has provided us with an invaluable service. He has deepened our understanding of what happened on 9/11 and recorded the voices of the victims and the survivors. What’s more, he has ensured that we never forget.” —David Grann, #1 New York Times bestselling author of *Killers of the Flower Moon* Years in the making, this spellbinding, heartbreaking, and ultimately uplifting narrative is an unforgettable portrait of 9/11. This is a 9/11 book like no other. Masterfully weaving together multiple strands of the events in New York, at the Pentagon, and in Shanksville, Pennsylvania, *Fall and Rise* is a mesmerizing, minute-by-minute account of that terrible day. In the days and months after 9/11, Mitchell Zuckoff, then a reporter for the *Boston Globe*, wrote about the attacks, the victims, and their families. After further years of meticulous reporting, Zuckoff has filled *Fall and Rise* with voices of the lost and the saved. The result is an utterly gripping book, filled with intimate stories of people most affected by the events of that sunny Tuesday in September: an out-of-work actor stuck in an elevator in the North Tower of the World Trade Center; the heroes aboard Flight 93 deciding to take action; a veteran trapped in the inferno in the Pentagon; the fire chief among the first on the scene in sleepy Shanksville; a team of firefighters racing to save an injured woman and themselves; and the men, women, and children flying across country to see loved ones or for work who suddenly faced terrorists bent on murder. *Fall and Rise* will open new avenues of understanding for everyone who thinks they know the story of 9/11, bringing to life—and in some cases, bringing back to life—the extraordinary ordinary people who experienced the worst day in modern American history. Destined to be a classic, *Fall and Rise* will move, shock, inspire, and fill hearts with love and admiration for the human spirit as it triumphs in the face of horrifying events.

Reluctant Hero Michael Benfante,Dave Hollander,2011-08-11 After nearly 10 years of conflicted silence, a celebrated 9/11 survivor--who helped a woman in a wheelchair escape the North Tower minutes before it collapsed--describes what it was like for him living with memories of 9/11 for the past decade.

We're Not Leaving Benjamin J. Luft,2011 *We're Not Leaving* is a compilation of powerful first-person narratives told from the vantage point of World Trade Center disaster workers-police officers, firefighters, construction workers, and other volunteers at the site. While the effects of 9/11 on these everyday heroes and heroines are indelible, and in some cases have been devastating, at the heart of their deeply personal stories-their harrowing escapes from the falling Towers, the egregious environment they worked in for months, the alarming health effects they continue to deal with-is their witness to their personal strength and renewal in the ten years since. These stories, shared by ordinary people who responded to disaster and devastation in extraordinary ways, remind us of America's strength and inspire us to recognize and ultimately believe in our shared values of courage, duty, patriotism, self-sacrifice, and devotion, which guide us in dark times.

The Only Plane in the Sky Garrett M. Graff, 2019-09-10 NEW YORK TIMES BESTSELLER "This is history at its most immediate and moving...A marvelous and memorable book." —Jon Meacham "Remarkable...A priceless civic gift...On page after page, a reader will encounter words that startle, or make him angry, or heartbroken." —The Wall Street Journal "Visceral...I repeatedly cried...This book captures the emotions and unspooling horror of the day." —NPR "Had me turning each page with my heart in my throat...There's been a lot written about 9/11, but nothing like this. I urge you to read it." —Katie Couric The first comprehensive oral history of September 11, 2001—a panoramic narrative woven from the voices of Americans on the front lines of an unprecedented national trauma. Over the past eighteen years, monumental literature has been published about 9/11, from Lawrence Wright's *The Looming Tower*, which traced the rise of al-Qaeda, to The 9/11 Commission Report, the government's definitive factual retrospective of the attacks. But one perspective has been missing up to this point—a 360-degree account of the day told through the voices of the people who experienced it. Now, in *The Only Plane in the Sky*, award-winning journalist and bestselling historian Garrett Graff tells the story of the day as it was lived—in the words of those who lived it. Drawing on never-before-published transcripts, recently declassified documents, original interviews, and oral histories from nearly five hundred government officials, first responders, witnesses, survivors, friends, and family members, Graff paints the most vivid and human portrait of the September 11 attacks yet. Beginning in the predawn hours of airports in the Northeast, we meet the ticket agents who unknowingly usher terrorists onto their flights, and the flight attendants inside the hijacked planes. In New York City, first responders confront a scene of unimaginable horror at the Twin Towers. From a secret bunker underneath the White House, officials watch for incoming planes on radar. Aboard the small number of unarmed fighter jets in the air, pilots make a pact to fly into a hijacked airliner if necessary to bring it down. In the skies above Pennsylvania, civilians aboard United Flight 93 make the ultimate sacrifice in their place. Then, as the day moves forward and flights are grounded nationwide, Air Force One circles the country alone, its passengers isolated and afraid. More than simply a collection of eyewitness testimonies, *The Only Plane in the Sky* is the historic narrative of how ordinary people grappled with extraordinary events in real time: the father and son working in the North Tower, caught on different ends of the impact zone; the firefighter searching for his wife who works at the World Trade Center; the operator of in-flight telephone calls who promises to share a passenger's last words with his family; the beloved FDNY chaplain who bravely performs last rites for the dying, losing his own life when the Towers collapse; and the generals at the Pentagon who break down and weep when they are barred from rushing into the burning building to try to rescue their colleagues. At once a powerful tribute to the courage of everyday Americans and an essential addition to the literature of

9/11, *The Only Plane in the Sky* weaves together the unforgettable personal experiences of the men and women who found themselves caught at the center of an unprecedented human drama. The result is a unique, profound, and searing exploration of humanity on a day that changed the course of history, and all of our lives.

The Lives They Saved L. Douglas Keeney, 2021-08-15 *The Lives They Saved* is the story in artifacts and oral histories of the 300,000 New Yorkers who were evacuated from Manhattan on 9/11...by boat. It is a story that has not yet been written about or told. It includes hundreds of oral histories and many photographs of this high drama, set against the terrifying backdrop of the day when the Earth stood still, every airport in the U.S. was closed down, and Manhattan was seized by gridlock. For perspective, the boatlift that saved Britain's expeditionary force from the beaches of Dunkirk removed approximately the same number of people: 300,000.
