**The Philadelphia Experiment Revelations!** Timothy Green Beckley, Commander X, 2016-01-15 IN 1942, AN EXPERIMENT TO MAKE A NAVY SHIP MAGNETICALLY INVISIBLE, TURNED INTO A SOUL-SHATTERING NIGHTMARE THAT BREACHED THE VERY WALLS OF TIME AND SPACE! In This New, Updated Edition, Based on The Philadelphia Experiment Chronicles, The Story of a Highly Classified - ABOVE TOP SECRET - Project Conducted By The U.S. Navy, Can Now Be Told! According to survivor accounts, the Philadelphia Experiment involved the teleportation of the U.S.S. Eldridge a mega-ton Destroyer Escort from its dry dock in the Philadelphia Naval Yard to Norfolk, Virginia - a distance of around 400 miles. During at least part of the time, the Eldridge was missing from the City of Brotherly Love, the destroyer was said to have been transported into another dimension. Upon its return, most of the vessel's hand-picked test crew - all of whom had been left totally unprepared and unprotected - either caught on fire, became literally frozen into the hull of the ship, went stark, raving mad, or vanished, never to be seen again. Much has been written on the subject, but this is the only account as told by the retired intelligence operative Commander X who reveals the story of Dr. M.K. Jessup who discovered the incredible truth about the Philadelphia Experiment. Commander X also reveals the story of Alfred Bielek, who claimed to be one of only two survivors of the unholy experiments that breached the very fabric of time and space. The late Alfred Bielek revealed the further destruction of innocent lives with the Phoenix Project that developed methods of teleportation, as well as mind manipulation and altering the very flow of time itself!

**The Ghost of the Philadelphia Experiment Returns** Gray Barker, Andrew Colvin, Jeffery Pritchett, William Moore, Charles Berlitz, Carlos Allende, James Moseley, Anna Genzlinger, 2014-08-08 The Ghost of the Philadelphia Experiment Returns was the last book published by legendary ufologist Gray Barker. At the time (1984), it was considered too conspiratorial, and met with opposition in mainstream ufological circles. After compiling the book from articles in his own newsletter, Barker suddenly died, and the controversial bound edition was pulled from distribution. Luckily, New Saucerian was able to locate the prototype, and has made this wonderful work available - at last - for the general public to enjoy. In these pages, Barker deftly explores the lore of the Philadelphia Experiment, offering revelations on a variety of notorious characters, such as Carlos Allende, James Wolfe, Leon A. Seoul, Dr. Franklin Reno, Michael Ann Dunn, the Oppenheimer brothers, and William L. Moore, whose books on the Roswell UFO crash, the Bermuda Triangle, and the Philadelphia Experiment made him the highest grossing UFO author of all time. Barker also shares interesting material from researchers Morris K. Jessup, James Moseley, Dennis Pilichis, Charles Berlitz, and Anna Genzlinger, the Miami housewife who was led by Jessup's ghost to investigate his death, and who uncovered several fascinating tidbits not only about his possible murder, but also about the CIA's role in covert mind control experimentation. This special 2014 edition of Ghost of the Philadelphia Experiment Returns features several photos, an introduction by paranormal radio host Jeffery Pritchett, and an epilogue by the editor, Andy Colvin, whose father was stationed at the naval yard where the Philadelphia Experiment took place. Describes fundamentally incomprehensible situations in an entertaining, comprehensible context... -Eugenia Macer-Story Required reading for contemporary students of the UFO enigma... -James W. Moseley A legend that cannot be stopped... -Jacques Vallee

*The Experiment at Philadelphia* Kurt B. Bakley, 2016-08-29 The Experiment at Philadelphia Did Einstein discover God? If God created all things, then who Created God? What Was and Happened Before the Big-Bang. The Philadelphia Experiment was Einsteins experiment in which he had not only discovered, in 1943, the way to make things invisible and transport them at great speeds but also positively proven scientifically, physically, and spiritually that the Almighty God exists! He had literally discovered God! That question, is there a god? Thats been going through peoples minds for so long, was discussed on the street corner, talked about on the porch on a hot summers night, and is now a proven fact. Yes, there is a god! Did Einstein in the Philadelphia Experiment make contact with UFO beings, who gave him advance knowledge of all things, which Einstein later destroyed, fearing what the world would do with that knowledge? Are the first fourteen chapters of this book about the advance knowledge Einstein received? Does it reveal the deepest, darkest secrets of God and Satan and how the universe works? Does it answer these questions? Many have asked since the beginning of the world: Which is known as the mystery of God? Why am I here? Whats the true meaning of life? How was everything created? Who are God and the devil? If God created all, who created God? If he is the first in creation, where and how did he come into existence? Why does God allow evil in the world? Why do good things happen to bad people and bad things to good people? Whyif we all came from Adam and Eve, who were Jewishare there Gentiles? Are Gentiles children of devils? Is that why the Jews are Gods chosen race? Why in the Garden of Eden was the knowledge of good on the tree forbidden? How old is the earth? Why is God known as the Trinity? Why have religions, down through the ages, done such evil? What, when, and how did the big bang start? What happened to Satan? Who is he really, and what did he do in the past? What are his beliefs and ways? What is he and God literally made of? What is the meaning of the great pyramids and the sphinx? Is there scientific proof that God exists? Read this whole book for the answers to all these tough questions, and be sure to read the introduction first before reading the rest of this book. It will help you better understand this whole book.

[The Time Traveler and the Philadelphia Experiment](#) Joe Corso, 2016-01-05 While Lucky is living in the 12th century with his wife Princess Krystina he senses trouble in the present, but he is unaware that his enemies plan to kill King Robert and the royal family while he is away. Will Lucky's problems in the present prevent him from helping his friends in the past? The U.S. Navy has reactivated the Philadelphia Experiment and is using the new un-commissioned Navy ship the Eldridge as the basis for its invisibility experiments. The experiments prove successful but sailors are still disappearing just as they had in 1943. Lucky thinks he may know where some of the missing sailors have disappeared. But in order to reach them he encounters a malevolent energy that exists in a dark foreboding portal. Why is Lucky a threat to General Peter Slater, a 4 star general in charge of the military? Secretary of State Oliver Stanton, Mickey and Lucky evade capture by entering a portal and escaping to the past. **Unlearning Liberty** Greg Lukianoff, 2014-03-11 For over a generation, shocking cases of censorship at America's colleges and universities have taught students the wrong lessons about living

in a free society. Drawing on a decade of experience battling for freedom of speech on campus, First Amendment lawyer Greg Lukianoff reveals how higher education fails to teach students to become critical thinkers: by stifling open debate, our campuses are supercharging ideological divisions, promoting groupthink, and encouraging an unscholarly certainty about complex issues. Lukianoff walks readers through the life of a modern-day college student, from orientation to the end of freshman year. Through this lens, he describes startling violations of free speech rights: a student in Indiana punished for publicly reading a book, a student in Georgia expelled for a pro-environment collage he posted on Facebook, students at Yale banned from putting an F. Scott Fitzgerald quote on a T shirt, and students across the country corralled into tiny “free speech zones” when they wanted to express their views. But Lukianoff goes further, demonstrating how this culture of censorship is bleeding into the larger society. As he explores public controversies involving Juan Williams, Rush Limbaugh, Bill Maher, Richard Dawkins, Larry Summers—even Dave Barry and Jon Stewart—Lukianoff paints a stark picture of our ability as a nation to discuss important issues rationally. *Unlearning Liberty: Campus Censorship and the End of American Debate* illuminates how intolerance for dissent and debate on today’s campus threatens the freedom of every citizen and makes us all just a little bit dumber.

**Theism: the Philadelphia Theory** Kurt Bakley, 2020-08-17 Did creation happen in the beginning by a homosexual union? Does the sun and the whole Universe run on the principle of homosexuality? Does the Bible tell of God and angels in heaven having dresses and bras because they are transsexuals and a hermaphrodite? Are the 144,000 witnesses of God in Revelation chapters 7 and 14 homosexuals? Is part of God literally a dunghill? Does part of God speak profanity? After the end of this world will we all go to live on a new earth with the New Jerusalem filled with homosexuals and lawless, and outside its gates are the religious? Did God make a new covenant in these last days that allows homosexuals and all people into His kingdom forever? Will the Lord God at that time be there as a Hermaphrodite (she/male) as the joining of the two (good and evil) so all may live forever in peace and joy, which the Bible predicted as the wedding of Christ and His bride? Were all the wisdom and teaching and prophecies of the end time antichrist and evil reversed? That in the end times the real evil is religion and that at the end the New Jerusalem is free and lawless? Was the main part of satan all along that of a religious spirit and was always testing and not tempting? Were words given to explain God have the meaning that He is a God for all races, cultures, ways of life and religions and even the non-religious? Are Gentiles children of devils? Are we all Jewish? For all the details read the whole book: *Theism The Philadelphia Theory: One word that answers all things for all to know.* This book was finished by April 13, 2018 A.D.

**The Philadelphia Experiment: Project Invisibility** William Moore, Charles Berlitz, 1995-03-01 One day in 1943, at the Philadelphia Navy Yard, something happened . . . Suddenly the U.S.S. *Eldridge*, a fully manned destroyer escort, vanished into a green fog, within seconds appeared in Norfolk, Virginia, and then reappeared in Philadelphia! For over thirty-six years officials have denied this, have denied any experimentation to render matter invisible -- have denied the reality of THE PHILADELPHIA EXPERIMENT. If so, why -- \* were all the men aboard ship who survived discharged as mentally unfit? \* did a scientific researcher on the project meet a mysterious death? \* were identities hidden, documents lost, and amazing connections between UFO sightings and events in the Bermuda Triangle denied? THE PHILADELPHIA EXPERIMENT -- the first full-length documented report on a chilling unsolved mystery that's been discussed for years. Now, official documents and first-hand stories have been revealed. Here is the truth in a report so shattering it is difficult to believe it's NOT fiction.

*The Case for the UFO: Unidentified Flying Objects* M. Jessup, 2014-05-07 This is the first ever reprint of the book that brought the entire legend of the Philadelphia Experiment into the public sphere, and created controversy for decades: *The Case For the UFO!* Why has this book been suppressed for so many years? It is a well-reasoned review of the UFO record by an eminent astronomer, mathematician, and archaeologist: Dr. M.K. Jessup. His conclusions are breathtaking and incredible, but inescapable. Description from the original dust jacket: Flying saucers are not new! For thousands of years, men have seen mysterious objects in the skies. Now, a prominent scientist proves that unidentified flying objects originate here, on Earth. If you have ever wondered about the things today's scientists do not, will not, or cannot explain, this book is for you. Such questions might be: What is the hidden meaning of the comet's tail? What caused the Devil's Footprints of Devonshire? Why are we wrong to think of space flight only in terms of rocket power? How was a soldier teleported from the Phillipine Islands to Mexico City within one hour? What force lifted 1200-ton stones in ancient Peru? How is acceleration achieved by UFOs? What caused the disappearance of the crews of the SS *Sea Bird* and the *Marie Celeste*? Was the secret of space flight known 50,000 years ago? What is the strange truth hidden in the ancient ruins of Baalbek? And finally, and most importantly: Are the UFOs friend, or foe? This is the original edition of *The Case For the UFO*, which does NOT include the scrawled annotations of the infamous Carlos Allende (who may or may not have tormented Jessup into committing suicide). You will find this version much easier to read than the Varo Edition, and probably much more meaningful.

**Astrology: Its Worldview & Implications** Joseph Howard Tyson, 2021-05-09 J. H. Tyson writes that astrology is neither a science nor pseudoscience. It falls into the category of crafts which somehow work, though science can't fathom why. In that respect it resembles acupuncture and Feng Shui (the Chinese art of proper arrangement.) Astrology holds that cosmic forces influence us, just as the moon affects the ebb and flow of tides. Since 6,000 B.C. learned astrologers have collaborated on a body of data which links planetary positions at birth with certain human traits. A birth chart summarizes the native's personality characteristics and provides an indication as to how that person might fare in various departments of life. Astrologers help clarify clients' aptitudes with the intention of facilitating their development. Natal charts may be conceived of as blueprints which encourage people to cultivate their strengths, overcome faults, and circumvent avoidable problems. Tyson's book outlines the history and principles of astrology, then provides examples of its value by juxtaposing biographical sketches of Napoleon, Theodore Roosevelt, Empress

Alexandra of Russia, John F. Kennedy, Martin Luther King Jr., and others with their natal charts. Tyson argues for Earth's inclusion into astrological theory. This globe under our very feet exerts great influence. He demonstrates how the slower-moving planets (Jupiter-through-Pluto) provide more accurate generational profiles than the "boomer," gen-x-er, millennial classifications bandied about by pundits. In his chapter on Esoteric Astrology Tyson explains the Sixteen Astrological Ages of Humankind. Check out J. H. Tyson's latest book for new insights into the prehistoric art of astrology.
